## SEPTEMBER COURT BEGAN YESTERDAY

### Large Number of Criminal Cases to Be Disposed of—McCracken Acquitted

The September term of quarter sessions court, Judge Fanning presiding, opened at Towanda yesterday. The attendance at the opening of the term is usually small, but yesterday was an exception to the rule and there were a large number of lawyers, witnesses and spectators on hand. There are an unusually large number of cases on the calendar, and Judge Fanning announced that he would not tolerate any dereliction on the part of attorneys, jurors or witnesses.

The first case to be called was that of the commonwealth versus Charles McCracken. McCracken was charged with assault and battery. He conducts a small store. Some time ago John Lamphere went into McCracken's store and wanted to borrow a quarter. McCracken declined to make the loan and witnesses swore that Lamphere became abusive. McCracken ordered him out and during the argument that followed Lamphere claims that he was assaulted. The jury took about fifteen minutes to bring in a verdict of not guilty and placed the costs upon the prosecutor.

The next case called was that of Thomas Dangerfield, charged with burglarizing a residence at Athens.

## JACKSON MISSING AND ALSO \$80.00

### Young Man Is Alleged to Have Departed from Home With His Father's Money

Elmer Jackson, Jr, who until Saturday night resided with his parents on Lincoln street, has disappeared from home. The young man left on Saturday night and with him went \$80.00, which had been left under a mattress. On Saturday, it is alleged, that while the family were eating supper young Jackson went to the bedroom and underneath the mattress on the bed he found the pocket-book. He immediately left the house and a short time after his absence was noted it was also discovered that the money was missing. The police in this vicinity were notified to be on the lookout for him, but up to a late hour this afternoon his whereabouts had not been ascertained. He is about 17 years of age, dark complexion, and fairly well dressed.

### Chief and Patrolmen Granted an Increase of Five Dollars Per Month Each

At the meeting of the council held last evening the salary of each policeman was raised five dollars per month. The increase will affect only the regular force, and it was highly deserved. The patrolmen have been getting \$45 per month and they will now get \$50.

Tomorrow is the last day for registration. You must be reentered or you cannot vote. Attend to this matter at once or you will be turned down when you offer your vote at the November election.

The sewer question was touched upon by the council last night but did not provoke any discussion. Attorney Yocum stated that the right of way to go under the Lehigh Valley tracks had not as yet been obtained, and until it was no further action could be taken by the council. Judging from the condition the project is in at the present time there is no hope of work being commenced on the system this fall.

## WHAT HAS BECOME OF THE LEPER CAR?

### Stated at Council Meeting Last Night That It Had Been Removed from Lehigh Yards

The famous Lehigh Valley "leper car" was the subject of discussion at the council meeting held last night. The discussion was precipitated by Councilman Coleman Hassler of the second ward, who asked for information concerning the board of health and the manner in which it was created. He was given the desired information by Borough Attorney Yocum, after which he charged the board with not doing its duty with reference to the car. He said that he had kept watch of the car ever since it was called to his attention that it was in the Sayre yard, and that while here the car had been painted and renumbered. Mr. Hassler insisted that the board of health should have placed the car under quarantine and employed an officer to guard it. He scouted the idea that the Lehigh Valley officials held a certificate to the effect that the car had been properly fumigated and disinfected, and said that if they had a certificate of this character it ought to be forthcoming without any hesitation on the part of the company.

Attorney Yocum, who is also secretary of the board of health, with the permission of the council replied to Mr. Hassler. Mr. Yocum stated that the board of health had acted promptly in the matter, and had been assured that the car would be disposed of by the company. When it was ascertained that the car had not been destroyed Mr. Yocum stated that the board again took action by communicating with the state health commissioner. The board is awaiting a reply. Mr. Hassler again took the floor and stated that the car had been removed from the Sayre yards and that the number had been changed from 68,833 to 69,065. Mr. Hassler was of the opinion that the car was now out of the jurisdiction of the local health authorities, but that at some future time we might catch produce, provisions, etc, which had been shipped in this car.
