TAG YOUR DOGS

Waverly—The village officials have decided to enforce the ordinance requiring all owners of dogs to purchase tags and place them on the dogs. A GRATUITIOUS INSULT

Here's another from Tuesday's issue of the Daily Times (elsewhere referred to as the d. t.): A proposition was made yesterday which seems a very plausible one, that the old sewer committee be discharged, and thanked for their work, and a committee consisting of the Burgess, two members of the council, the borough attorney, and engineer, and one citizen who has had practical experience in the line of constructing such work, be selected to perfect specifications for sewer system, when completed have the same brought before the council and acted upon and passed in the usual form and have the matter completed before it was given to the contractors for bids.

This plan would be working on lines of business and there would not be any use for dodging around to save a friend or two or let the contract to someone who had after bids were opened, tabulated the different bids and cut out a portion of the articles called for in specifications in order to secure the bid and afterwards add the same articles as extras.

The d. t. really displays some cleverness in attempting to dodge responsibility for the foregoing suggestion by stating that a "proposition was made," but the d. t. has worked the same game so often that the evasion in this instance is apparent to even the most casual reader. The fact of the matter is that the d. t. is disgruntled with the sewer committee in particular and the town council in general. Was there ever a time when the d. t. was not at loggerheads with the town council? The d. t. ought to set up in the town council business all by itself; then it could pass ordinances, grant franchises, print specifications and lay sewers just as its own sweet will should dictate. It might even build a little opera bouffe town hall as a side issue.

The d. t. article is a gratuitous insult to the sewer committee and the town council. These gentlemen were elected by the people to transact the public's business, and if they should proceed in an illegal manner, at any time, they can be brought to book. The members of the sewer committee are well known to our townspeople as men of ability and integrity, and to their credit be it said that they have remained silent in the face of nagging, churlish criticism that in communities not so well ordered as Sayre would be resented with a good old-fashioned horsewhip.

MORE RUMORS

Rumors are again current to the effect that another mob is being organized to descend upon the Italians in this place this evening. It has been generally conceded that there would be no further demonstrations on the part of those who desire to see the foreigners driven out of this section. Today, however, the report has gone out, and is common talk on the streets, that a mob is organizing which will do business tonight. The local police force, with the half hundred deputies already sworn in by Sheriff Griffin, will be on hand to take care of violators of the law.

MAKING RETURNS

Ward Assessors, Gay, Hulet, Brougham and Lewis went to Towanda today to return the list of voters registered in their respective wards. Yesterday was the last day for registration and it is the duty of the assessors to make their returns on the following day.
