PRESIDENT'S POLICY

Roosevelt Writes Letter For Congressional Campaign.

PRaises THE PROTECTIVE TARIFF.

Wants Laws Passed Prohibiting Political Gifts From Corporations and Lowering Duties on Goods From Philippines.

NEW YORK, Aug. 21.—A letter written by President Roosevelt to Congressman James E. Watson of Rushville, Ind., reviewing and approving of the work of the present congress and declaring "to change the leadership and organization of the house at this time means to bring confusion upon those who have successfully engaged in the steady working out of a great and comprehensive scheme for the betterment of our social and civic conditions," was made public.

The president also declared that such a change would result in a harmful oscillation between the extreme radical and the extreme reactionary. The president said also that he hopes the present congress will enact laws prohibiting political contributions by corporations, lowering the duties on imports from the Philippines and limiting the number of hours for railway employees.

Of the tariff Mr. Roosevelt says: "We stand unequivocally for a protective tariff, and we feel that the phenomenal industrial prosperity which we are now enjoying is not lightly to be jeopardized, for it would be to the last degree foolish to secure here and there a small benefit at the cost of general business depression."

"But whenever a given rate or schedule becomes evidently disadvantageous to the citizen, because of the changes which go on from year to year in our conditions, and where it is feasible to change this rate or schedule without too great a disturbance of the system, it will be done; while a general revision of the rates and schedules will be undertaken whenever it shall appear to the sober business sense of our people that on the whole the benefits to be derived from making such changes will outweigh the disadvantages; that is, when the revision will do more good than harm."

"Let me add one word of caution, however. The question of revising the tariff stands wholly apart from the question of dealing with the so-called trusts—such as, with the control of monopolies and with the supervision of great wealth in business, especially in corporate form. The only way in which it is possible to deal with these trusts and monopolies and this great corporate wealth is by action along the line of the laws enacted by the present congress and its immediate predecessors. The only change in the tariff represents, whether consciously or unconsciously, an effort to divert the public attention from the only method of taking effective action."

In speaking of the Panama canal Mr. Roosevelt says: "In matters outside of our own country our best work has been beginning to dig the Panama canal. The acquisition of the canal strip was due to the initiative of congress, and the fact that the work thereon is now being done in the most thorough and efficient manner is due to the energy and ability of the engineers at the work. Only this action could have brought about the work, and the success of the work is due to the energetic supervision of those who have been in charge of it."

"The Panama canal is the colossal engineering feat of all the ages. No task of great of the kind has ever been undertaken by any other nation. The interests banding together to oppose it were and are numerous and have and have of them with a powerful political basis for their opposition."

"No less gratifyingly has been the attitude of this congress in continuing to build and maintain on a high plane of efficiency the United States navy. This country is irrevocably committed to the maintenance of the Monroe doctrine. It is irrevocably committed to the principle of defending and policing the canal route. But its championship of the Monroe doctrine and its abandonment of its intentions as to the canal route, would both be abandoned if the nation failed to do its duty in maintaining a thoroughly efficient navy at as high a point of perfection as can possibly be attained."

TO INDORE CANNON.

Illinois State Convention Will Soon Hear Him for President.

SPRINGFIELD, Ill., Aug. 21.—The feature of the Republican state convention which meets here will be the endorsement of Speaker Joseph G. Cannon as the nominee for the presidency of the United States in 1908. This action was decided upon at a conference of the state party leaders held at the statehouse.

All factions in the party are united in giving Speaker Cannon's presidential boom as enthusiastic a send-off as possible, and a resolution endorsing his candidacy will be presented to the convention. Another interesting event in the convention's proceedings will be the endorsement of Senator Shelby M. Cullom for re-election to the United States senate. Senator Cullom carried the re-entrant primaries by a good majority, and no other name but his will go before the convention for senator.

The nominations to be made are state treasurer, superintendent of public instruction and three trustees of the state university.

PULAJANE WAR OVER.

Colonel Williams Reports Pacification of Disturbed Province.

WASHINGTON, Aug. 21.—The Pulajane insurrection in the island of Samar, Philippine Islands, is believed to be about stamped out. Colonel C. A. Williams, commanding the department of the Visayas, in his report to the war department, says:

"The large tract in the northwest of the island, together with Catubig and Oras districts, are in as pacified or settled condition as at any time since the insurrection, the officers in charge reporting that no organized bands of Pulajanes are now out. The Candara district is reported in a favorable condition. The extreme southeast, like the extreme northwest, has always been free from Pulajanism. It will be seen, therefore, that two-thirds or more of the island is in a condition which could not justify the asking by civil authorities for assistance from the army."

ORDERED FROM FORT BROWN.

Black Troops Removed From Brownsville, Where There Was Trouble.

WASHINGTON, Aug. 21.—Orders were issued by the military secretary, Major General F. C. Ainsworth, for the transfer of the colored troops from Fort Brown, Tex., where there has been serious trouble between citizens and soldiers, to Fort Ringgold, Tex., which is about 100 miles above Fort Brown and is also on the Rio Grande. The company ordered to Fort Brown is made up of white men. This shifting about of troops was made subsequent to a report from Major O. W. Penrose on the situation at Fort Brown and after an appeal by Senator Culberson to President Roosevelt. In his report Major Penrose says he was persuaded that the killing of one citizen in Brownsville and the wounding of another were the work of soldiers, although he has been unable as yet to discover who the guilty men are.

Paul C. Stensland in California. COLUMBIA, Cal., Aug. 21.—Paul C. Stensland, defendant president of the Milwaukee Avenue State bank of Chicago, is thought to have been seen in Colusa. On Sunday afternoon a well dressed stranger appeared at the Hotel Riverside, engaging a room. Later in the evening, John Hartog, manager of the Colusa county chamber of commerce and formerly of Chicago, who had a passing acquaintance with Stensland, came into the hotel. Shortly after this the stranger left and has not been seen since. Hartog says the stranger resembled Stensland very much, except that he is smooth shaven. Stensland while in Chicago had a beard.

E. H. T. O'Connell Escape Jail. NEW YORK, Aug. 21.—Two high officials of the Brooklyn Rapid Transit company, Dow B. Smith, its general superintendent, and William A. Newberry, its chief inspector, escaped commitment to jail on charges growing out of the recent disturbances along the company's lines to Coney Island over the question of a double fare to that resort. After having been held without bail to await the action of the Kings county grand jury by Magistrate Higginbotham in the Lee avenue police court, their counsel, Isaac R. Oeland, had Supreme Court Justice Jaycox release them on a bond of \$25,000 on a writ of habeas corpus.

EARTHQUAKES CEASE

Fires Put Out and Obsolete Public Calms Down.

TROUSANDS ARE PROBABLY DEAD

Hard to Estimate the Number of Casualties—Property Loss May Reach \$200,000,000—Situation Improves.

NEW YORK, Aug. 21.—The earthquakes in Chile have ceased, the resultant fires are out and the authorities and people of the two cities, Valparaiso and Santiago, are taking organized steps to relieve suffering, care for the wounded and bury the dead. The period of sorrow has entered. Dispatches received from Chile tend to show that the first estimates of casualties and material damage had been greatly exaggerated and that the people of Valparaiso are becoming calmer. The fear of further shocks has been removed by a statement issued from the observatory and it has become possible, for the first time, to organize relief work, begin a systematic search of the ruins for the dead and care for the injured.

Santiago is coming to the rescue of her suffering sister. Public subscriptions have been opened for money, clothing and provisions, and the capital is caring for all refugees from Valparaiso who make their way across the mountains. The government is putting down pills wherever it breaks out with troops. It is still impossible to reach any correct estimate of the dead and wounded. The reports from Chile are most conflicting. A large section of the country, however, was visited by the catastrophe of last Thursday and cable estimates of casualties refer in some instances to particular localities, notably Valparaiso and in others evidently to the entire district which suffered from the shock. The number of dead in Valparaiso doubtless will run into the hundreds and for the entire country probably into the thousands. The property damage is estimated at from \$200,000,000 to \$300,000,000.

Relief is being organized with system and the government has taken complete control of the situation. The foreign legations are active in relief measures, as are private persons, and the greatest energy is being devoted to getting in supplies for the destitute. The government has authorized the provincial governors to spend all money necessary for the relief of the needy in their districts. The funds subscribed in Iquique to celebrate the election of Pedro Montt to the presidency will be expended to relieve the sufferers. Public relief subscriptions have been opened in Buenos Ayres and the Argentine government will pass an appropriation to the same end.

Expresses American Sympathy. WASHINGTON, Aug. 21.—The consular with which President Roosevelt received the news of the earthquake is evidenced by two telegrams which he sent to the president of Chile. They were given out at the state department. The first telegram is as follows: "In the name of the people of the United States I offer tribute of sorrow and sympathy to their afflicted brethren of Chile by reason of the awful disaster that has befallen Valparaiso. The second said: 'Let me repeat my expression of intense sympathy and express the shocked horror this people feels at the appalling disaster that has befallen your great nation. We are following the news with the most eager and lively concern.'"

Eighteen Orphans' Island Destroyed. NEW YORK, Aug. 21.—A report reached this city that the South American earthquake destroyed the island of Juan Fernandez, off the Chilean coast. It belonged to Chile, and on it were a penal settlement and a fort. This is the island made famous by Daniel de Foë as the scene of the thrilling adventures of Robinson Crusoe.

Bomb Paralyzed Polish Governor. WARSAW, Aug. 21.—In connection with the attempt on the life of Governor General Skalon on April 18, twenty-eight arrests have been made on suspicion. The nervous shock to the governor general caused by the explosion of three bombs in his immediate vicinity has been so great that paralysis is feared. Of the sixty-three civilians who were killed in the massacre here on Aug. 18 or who died of wounds received at that time forty-five were Jews. Of five revolutionists arrested for shooting policemen four were Jews.

Tax Collector \$10,000 Short. SUNBURY, Pa., Aug. 21.—A report made to the county court here showed that William H. Berry, tax collector of this city, had embezzled \$10,000. He was immediately ousted from office by the court. Berry was bonded in \$15,000 and his bondsmen expect to realize nearly that sum from his property, which was seized by the sheriff.

Fatally Hurt in Carriage Collision. READING, Pa., Aug. 21.—In a collision between two carriages at Kellenfeltersville, near here, Susan Garrett, aged seventeen years, was so badly injured that she died. The girl was driving with two friends and as the vehicles came together she jumped, sustaining fatal injuries.

Negroes Dies at 120. OTTAWA, Kan., Aug. 21.—Mahala Lewis, a negro, said to be 120 years old, died here. She could tell many incidents in the life of George Washington, whom she insisted she had seen many times. Mrs. Lewis was a native of Virginia.

GRAND CIRCUIT AT READVILLE.

Poolplayers Arrested But Betting Is Not Stopped.

READVILLE, Mass., Aug. 21.—There was plenty of excitement at the opening of the two weeks' grand circuit meet at the Readville track. Pool selling was carried on despite the arrest of one auctioneer, while on the track two of the three events were run off by a new system which provides that each heat shall be a race in itself.

The track was very fast and two of the horses made new marks for themselves and two of the event records, that of the Blue Hill and of the Futurity, were endangered. The trotting of Brilliant Girl and Captain Bacon was the feature in the Blue Hill event, while in the 2:10 pace My Star won all three races and lowered his mark to 2:05 1/4. In the futurity Fantanas' time of 2:20 1/4 in the second heat was within one and one-half seconds of the record.

The pool selling began almost immediately as soon as the track was opened and continued until the last race was started. It was claimed that an opinion had been received from former Attorney General Herbert Parker to the effect that the statutes of 1900 legalized the making of pools. About the middle of the afternoon officers appeared underneath the grandstand and arrested one of the pool sellers, but this did not serve as an interruption. The man was taken to Dedham where he was immediately bailed, and when his case came up in court today it is expected that an appeal will be taken and the case carried to the supreme court to test the law.

Brilliant Girl was a strong favorite in all three races of the Blue Hill event. In the first race, however, her sulky wheel struck that of Quaker Dawson and the mare broke. She had a lead at the time, but recovered herself and finished in second place to Captain Bacon. The finish was so fast that Captain Bacon was forced to make a new mark of 2:10 1/4. In the second race of this event Dr. Day, who was driving Captain Bacon, was replaced by Murphy, but the big stallion only finished third while in the last race Captain Bacon was last. Brilliant Girl trotted the last race in 2:05 1/4, which was a new mark and was within half a second of the record for the event.

My Star was the favorite in the 2:10 pace and had no difficulty in winning all three races, although in the first finish made him trot in 2:05 1/4, a new mark for the gelding.

The futurity event, which closed the day was run off under the old system of heats and Fantana made a brilliant showing in the last one.

Clara Huron Wins Kentucky Stake. SARATOGA, Aug. 21.—Clara Huron easily won the Kentucky selling stake of five and a half furlongs at Saratoga. Bemy was a hot favorite, being played down from 2 to 1 to 9 to 10, but was never dangerous, finishing outside of the money. Clara Huron took the lead at the start and, making the pace, won by two lengths. Dollie Dollars was second. Hyperbole third in a hot finish. Entree beat Yorkshire Lad a head in the fourth race. Radice on Estrade outdied Miller on Yorkshire Lad. Three favorites won.

Antell, Once Champion Trotter, Dead. TERRE HAUTE, Ind., Aug. 21.—Antell, the stallion that in 1889 made the world's trotting record of that time, died at the Warren Park stock farm of spasmodic colic. The night after the record race Antell was bought by a graduate for \$105,000.

Pole at Saratoga. SARATOGA, Aug. 21.—The Meadow Brook Freebooters met the Saratoga Freebooters on the Saratoga polo grounds. Score: Saratoga, 9 1/2 goals; Meadow Brook, 3 1/2 goals.

BIG STEAMER ASHORE

Mauchuria Runs on Rocks Near Honolulu.

PHILIPPINE GOVERNOR IS ABOARD.

Wrecked Vessel One of the Largest and Finest on the Pacific—Passengers Are in No Danger.

HONOLULU, Aug. 21.—The Pacific Mail Steamship company's steamship Mauchuria is on a reef at Rabbit Island. The Mauchuria, commanded by Captain J. W. Saunders, has 160 saloon passengers and 8,000 tons of freight. Among her passengers are Major General James F. Smith, the new governor general of the Philippines, accompanied by his wife and Judge N. W. Gilbert of the court of first instances of Manila, with his bride. General Smith is on his way to Manila to take the oath of office as governor general of the Philippines. The Mauchuria has also on board eighteen missionaries bound for China and Korea.

The position of the Mauchuria is not believed to be one of immediate danger. The Kilian, the largest of the inter-island steamers, has gone to join the fleet at the scene of the disaster. Launches are going from here around a portion of the island to bring passengers to this city. Governor Carter is among those who have gone in automobiles to bring friends to their homes.

The steamer is aground along her full length and lies broadside to the mainland. She was drawing twenty-five feet forward and twenty-seven feet aft. Soundings show the depth of water forward to be twenty feet and twenty-five and one-half feet aft. The vessel is on very fast. By emptying her tanks she was raised some, and at 9:10 a. m. the tug Fearless began an attempt to pull her off, but without result. Other steamers are now placing two lines aboard, and a united effort to float the big steamer will be made. The passengers, numbering nearly 200, are being landed at Waimanalo, and most of them will be brought to Honolulu over the Pull road.

The 800 Asiatics will be placed on island steamers and brought around by sea.

The Mauchuria is one of the newest and finest of the transpacific liners running between the Pacific coast and the far east. She registers 13,638 tons gross and measures 900 feet in length.

Illinois Democrats to Indorse Bryan.

PEORIA, Ill., Aug. 21.—Whether it pleases him or not, William J. Bryan will be indorsed as the next presidential candidate of the Democratic party by the state convention of the Illinois democracy irrespective of the fact that he has announced that he does not care for the approval of the Democrats of the state officially expressed if Roger C. Sullivan of Chicago is allowed by the convention to retain the position of national committeeman, to which he was elected in 1904. It is expected that there will be stormy times in the convention, much display of temper and a great deal of angry talk, but all debates will lead to the same ending, which will be the indorsement of Mr. Bryan as a presidential candidate.

Three Killed and Fifteen Hurt. CHARLOTTE, Mich., Aug. 21.—Three Italian laborers are dead, two are dying and fifteen more are lying injured in the Charlotte House here as a result of an accident on the Michigan Central railroad two miles east of this city. A work train crew was relaying tracks, and the engine of the train in some unexplained manner was backed into the train while the fifty laborers on the work train were eating their dinners. A majority of the men were sitting about on several flat cars, which were wrecked and thrown off the track when the engine crashed into the train.

Dowry and Voliva Come to Terms. CHICAGO, Aug. 21.—Further evidence of peace negotiations between John Alexander Dowry and Wilbur Glenn Voliva and his followers came out at two meetings in Zion City. It is said an agreement was reached by which Dowry will, for the remainder of his life, remain the "first apostle" of the Christian Catholic church, while the temporal affairs of the community will be in the hands of Voliva and his supporters.

New Provincial of the Holy Cross. NOIRE DAME, Ind., Aug. 21.—The Very Rev. Dr. Andrew Morrissey, O. S. C., was elected as provincial of the Holy Cross order by the general chapter of the society, which has been in secret conference for the past ten days. Dr. Morrissey succeeds the Very Rev. J. A. Zahn, who has been provincial for the past eight years.

Railroad Voluntarily Raises Wages. TOPEKA, Kan., Aug. 21.—It is announced that the Santa Fe railroad has voluntarily granted its thousand telegraphers from Chicago to El Paso 50 per cent increase of wages, averaging about \$4 a man, effective at once.

Tourists Snowed Up in the Alps. VIENNA, Aug. 21.—Severe thunder storms and hailstorms occurred Sunday in many parts of Austria and Hungary. A great deal of snow fell in the Alps, and many tourists are snowed up in shelter huts there.

Three Die of Heat in Louisville. LOUISVILLE, Ky., Aug. 21.—Three deaths from heat prostration were reported. The maximum temperature for the day was 94 degrees, accompanied by extreme humidity.
