LARGEST ENGINE IN THE WORLD

Laid Over in Sayre Yards Last Night and Was Inspected by Large Crowd This Morning

What is said by Lehigh Valley railroad men to be the largest locomotive in the world laid over in the yards at this place last night. The locomotive, which certainly is a monster, was built by the Baldwin people at Philadelphia and it is now on the way to the Great Northern railway, for which it was especially built. The locomotive really consists of four engines, weighs 250 tons and is 85 feet in length from the tip of the pilot to the end of the tender. It is built for the purpose of hill climbing and drawing heavy trains. During the stay of the locomotive in the yards it was inspected by a large crowd of railroad men and interested citizens. It is by far the largest engine ever seen in Sayre.

HOSE INSPECTOR

SEVERELY INJURED

Edward Pond Was Caught Between the Bumpers Yesterday Afternoon and Will Probably Die

Edward Pond of Cayuta street, Milltown, an air hose inspector for the Lehigh, was probably fatally injured in the yards near Milltown yesterday afternoon between 3 and 4 o'clock. Pond was between two cars when the cars came together, and he was caught between the bumpers. His left side was severely crushed and the ambulance was sent for and Pond was taken to the hospital at once. The physicians at that institution believe that he has sustained internal injuries and they do not give out much hopes of his recovery.

OAK GROVE PARK

"The Ranchman's Daughter," was repeated by the Partello Stock Company last night to a packed house at the park. The bright, sparkling dialogue of this clever little play was well brought out by a cast hard to excell. Miss Kennedy, Mr. Leland, Mr. Seigman and Mr. Kash, all did fine work.

Tonight a change of bill will be made and "The Minister's Sweethearts" will be produced. It is a moral drama, showing the different quaint types to be found in a small town in Indiana. It is replete with good dramatic situations and its comedy element will be such as to keep everybody in good humor throughout the evening. Specialties will be changed tonight. By special request "The College Girl" will be repeated Friday evening. Many people missed this play, and now the opportunity will be afforded of again witnessing the most pleasing play at the park this summer.

WILL ENTERTAIN RELATIVES

Mr. and Mrs. T. J. Leahy of No. 309 South Elmer avenue, will entertain this week nearly, if not quite all, the relatives of the family. In fact the event will be somewhat in the nature of a family reunion. Those who have already arrived at the Leahy home are Mrs. Rose Toby, the Misses Martha, Mary and Lisle Toby, of Naples, N. Y., J. J. Gorman, president of the Manhattan Express company, and his wife, of New York city, P. J. Ronan and wife, of Canton, Miss Mary Leahy of Canton, and Thos. L. Gormler of New York city.

HOSPITAL NOTES

Wesley Warner, who sustained a fractured of the skull in the Coxton yards early last Sunday morning, was discharged from the hospital yesterday. His recovery is assured. Mrs. Gates, of Jobs Corners, was also discharged.

COMPLAINED TO THE BOARD OF HEALTH

Insanitary Condition of Desmond Street is Called to the Attention of that Body.

The insanitary condition of Desmond street was this morning called to the attention of the board of health. For over two weeks the street has not been cleaned and the refuse which has been dumped into the gutter is beginning to emit a disagreeable odor. This morning a well known citizen complained to the board of health. He made his complaint in writing and it is quite likely that the board will take action at once.

The street commissioner has been absent for several days on a vacation, but it appears that no one has been left to take charge of the streets during his absence. Since the extremely hot weather began vegetation which has been thrown into the street decays rapidly, and unless something is done at once the gutter will be a fine breeding place for disease germs of all kinds and sizes. Sayre has been afflicted with enough disease of a contagious nature in the past to let a matter of this importance go further unnoticed.

SCHOOL TEACHER

HURT AT THE SHOPS

L. E. Delaney Suffered Numerous Contusions and Lacerations While Assisting in Unloading Piece of Iron This Morning

L. E. Delaney, teacher of mathematics in the high school, but who has during vacation been working in the new shops, sustained painful injuries this morning while assisting in unloading a large piece of iron. One of the large electric cranes was being used to unload the iron, when a grappling hook slipped and the iron struck Mr. Delaney a glancing blow. He was knocked down and when his fellowworkmen went to his assistance they discovered that he had been quite severely injured. The ambulance was sent for and he was taken to the hospital. An examination by the physicians disclosed the fact that he had sustained a contusion of the right great toe, a laceration of the left hip, abrasions of the right thigh and extensive lacerations of both wrists. His injuries were dressed and he was removed to his home on North Elmer avenue. While the injuries are of a painful nature none of them will prove serious.

DANIEL O'BRIEN MAY BE INSANE

Order of Relief Has Been Granted and County Commissioners Will Investigate Case

This morning an order of relief was granted for Daniel O'Brien, an aged citizen, who resides at 141 First street, Milltown. It is believed that Mr. O'Brien is demented. He is 72 years of age, and some time ago he suffered a stroke of paralysis, since which time he has been acting strangely. Doctors who have attended him believe that he is mentally unbalanced, hence an order of relief has been granted and the county commissioners will probably come here today or tomorrow when a commission consisting of two doctors and one layman will be appointed to enquire into his mental condition.

CLOSE UP THE TOWN

Barnum & Bailey's circus will exhibit in Sayre day after tomorrow, and from the looks of things at the present writing Sayre will close up shop and everybody will go to the circus. Already one large grocery establishment has announced that it will close while the circus is in progress, and the barbers are also considering the advisability of closing. May as well close up the town. From present indications everyone is going anyway.

WON SILVER MEDAL

The silver medal contest held by the W. C. T. U. of Milltown last evening was well attended. The contestants were the same as on the previous evening at West Sayre. The recitations were all rendered very well, and the medal was won by Miss Mary Grant of Milltown. This finishes the series of silver medal contests and the successful contestants are to go to New Albany at the county convention and compete for the gold medal.
