TELLER A SUICIDE.

Official of Collapsed Chicago Bank Kills Himself.

COULD NOT STAND FRIENDS' TAUNTS

Dead Man Lost Money by Failure, President Stensland Bet on Race. The Shortage May Reach \$2,000,000.

CHICAGO, Aug. 11.—Frank Kowalski, for five years paying teller of the Milwaukee Avenue State bank, which failed last Monday, shot and killed himself in his home, 340 North Carpenter street. Criticism by neighbors and friends, who accused him of a share in the downfall of the bank, it is believed, drove Kowalski to suicide.

The scene of the trouble was reached when a woman he had known for years accosted him on the street and accused him of being responsible for the failure of the bank. Speaking of the incident Kowalski complained bitterly of the suspicions of his friends and declared that unless his character was specially cleared he would take his own life.

Kowalski's relatives assert their firm belief that he was innocent of any knowledge as to the mismanagement

PAUL O. STENSLAND.

of the bank by President Stensland. When the bank failed Kowalski had \$700 of his own money on deposit in the institution, and his immediate relatives had in the bank nearly \$50,000. Kowalski, who was thirty years old, had been with the bank for thirteen years, beginning as office boy.

While the search for Paul O. Stensland, the missing president of the failed bank, is extending to all parts of the country Cashier Hering spent many hours with the state attorneys examining the bank's collateral in an effort to determine the shortage in accounts.

After an all day search, forged notes aggregating more than \$500,000 were found and are now in the possession of the state attorney, who will use them in the prosecution of persons responsible for their utterance. From statements made by Hering regarding the shortages found by previous investigations it is asserted that when a final adjustment of the affairs of the bank is made it will be found that President Stensland's alleged defalcations will aggregate nearly \$2,000,000.

In addition to the discovery of a private ledger kept by President Stensland and in which was concealed a record of \$101,000 of savings bank deposits, another sensational book came to light during the examination of Cashier Hering by Assistant State Attorney Olsen at the bank.

This book showed that Stensland, in company with a coterie of friends, was a heavy plunger on the race. It contained memoranda of the campaigns on the turf. One day Stensland and his

HENRY W. HERING.

companion bet \$75,000 to win \$50,000 on a horse called General Bragg. The animal won. There were lots of losses, however, to offset this big winning.

The authorities are chary of repeating implicit confidence in Hering's statement that he did not forge the names on certain notes and by implication insinuating that Stensland did.

The reason is that for the last two or three years Stensland has not been physically perfect. His nerves have given him a lot of trouble, and so poor has been his control of them that his hands have shaken as if he had the palsy. No waverer person could do the high grade forgery that has been going on. Hering will be confronted with the

crooked signatures and questioned point blank about each one. The actual securing of money on bad paper always was put through at noon, when the paying teller was out at lunch. Then Hering would enter his cage, take the money, and leave a debit slip on the book.

The stockholders of the Milwaukee Avenue store number 8,000 persons, many of them workmen, holders of shares of \$10 each. The individual liabilities of these shareholders, it is claimed, is a mooted point, and it may be that the court will hold that the creditors of the company have recourse upon the individual property of them all.

CORTELYOU, PEACEMAKER.

Republican Chairman Trying to Patch Up New York Differences.

NEW YORK, Aug. 11.—The Herald says: "George B. Cortelyou, chairman of the Republican national committee, spent three days this week in this city in secret conferences with leaders of the party with a view to bringing warring factions in the organization in this state into complete harmony if possible before the opening of the state campaign. Among the men who were consulted are Republicans of large influence, some of them not identified actively with either the Odell-Quigg or the Parsons-Higgins factions.

"Mr. Cortelyou had little to say himself, seeking to become thoroughly familiar with the situation before undertaking to bring the various leaders together before the state convention is called. So far as could be ascertained he made no suggestions for reconciliation before going to his country place on Long Island. He will return early next week, and those in his confidence would not be surprised, it is said, if he presented a plan by which both factions would be pacified."

JAIL FOR LYNCHER.

Salisbury (N. C.) Man Gets Fifteen Year Sentence.

SALISBURY, N. C., Aug. 11.—What is said to be the first instance of the conviction of a lyncher in the history of the state was furnished here when George Hall, a white ex-convict of Montgomery county, N. C., who was one of the party that Mouday night lynched three negroes in jail here for the murder of the Lyster family, was found guilty of conspiracy in connection with that crime and was sentenced to fifteen years in the penitentiary.

The jury was out but thirty-five minutes and returned then with a verdict of guilty after several witnesses had been heard. Judge B. F. Long sentenced Hall to the maximum term provided for by law—fifteen years at hard labor in the penitentiary. The evidence against Hall was overwhelming. He was remanded to jail.

Hall's counsel has appealed on the ground that Governor Glenn was in Atlantic City when the special term at which Hall was tried was ordered and that, being out of the state's bounds, he had no jurisdiction.

SUES SECRETARY LOEB.

Woman Wants \$50,000 For Alleged False Arrest.

OYSTER BAY, N. Y., Aug. 11.—William Loeb, Jr., secretary to President Roosevelt, is made defendant in a \$50,000 damage suit in which he is charged with having caused the false arrest of Miss Nadage Doree, a Jewish writer. The arrest was made last winter in Washington when Miss Doree was distributing leaflets advertising her work in the defense of Russian Jews at St. John's Episcopal church.

The papers were served on Mr. Loeb by a New York firm of lawyers. They require him to make answer within twenty days in New York. Mr. Loeb will be defended by the department of justice. The arrest, he says, was made by the Washington police force without his knowledge. Miss Doree made an unsuccessful effort to see President Roosevelt at Oyster Bay last summer.

RIO DE JANEIRO, Aug. 11.—According to advices received here from the state of Sergipe, the police of Aracaju, capital of that state, have revolted and attacked the governor's palace. It has a population of about 10,000 souls.

HONOR FOR MR. ROOT

Populace of Montevideo Turns Out to Greet Him.

WARM WELCOME FOR OUR ENVOY.

Capital of Uruguay Turns Out to Cheer For United States, President Roosevelt and State Secretary.

MONTEVIDEO, Aug. 11.—Secretary Root arrived here on the cruiser Charleyton.

Never perhaps in the history of the Uruguayan republic has popular feeling been more visibly manifested than by the really remarkable demonstrations of satisfaction on the part of all classes with the visit of the eminent American statesman to this picturesque capital.

Although necessarily not on the same scale of magnificence as the reception accorded Mr. Root by Brazil or that in course of preparation by Argentina, Montevideo has extended to him a welcome full of spontaneous warmth and cordiality.

At an early hour the crowd began assembling at every vantage point in the port and on the mole. It continued to grow in numbers until seemingly the entire population was present to greet the visitors. An enthusiastic ovation was given to Edward C. O'Brien, the popular American minister, when he, accompanied by the port authorities, embarked for the outer roads to meet the Charleyton.

The arrival of the cruiser with the distinguished travelers stationed prominently on the upper deck, to which Mr. O'Brien immediately proceeded, was the culminating point in the enthusiasm of the crowd. Cries of "Long live Secretary Root!" "Long live President Roosevelt!" and "Long live the great republic of the north!" rent the air. These were repeated when the steamer Triton anchored alongside the Charleyton for the purpose of embarking the committee, composed of officials, several leading residents and a number of ladies, to board the cruiser and tender the first welcome to the visitors. After this ceremony the committee and Mr. Root's party boarded the steamer Ingeniero, whence the landing was made.

As soon as Mr. Root was on shore Dr. Jose Romeu, the minister of foreign affairs, delivered a speech of welcome, to which Mr. Root made a brief reply. As the visitors drove away, accompanied by Minister O'Brien, to the splendid residence in the heart of the city which had been provided for them the scene of enthusiasm was impressive and striking. Mrs. Root and Miss Root shared the honor of the ovation accorded the American secretary of state.

Later there was a reception by the president of the republic at Government House, a military parade and a gala performance at the theater. The city has abandoned itself wholly to the entertainment of the visitors, who cannot fail to be impressed by the sympathy and obviously sincere nature of the reception accorded them, totally unmarked by political considerations.

SARATOGA, N. Y., Aug. 11.—The surprise of the day at Saratoga was the defeat of R. A. Hainey's \$25,000 colt Horace E. in the third race. He picked up 122 pounds and, while conceding weight to his field, was in spite of this made a 1 to 3 favorite. He led for half a mile, when Conville came with a rush and won. Purislane was second and Horace E. third. Ravens, favorite, in winning the first race made a new track record for six furlongs by running the distance in 1:12 flat, which is one-fifth of a second faster than the best previous time, made in 1903. SLAIN BY FILIPINOS

Five American Officers Lose Lives on Leyte Island.

MADE GOOD FIGHT AGAINST NATIVES

Several Recent Attacks on Soldiers and Constabulary in Archipelago. Other Fights Where Latest Outbreak Took Place.

WASHINGTON, Aug. 11.—Advices from Manila say that First Lieutenant John F. James and two privates of the Eighth infantry, with Contract Surgeon Calvin Snyder and Internal Revenue Collector Williams of Illinois, were killed in a hand to hand fight with a force of Pulajanos at Jultia, island of Leyte.

The detachment was greatly outnumbered, but made a gallant fight. The Pulajanos captured three pistols, four Krag-Jorgensen rifles and 300 rounds of ammunition.

In the last three months there have been many attacks on the American soldiers and the constabulary in the Philippine Islands.

On June 6 there was a fight at Mount Dajo in which 100 Filipinos and 600 Americans took part. The American forces were under Colonel Joseph W. Duncun. The fighting began at twilight, lasting all night. The entire Filipino force, which took refuge in the mouth of a dead crater, was annihilated, men, women and children.

On June 14 Lieutenant Edward C. Bolten of the Sixth Massachusetts cavalry was killed, with a soldier by the name of Christman. The native player had been acting as a guide for the American officer.

On June 19 the Pulajanos sacked the town of Burauen, on the island of Leyte, killing five policemen in a hand to hand fight.

They numbered 300 and were under the command of a native leader, Caesar Pastor.

Julita, where Lieutenant James and others were killed by Pulajanos, is a ward of the city of Burauen, which has been the scene of three serious conflicts between the regulars, the constabulary and the Pulajanos within a few weeks.

Contract Surgeon Calvin Snyder was born in Baltimore, Md., on July 15, 1878, and entered the military service on Aug. 15, 1899. He had been on duty in the Philippines since Dec. 3, 1900. Surgeon Snyder graduated in 1888 from the University of Maryland medical school.

First Lieutenant John F. James was born in Virginia on May 3, 1878, and entered the army from that state. He graduated from the infantry and cavalry school in 1904 and from the staff college in 1905. Lieutenant James enlisted as a sergeant in the Virginia volunteers in May, 1898, and served in that capacity until July 30, 1898, when he was promoted to the rank of first lieutenant. He was honorably mustered out on Feb. 22, 1899. He was commissioned a second lieutenant in the Eighth infantry on April 30, 1899, and was made a first lieutenant on Feb. 2, 1901.

TRADE AIDED BY WEATHER.

High Temperature Helps Retail Business in Summer Goods.

NEW YORK, Aug. 11.—In some sections the intense heat facilitated retail trade in summer goods and improved the attendance at seaside resorts, but the most important development in the business world was the increased activity of jobbing and wholesale departments in preparing for autumn and winter requirements.

Crop reports are all that could be desired, harvest and thrashing returns surpassing all but the most sanguine expectations, the few unsatisfactory statements being far outbalanced by the numerous encouraging results.

Manufacturing news is still of good progress, the iron and steel industry maintaining phenomenal results despite some labor troubles. High prices prevail in the footwear industry and for most textile fabrics, but the general level of all commodities reflects the cheapening of farm products on account of the big crops.

Bank exchanges at New York for the week were 27.4 per cent larger than last year, and at other leading cities the gain averaged 9.1 per cent.

Liabilities of commercial failures thus far reported for August amounted to \$1,324,011, of which \$487,929 were in manufacturing, \$819,346 in trading and \$16,736 in other commercial lines. Failures this week numbered 174 in the United States against 222 last year, and 13 in Canada compared with 19 a year ago.
