CAUGHT BY BALLOON ANCHOR.

New York Woman Whipped Five Hundred Feet Skyward.

KINGSTON, N. Y., Aug. 30.—Caught by the anchor of a balloon and whirled 500 feet in the air over the heads of 5,000 spectators, Mrs. Roper, a Brooklyn woman, was seriously but not fatally hurt at the Ulster County fair at Ellenville. Maggie Dalley of Middletown, N. Y., who has been making daily ascensions at the fair grounds in a hot air balloon, had just entered the car and was about to give the order to cast off when the balloon broke loose and sailed upward, with the anchor trailing.

Before the bystanders could scatter the anchor broke caught in the dress of the woman, and she was whipped up into the air screaming. The weight on the anchor rope caused the balloon to tip over, and Miss Dalley, looking out of the car to ascertain the cause of the trouble, caught sight of her involuntary fellow voyager swinging far below at the end of the rope and at once pulled the safety cord. The balloon, which by that time had reached an altitude of 500 feet, quickly descended and roared ground a quarter of a mile from the point of ascension.

The woman struck the ground heavily and when picked up was found to be unconscious and to have sustained fractures of the shoulder, ankle and several fingers. All that could be learned about her was that she was from Brooklyn and had been summing at Walker Valley, Ulster county.

LITTLE KAISER BAPTIZED.

Named Him William Frederick Francis Joseph Christian Olaf.

POTSDAM, Prussia, Aug. 30.—The son of Crown Prince Frederick-William was baptized here in the so-called Jaspis gallery of the new palace, which had been arranged as a chapel, in the presence of the whole of the royal family, the crown princess of Greece, representing the queen of Greece; Prince Christian of Schleswig-Holstein, representing the king of England; Grand Duke Vladimir, representing the emperor of Russia; Archduke Joseph, representing the emperor of Austria; the Duke of Genoa, representing the king of Italy; the diplomatic corps, Prince von Buelow and the other members of the German cabinet and high military officers.

The child was named William Frederick Francis Joseph Christian Olaf. The godparents are the emperor and empress of Germany, Prince Etzel Frederick and Prince Henry of Prussia.

After the ceremony the Crown Princess Sophie, seated beside the cradle, held a levee. A dinner followed in the marble hall, at which Emperor William toasted his first grandchild. The streets, houses and public buildings in Potsdam and Berlin were gayly decorated with flags in honor of the christening, and the streets were filled with animated crowds.

ATHENS.—The coroner's jury, consisting of R. J. Mulligan, Geo. E. Davis, Dr. C. L. Stevens, George Peck, Dan O'Brien, and N. J. Knareboro, met at 2 o'clock yesterday afternoon to investigate the murder of C. E. Messenger. The testimony was substantially as given in yesterday's Record, and they rendered a verdict that Messenger came to his death from wounds inflicted by a sharp instrument in the hands of some person or persons unknown. The Italians Giuseppe and Dominic Sciarone have not yet had a hearing. Yesterday another relative of theirs was arrested and all of them are being held to await the development of certain contingent events in connection with the murder.

STONED THE ITALIANS

Athens—About 150 men gathered on Satterlee street last evening and stoned the windows out of the Italian's houses and drove the Italians out of the street. There were shouts of "hang them," but that point was not reached. This is in the vicinity of the murdered man Messenger's home. There is a terrible feeling of fury among some of our people and all that prevents an outburst is the lack of a leader.

Athens—Isaiah Potter has another specimen of petrified potatoes. He has been raising new varieties of potatoes and some weeks ago dug a petrified early rose; yesterday he dug another stony specimen of the New York rural variety. Permanent Dentistry Bring Your Job Printing to

A quarter of a century ago we placed some gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
