## LEHIGH PAY DAY SPECIALS!

### PIANOS, ORGANS, SEWING MACHINES BARGAINS

Cannot be secured from house to house canvassers, or from any store which employs them, as their salaries and commissions will add from fifty to one hundred dollars to the cost of the piano, and not one cent to its actual value. See how much better Piano we can sell you for \$200 up than you can buy from any canvasser for one hundred dollars more. We have no canvassers and no commissions to pay, and save our customers these unnecessary expenses. Compare our pianos and prices when some commission agent wants to put a piano in your house on trial.

#### SEWING MACHINES

\$60 Drop Head Singer, \$35  
\$60 Drop Head, Cable Lift White, \$35  
\$60 Drop Head Domestic, \$35  
\$60 Drop Head New Home, \$35  
Other makes as low as 20, 25, \$30  
Any of the above on small weekly or monthly payments, or discount of 10% for cash in full. No interest charged on contracts. It will pay you to call and look at Pianos, Organs or Machines.

For sale—A small building, suitable for a shop or an office. Ceiled and in good condition. Enquire of Paul E. Maynard, M. P. A. block, Sayre. 84 t

## NEW FEED MILL IN OPERATION

It Is Equipped With Up-to-Date Machinery—Gas Engine Largest and Best in This Section

The Sayre-Athens Co. has completed its plant and is now ready for active operation. It has a producing capacity of eight carloads per day, and room for storing forty carloads. When in full operation the mill will employ about eighteen men.

The mill is situated just south of the Erie tracks, and east of the Lehigh, and will produce feed for horses and cattle.

No flour will be ground at the present time, although it will be an easy matter to fit the mill up for that kind of work.

It is not the intention of the owners to compete in the local trade, they will do a shipping business only.

The plant is complete in every particular, and contains many interesting features, not the least of which is the new up to date 100 horse power gas engine. The engine is the largest in this vicinity that is operated by gas. The power plant is complete, and produces the gas that operates the engine. There is a large gas producer in which the gas is generated, and it takes only 1,000 pounds of coal to produce enough gas to run the engine all day up to the limit of the indicated power. The gas passes from the producer into a large tank where a spray of water cleans out all dust. It then passes into another tank from which it is drawn into the cylinders of the engine of which there are two. The engine is started by compressed air, which is stored in two tanks with a pressure capacity of 200 pounds to the square inch. The air is pumped into this tank by a two-horse power gasoline engine. After the engine has attained sufficient speed to draw the gas into the cylinders and to get a spark from the dynamo to explode it, the air is shut off. The engine and gas producer was built by the Fairbanks-Morse Co. and the sale was made through their local agent, L. C. Miller.

The great point about the engine is the economy of operation. The coal used to make gas is of a very cheap grade, and it takes only a very small fraction of the fuel that would be necessary to operate a steam engine. It also runs very quietly, the sound of the gas exploding in the cylinder not being equal to that produced by the exhaust on a steam engine.

The cutter which prepares the product is guaranteed to cut 3 1/2 tons per hour, and the whole building is equipped with a system of elevators and carriers that make it possible to handle the grain and product with a minimum of labor.

The mill is built of concrete throughout, making it practically fireproof. It is an up to date plant and is well worth a visit, and any one going there is assured of courteous treatment by the employees and by Mr. Dyer, the superintendent.

### NEW AUTOMOBILE

Charles Vangorder of North Wilbur avenue arrived here from Syracuse late yesterday afternoon with his large red devil automobile. The machine is one of the large type, has a four cylinder engine and is known as the Pope-Toledo car. Mr. Vangorder is the well known Lehigh Valley engineer and when he gets his new machine on the streets of Sayre other automobiles had better take to the tall timbers.

### SAYRE W. C. T. U.

The W. C. T. U. will meet next Thursday morning at 10.30 at the M. E. church at Sayre. Each member is requested to be present, to bring a friend and a lunch for two. A program has been prepared, and a good time is anticipated.

## PERSONAL MENTION

Frank Butler of Philadelphia is the guest of his uncle, J. L. Plumstead.

Eather Defender of Allentown is a guest at the home of Geo. Patterson.

S. H. Tally of Wilkes-Barre was the guest of C. M. Driggs yesterday afternoon.

Miss Dorothy Knapp of Newark Valley is spending a few days at Henry Howard's, No. 104 Allison street.

Mrs. O. A. Baldwin of Towanda, Mrs. George L. Baldwin and daughter Irene of Syracuse, N. Y., and Miss M. Eliza Shaut, daughter of Mrs. E. M. Dunham, have been the guests of the Hon. E. M. Dunham.

## LOCAL MENTION

The condition of Mrs. John Walt, who was stricken by apoplexy yesterday, is reported as being no better.

A Tamqua man says that the town is overrun with copperhead snakes. Still they call it a temperance town.

W. G. Wilber, father of E. A. Wilber, the Packer avenue liquor dealer, is seriously ill of pneumonia. Fears are entertained of his recovery.

"The Eternal City" will be repeated for the matinee bill at the Loomis on Thursday at 2:30. This is a strong piece and will have a big attendance.

The Sayre Aerie of Eagles will meet tomorrow evening, and it is earnestly desired that every member be present as the final arrangements will be made for the clam bake to be held at Maney's cottage on Labor Day.

The Kirk Brown company is pleasing the theatregoing public at the Loomis this week. Last night "A Gentleman of France" was given an excellent rendition to a large audience. Tonight "The Eternal City" will be presented.

## ORDERED OUT OF TOWN

Thomas Fox, George Russell, L. B. Russell, Frank Lee, Charles Miller, Fred Sutter, Charles Eisenhart, George Kaup, Fred Burke, Daniel McGarrigum, Lawrence McCann, Daniel McGuiley and Thomas Burns, the majority of whom claimed to be looking for work, were arraigned before Justice Carey this morning charged with vagrancy. Chief Walsh and several specials went to the "cove" this forenoon and rounded the gang up and brought them to police headquarters. While the justice was giving the gang a hearing the floor of the lockup fell in, the stovepipe came down, and for a time it looked as if the building would collapse. The men were ordered out of town.

## ORDERED EQUIPMENT

The Lehigh Valley has recently made a large purchase of equipment and rail, which was made necessary by the immense increase in business. The following order has been placed: 1,000 coal cars of 100,000 pounds capacity, 500 gondolas of 80,000 pounds capacity, 100 cinder cars of 60,000 pounds capacity, 102 produce cars of 60,000 pounds capacity, 25 automobile cars, 5 Atlantic type passenger locomotives, 20 express and baggage cars, 1 dining car, 14,700 tons steel rails.

## MUST COMPLY

All the firemen in the employ of the Lehigh Valley will be expected to have watches of standard make after today. Those who have failed to provide themselves with the required timepieces will be suspended until they procure them. The firemen, it is said, do not take kindly to the new order, but rather than lose their jobs will purchase watches of the type demanded by the company.

## WAS TAKEN FOR A FREIGHT CAR THIEF

But Man Who Was Arrested in the Yards Last Night Proved to Be a Common Drunk

During the early hours of the morning a dark complexioned man was seen passing through the Lehigh Valley railroad yards this place. Underneath his arm he carried a box of considerable dimensions, and the yard employees who noticed him immediately had visions of box cars being broken into and looted. Officer Shaffer of the Lehigh detective force was called and placed the man under arrest. Then it was discovered that the short dark complexioned individual had been drinking the amber colored liquid that intoxicates, and that the box he carried contained an umbrella mender's outfit. He was placed in the portable borough lockup for the night, and this morning when given a hearing before Justice Carey, said that his name was Michael Ryan, and that he came from Scranton. He was told to hie himself toward that city at once. He departed quickly.

## HOSPITAL SURGEONS EXCEEDINGLY BUSY

Large Number of Minor Accidents Were Treated at That Institution Today

There was a long list of minor accidents treated at the hospital today, the victims being shop and railroad men. Andrew Yuskosko sustained a broken right finger, George Yates suffered a contusion of the right leg, Mike Lenoock had the left ring finger severely crushed and lost the nail; Harry Canfield, while handling one of the big electric cranes in the new shops, sustained a shock which severely burned his left hand; Lloyd Smith's right hand was punctured by a piece of steel, Henry Smith sustained a fracture of the right middle finger, and Charles Harding fell from an engine, suffering a severe contusion and laceration of the knee.

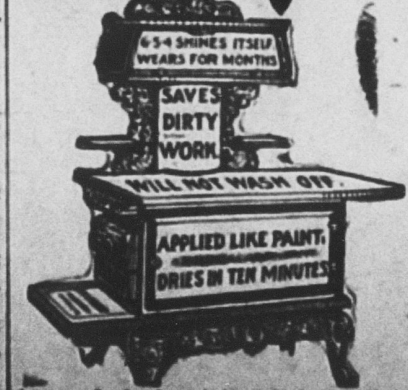

Miss Florence Talada of Athens, Mrs. Ernest Elston of Barton, N. Y., Miss Catherine Gilfoyle of Towanda, and James Walsh, son of Chief of Police Walsh, were discharged.

## OAK GROVE PARK

Oak Grove Park held another large audience last night to witness the second performance of the "College Girl." The play pleased even better than the night before, and Bohee & Hyers, the Cuban Nightingales, were warmly received. Too much cannot be said about the worth of this specialty.

Tonight "Cumberland '61" will be the bill. This play as put on at the park last season by this same management, was the strongest and best handled play of last summer. Miss Kennedy and Mr. Leland in the leading roles have appeared in the play for the past four years and are thoroughly familiar with their respective roles. Miss Kennedy is cast for Alice Ansley, the Southern girl, and Mr. Leland as Dirk Kamslett, the half breed Indian. The bill will be repeated Thursday night and Bohee & Hyers will change their selections tonight.

## THE NEW STOVE BLACKING

If your dealer hasn't it, Bolich Bros. have

A fine line of cheap Go-Carts reduced from \$4 and \$2.75 to \$3.50 and \$2.00.
