There will be a meeting of the Sayre fire board Tuesday evening, Aug. 7, at 8 p. m. All members requested to be present. Ray Lambert, secretary.

NEW SEWER ORDINANCE PASSED LAST NIGHT

Council Holds Busy Session and Transacts Much Important Business

The regular monthly meeting of the borough council was held last evening and much business of importance was transacted.

The matter of a light at the Bradford street crossing was brought up and the clerk instructed to write to the railroad company relative to placing a light there. The crossing is a dangerous place owing to the amount of shifting done there, and several accidents have been narrowly averted.

Councilman Hassler spoke of the accident that had occurred on the street car line lately and suggested that the traction company be required to put fenders on their cars. A committee consisting of Councilmen Hassler, Dobel and Evans was appointed to confer with the company in regard to this matter.

James Dyer of Athens spoke to the council relative to moving the old parish building to the back end of the borough lot and using it for a cabinet shop. The board gave him permission to do so, and instructed the committee, appointed for the purpose, to draw up a contract for five years with the right of cancellation by either party on six months' notice.

Chairman Dobel of the street committee reported that 6,733 lineal feet of side walks had been laid so far this year.

Petitions asking for the acceptance of Woodruff street, sidewalks on Olive street from Lincoln to Chemung street and on the west side of Wilbur avenue from the borough line to Lincoln street, were referred to the street committee.

A crosswalk was ordered on Spring street from the line of the lot of George Weising.

A communication was received from the fire department, calling attention to the fact that the Wilbur hook and ladder company had sold its team. The matter was referred to the fire committee with power to act.

A request was also received asking the fire committee to meet the firemen with a view to testing and purchasing a new cutoff nozzle.

The attention of the council was also called to the fact that the valley firemen's convention was to be held at Sayre on September 20 and that the department was in need of funds to properly entertain the out of town companies. On motion of Councilman Samuels the sum of \$100 was appropriated for that purpose.

The committee appointed for the purpose of investigating the request of C. C. Wood for compensation for caring for the town clock reported in favor of paying \$50 for past service and \$30 per year beginning with March 1, 1906. The council acted favorably on the recommendation.

The matter of a light and hydrant at the corner of Harris and North streets, Milltown, was referred to a committee.

A request from the police force for a raise of salary was read. The patrolmen ask for a raise of \$15 per month, making their salary \$60, and the chief asked for \$75 a month instead of \$60, which he now receives. The request was referred to the police committee. On motion of Councilman Dobel the street commissioner was included.

The town hall committee had no further report than to show the water color drawings that had been received, and to state that the completed plans would be here in a few days.

The report of the sewer committee showed that five of the six test wells had been completed and that no quicksand had been encountered. Nothing worse than loose gravel has been struck. The deeper wells contained a very little water but not enough to be a serious impediment. This excel-

lent showing will probably save the borough several thousand dollars on the cost of the trunk line.

Proposed ordinance No. 96 was then introduced to take the place of ordinance No. 94, which contained an apparent ambiguity, leaving it uncertain whether the sewer was to be a single line for sanitary and surface water drainage, or a double line system: one as a sanitary and the other for surface water drainage. The new ordinance does away with all uncertainty in this respect and was adopted after a long discussion on the part of Councilman Hassler and others, whether the word "pipes" meant more than one line of pipe or referred to the different sizes of pipe in one line. At last the final "s" was cut off and everybody was satisfied.

Proposed ordinance No. 97 was then adopted. This ordinance provides for the issuing of 25 bonds of \$1,000 each, to bear interest at 4 per cent. and to be numbered from 1 to 25. No. 1 is to be paid October 1, 1911, and one bond each succeeding year. This will pay off the last bond 29 years from the date of issue. The bonds are to be paid by general taxation and a rate of one mill on the dollar is thereby levied for that purpose.

The first ordinance provided for \$100 bonds and made them payable at any time after 5 years or within 30 years, at the option of the borough.

The police pay roll for the month was \$209.60 and the street payroll was \$207.60.

Chief Walsh was paid \$5.00 for disposing of three dogs that had no tags, and apparently no owners.

Street Commissioner Field was granted a vacation from August 12 to September 1.

A large number of sidewalk rebates were granted. All the property owners desired a 25 per cent. cash rebate.

Justice Nelson appeared and stated that there was no way at present to deal with drunks and vagrants unless they were sent to Towanda at the expense of the borough. He suggested that several balls and chains be bought and that they be put to work on the streets. The councilmen did not like the street working idea but thought that it would be well to revive the old wood pile method, which proved very effective when Dory Puff was chief of police. The police committee was instructed to purchase the necessary balls and chains, and the police directed to arrest all vagrants and to see that they saw wood.

On request of Councilman Dobel the council went into executive session for a short time.

LAST NIGHT AT THE PARK

The third and last week of the Bennett-Moulton Company's engagement at the park opened last evening with a fire production of Mr. Adam's latest play of life on the frontier, "A Cowboy's Romance," and before a large audience scored an unqualified hit. The scene of the play being laid in southern Utah, it was to be expected that Mormonism would be the theme, and it is well handled. The parts were all in capable hands. Miss Parks, Mr. Tidmarsh, Miss Lyons and Mr. Aldrich did good work throughout the evening, and Thomas Ma kell got many laughs as "the judge." The specialties were new and pleasing. The same play will be repeated tonight and tomorrow night the first production of "Jekyll & Hyde" will take place.

STRUCK BY LIGHTNING

Isaac Vosburg, a farmer residing near Herrick, Pa., was struck by lightning yesterday and killed. He lived on a place known as the Foyle farm, and went to the barn during a thunder shower, and while out there lightning struck the barn and shocked Vosburg so seriously as to cause death instantly.

\$1.25 to Sylvan Beach and Return

PERSONAL MENTION

Carlisle Haines went to Towanda today.

D. J. Pearsall of Mauch Chunk is in town.

Mrs. J. F. Mercereau is in Towanda today.

Jess Madigan went to Ithaca this morning.

Cadwallader Biddle of Philadelphia was in Sayre yesterday.

J. P. Bolton has returned to Sayre after a week at Meshoppen.

Mrs. M. J. McDonough returned home today after a visit at Elmira.

Contractor F. H. Johnson began the work of fixing over the Lutheran church today.

Miss Nellie Uter has resumed work in the department store after two weeks vacation.

Miss Georgianna Drake of Syracuse University, is visiting at the home of her uncle, Fred Drake.

Miss Katherine Kimmett of New York city is the guest of her sister, Mrs. C. L. Stevens, South Keystone avenue.

Mrs. Walter C. Walker of Plainfield, N. J., is visiting W. C. Walker, Olive street, and other relatives in Sayre for a few days.

Rev. Ira W. Bingham, former pastor of the Sayre Baptist church, now of Norwich, N. Y., was a caller at The Record office this morning. He went to Troy today to be present at his brother's wedding tomorrow.

M. H. Sawtelle went to North Hector yesterday, and he states that he caught a lake trout weighing 13 1/2 pounds. His friends tried to induce him to reduce the size of the fish but he maintains that 13 1/2 is the correct weight.

TOOK INVOLUNTARY BATH

Yesterday afternoon Misses Nettie Raymond and Lulu Kennel and two boys, Jay Lewis and Clyde Seigel, were out rowing on the Susquehanna. They were coming down through the rifts, where the current is very swift, and struck an eel rack. The boat was overturned, and the occupants of the boat were thrown into the water. The river is not deep at this point, but the water runs very swiftly, and it was with some difficulty that the members of the shipwrecked crew succeeded in getting on their feet. They stood in the water up to their waists until they were rescued. The water was warm and they were none the worse for their dip in the river.

EXPOSURE BRINGS ON RHEUMATISM

Painful in its mildest form, quickly becoming an agony or torture if neglected. When you feel the first pain in the muscles, the first slight stiffness in the joints take Bloodine. It acts immediately on the Blood and Nerves, and will positively cure Rheumatism, however severe. Sold by C. M. Driggs, Sayre.

Just Think Of It

We have the reputation of sending the **LARGEST PLUMBING BILLS** of any firm in the valley. Awful, isn't it?

A number of our all-well-pleased customers have explained it this way: "We gave you a small job that required immediate attention and you attended to that so promptly, and did your work so well that we decided to have a lot of other work attended to at the same time."

We please others, and we know that we can please you if you'll give us a chance.

Try us on anything in Plumbing, Heating, Gas-Fitting and Tinwork.
