Simplified Storekeeping

What simplified spelling does for our language, simplified storekeeping does for merchandizing. The unnecessary, the expense-making features are dropped. In our business simplified storekeeping means, when you simmer it down,

Buying for Cash, Selling for Cash, One Price to All No Special Concessions for Anyone You Pay No Less Nor No More Than Others That All May Share Alike Simply the Shortest Cut from the Producer of Goods to the Consumer

No switches, no expensive credit accounts, no bad debts, no fuss or frills to swell our selling prices. We have one cashier and one manager over The Big Store, which is the equivalent of three to five ordinary separate stores. But how does that save? We know. That's why we are leaders in universally low prices, and make a new chapter in the history of merchandizing in this section of Pennsylvania and New York: It's all done under one roof. Simplified storekeeping must be a popular proposition; at least through it we find our records show a healthy gain in sales. As seasons come and seasons go we are always ready with the right merchandise at the right prices.

NOW IN PROGRESS Nobby Styles at Tag-End-of-the-Season Prices. Extraordinary values in Wash Suits for Boys up to 8, Girls, Misses, and Womens. Rare Bargains on all Small Odd Lots of Merchandise. Special to close on All Classes of Merchandise throughout the store.

...I don't know touch with the Price Register if you fail to keep in

THE FATAL GRADE CROSSING.

Three Killed and a Score Injured in Philadelphia Suburb. PHILADELPHIA, Sept. 3.—Three men were killed and a score of others injured in a grade crossing accident last night at Twenty-fifth street and Passyunk avenue, near the Atlantic Refining company's plant.

A trolley car containing about fifty passengers, all men returning from work at the oil refinery, was struck by a train of empty tank cars on the Pennsylvania railroad. Owen Sweeney was ground to pieces under the wheels of a tank car, and Julius Bewar, aged sixty, and an unknown man died later at a hospital. Twenty others were conveyed to various hospitals, but none of these is believed to be seriously injured.

A shifting engine was backing the train, and the motorman of the trolley car thought he could cross the railroad tracks before the tank cars reached the point. The last tank car struck the trolley car full in the side, overturning it and forcing it fifteen feet along the railroad tracks.

NEW YORK, Sept. 4.

Market irregularly had no ill effect on legitimate business, and prices of securities quickly rallied when gold imports were arranged. Scarcity of labor is a much more important trade influence, restricting production of factories and causing delays in harvesting of crops, while structural work is also retarded. Fall jobbing trade is making progress, shipping departments forwarding goods as rapidly as possible. Leading centers are crowded by interior buyers, who place liberal orders, especially for wearing apparel. Quotations are well maintained, and some improvement is noted in collections. A reasonable increase appears in retail trade at most points, although urgency of work on the farms limits business in those sections. Wholesome reports from the iron and steel industry and expectation of large crops have developed a tone of confidence in the commercial world that makes the outlook bright and encourages new undertakings. After the high record of pig iron sales that was established last month, August far surpassing all previous summer months in amount of new business in this industry, it was not surprising to find more quiet conditions during the first week of September.

Textile markets still show evidences of conservatism among buyers, although mills are busy and confidence in the future is not impaired. Holiday interruption restricted total transactions for the week, but this was not the only quieting element. Advances from the northwest, St. Louis and Chicago are most satisfactory, and improvement is reported at the south. Commercial failures this week in the United States, as reported by R. G. Dun & Co., are 133 against 170 last week, 167 the preceding week and 190 the corresponding week last year. Failures in Canada number 8 against 14 last week, 34 the preceding week and 23 last year. Of failures this week in the United States 44 were in the east, 38 south, 38 west and 13 in the Pacific states, and 36 report liabilities of \$5,000 or more. Liabilities of commercial failures reported for August are \$8,821,154 compared with \$6,140,000 a year ago.

Trolleys for Peru.

Lima, the historic capital of Peru, is to have a system of electric street railroads operated by power obtained from falls in the Rimac river, 30 miles from the city. The cars used will be American, and so will the electric machinery and the track.

Boy of Eleven Votes.

In the southeastern division of Essex a lad named James Griggs, aged 11 years, living at Thundersley, near Southend, found himself on the register, and voted at Rayleigh.

Never Known to Fail.

Hussell—Hallo! I knew you'd drop in to-day. Borem—Eh? Really? "Yes; I never was so busy in all my life."—Stray Stories.

ATHENS.

SOLDIER'S REUNION

Athens—The fifth annual reunion of Company D, First New York Veteran Cavalry, was held at the Valley House, Sheshequin, yesterday. Although there was but eleven of the survivors of the company present, the boys had a very lively social time. Many comrades of other organizations joined with them and they were as liberal as they were when they shared the last hardtack with each other. They are all true, tried soldiers, and their experiences in the trying times of our country's need, have made them generous and big hearted and jovial in a high degree. They had martial and violin music and recitations to enliven the day, and it was decided hereafter to consolidate with Company D, Seventeenth Pennsylvania Cavalry and hold their reunions hereafter together. The following officers were elected for the ensuing year: John J. Webb, president; Milo Merrill, vice president; Eubutus Brigham, treasurer; W. J. Lent, secretary. Jacob H. Fish, of Montour Falls, N. Y., came all of the way to attend, and after he arrived in Athens he took his way toward Sheshequin on foot, but a comrade overtook him and he rode the rest of the way. Their next reunion will be held the first Friday in September, 1907, at a place to be hereafter decided.

ATHENS CHURCHES

At St. Joseph's Catholic church tomorrow there will be mass at 8 and at 10:30 a. m., followed by sermon, also at 7:30 p. m. The Jesuit Fathers will open the mission at 10:30 a. m., and there will be the mass and sermon at 8 and 10:30 a. m. and 7:30 p. m. all week. Music in charge of Prof. Deming of Towanda.

In the absence of Dr. Simpson Mrs. Manie Law will occupy the pulpit in the Methodist church in the morning and at the union temple in the evening. "The Birth of Man" is the subject of the morning service at the Methodist church. "Evening subject, "He That Will Save His Life."

The subject at the morning sermon at the Presbyterian church will be, "The Price of Truth."

Regular services at the Episcopal church.

No preaching service at the Baptist church.

Permanent Dentistry

Bring Your Job Printing to

A quarter of a century ago we placed some gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
