DANTON DEMANDS \$5,000 DAMAGES

Charges Dr. L. B. Denison With Having Alienated the Affections of Mrs. Danton

Charged with alienating the affections of another man's wife, Dr. L. B. Denison, Sayre's well known physician, was yesterday afternoon placed under arrest by Sheriff Griffin, and later in the evening gave bail in the sum of \$5,000 for appearance before the court of common pleas of Bradford county. The complainant in the case is Steven Danton, a Lehigh Valley engineer, who is also well known and who has resided in Sayre for a number of years. Denison was arrested on a capias, or as it is sometimes termed a civil warrant. The complaint in the case was drawn yesterday by Paul E. Maynard of the firm of Maynard, Maynard & Schrier, and covers several type written pages. As soon as the complaint had been sworn to by Danton, Attorney Maynard went to Towanda and a capias was issued out of the prothonotary's office. The document was immediately placed in the hands of Sheriff Griffin who came to Sayre on No. 7. A few minutes after his arrival he took Denison in custody. In the complaint bail in the sum of \$5,000 was demanded, but Denison immediately retained the Hon. E. M. Dunham and Hon. L. T. Hoyt, and they called Judge Fanning up on the telephone with the result that the bail was reduced to \$5,000. Late in the evening bondsmen appeared and qualified and Denison was released.

The complaint sworn to by Danton contains many specific allegations and covers the relations of the parties to the affair since March 1st, 1904. It is alleged by Danton that he was married to his wife, Belle Danton, in June, 1898, and that in 1901 they came to Sayre to reside. About March 1st, 1904, they went to the home of the defendant on Lincoln street to reside. Shortly after they began house-keeping at the home of the defendant, Danton alleges that the defendant began a course of conduct with Mrs. Danton which tended to cause her to treat her husband with great disrespect, and to transfer her affections from her husband to Denison. It is further alleged that Denison encouraged her in this course, and that he so influenced her that she finally treated her husband with hatred, and transferred her love and affections to the defendant.

As a further cause for complaint Danton alleges that on or about August 22, 1906, he made an effort to get his wife away from the home of the defendant, and secured for himself and wife board and lodging at one of Sayre's principal hotels. He tried to induce his wife to go to the hotel with him, but that owing to the control exercised over her by the defendant she absolutely refused, and at the same time used violent, blasphemous and indecent language toward her husband. Danton then went to another place to reside, but he alleges that his wife has continued to reside with Denison, and that the two have been living together in criminal relations.

Danton further charges that she has completely transferred her affections from her husband to Denison, by reason of the influence exerted over her by the defendant. Danton also charges that by reason of the relations existing between his wife and Denison, he (Danton) has been subjected to undesirable notoriety and held up to public scorn.

Danton asks for the sum of \$5,000 for the damages he has sustained to his feelings and for being deprived of the company and fellowship of his wife.

While the arrest of Denison caused considerable talk last night, it did not come in the nature of a surprise, as it was well known by many that litigation of a serious nature would eventually grow out of attachment proceedings which were begun by Denison last week. The outcome of the case will be watched with interest on account of the prominence of the parties.

EXCELLENT SATISFACTION

The Salisbury-Murray Stock company opened an engagement at the Park last night, presenting the "Lighthouse Robbery," to a large and appreciative audience. The company is a well balanced one and gave excellent satisfaction to the large crowd present. Tonight the play will be repeated. A first-class specialty team is expected for this evening. Tomorrow night "A Creole's Revenge" is the bill.

CURIOUS ROADBED

The Montrose branch of the Lehigh Valley is probably one of the most curious pieces of railroad engineering in this section of the country. The road is single tracked and in the entire length there is not a single mile of straight or level track. It is one continuous series of curves and grades and it is believed that it can be operated with more satisfactory results with electricity.

SEVERELY BURNED

While fumigating the house of Grant Forsyth this forenoon Health Officer Brougham had the misfortune to burn his right hand severely. The alcohol in one of the generators became low and the generator caught fire. In removing it from the house the flames came in contact with Mr. Brougham's hand causing a painful burn.

ANOTHER ATTACHMENT

Immediately after the Denison-Danton attachment proceedings were dismissed by Justice Nelson yesterday new process was issued and the same property was again levied upon by Constable Fice. The case is returnable on the 31st of this month and it promises to be as interesting as the first.

NO UNION AT WEATHERLY

The first machinist to make application for work at the Lehigh shops at Weatherly in five years was engaged on Thursday. About six years ago an attempt was made to organize a machinists' union among the employes of the shop. A charter was secured for which the sum of \$25 was paid, but the bosses got wind of the affair and reported it to headquarters. Notice was subsequently served on the men that the formation of a union would result in the removal of the shops from Weatherly. This had the desired effect and when the organizer appeared on the scene the men avoided meeting him for fear of being seen talking to him and losing their positions. The charter was later sold to the Tamaqua machinists for \$1. The story of the episode was spread and no full fledged machinist made application for work there until Thursday.

MR. HOWE COMING SOON

Patrons will be pleased to know that his new program is highly appreciated and is pleasing large audiences all over the country. As Mr. Howe never repeats any pictures, this will be the only opportunity to see the great features included in this program.

PASSED THROUGH SAYRE

This morning two Lehigh Valley trains passed through Sayre enroute from New York to San Francisco. The trains were loaded with men who are on their way to take the place of the street car men who are on a strike in the Golden Gate city. On board the first train were 700 men and on the second section were nearly 1,000. The men were in charge of James Fraley, a professional strike breaker. They were all big, husky looking fellows and seemed to be well pleased with the situation.

INSPECTED THE ROAD

Yesterday C. W. Kinney, superintendent of the Pennsylvania division of the Lehigh Valley; C. T. O'Neil, trainmaster; J. S. MacMullen and Willard Kells, master mechanics; J. J. June, division engineer, and Bert Hayden, district freight agent, made a tour of inspection of the road. At Ithaca they were joined by Paul Millsbaugh, district passenger agent. They traveled on private car No. 97,000 and the Sayre officials returned home last night.

PECULIAR ACCIDENT

While going to his home on Lincoln street yesterday afternoon S. J. Miller, a resident of that street, was walking immediately behind two men. One of the men stepped upon a piece of iron which flew up and struck Mr. Miller on the right wrist straining it severely. The injured member was treated at the hospital.
