ALL IS READY FOR THE BIG PARADE

Final Arrangements Made and A Successful Time Is Assured for Next Thursday.

The large dapple gray team of the Stegmaier Brewing Company will draw the Wilbur hook and ladder company's big truck in the firemen's parade next Thursday. George P. Kline will handle the ribbons.

The Wilbur hook and ladder company will meet for drill this evening. Every member is requested to be present as this will be the last drill before the big parade.

Business men are requested to get their floats in readiness for the parade. It is hoped that this will be one of the distinctive features of the event.

At a meeting of the fire board held yesterday afternoon final arrangements for the convention and parade were completed. It is now up to the citizens to do their share and the event will go down in history as the finest ever held in this section.

The line will form at 2:30 and move promptly at 3 o'clock.

There will be music galore on Thursday next. All the available bands and drum corps in this section have been engaged for the occasion.

FINE PICTURES

Howe's moving pictures were greeted by two large audiences at the Loomis on Saturday afternoon and evening. Usually moving picture entertainments are not any too well patronized, but those presented by the Howe companies are always sure to draw big houses. The pictures shown at the Loomis were of a high character, scenes from nearly every part of the globe being presented in a most satisfactory manner. The audiences were delighted, and so well is the management of the Loomis satisfied with the entertainment that a return date will be given the company some time in the near future, thus giving everyone an opportunity to see them.

W. C. T. U. PICNIC

The ladies of the Milltown W. C. T. U. were to have picnicked at the Fordham farm, but owing to the cold wave they gratefully accepted the invitation to the Wheelock house. They report a very enjoyable time, and their county president was one of their number. In the afternoon at the regular meeting a report of the county convention was read. Mrs. McCloskey was elected delegate to the state convention and Miss Anabel was chosen as alternate. A program for the coming year has been arranged and the members are determined to do more for the cause of temperance and to put down the great evil of the liquor traffic.

HENRY M'KIBBON

Henry McKibben, a hotel keeper of Lopez, died at the Packer hospital last evening at 6:25 o'clock of abdominal trouble. The deceased, who was 39 years of age, had been in the hospital but a short time. The fore part of last week he was engaged in handling a piece of ice and it is presumed that he suffered a severe strain. He was taken seriously ill and later moved to the hospital. He is survived by his wife and one brother, Samuel, of Athens. The remains were sent to Lopez this morning.

Lady Willard Rebekah lodge No. 131, will celebrate the anniversary of the Rebekah degree Wednesday evening Sept. 19, in the Odd Fellow's hall. Everybody welcome. Free to all.

The New York Standard Stock Company opens a week's engagement at the Loomis this evening. The company comes to this region well recommended and will present a fine list of plays. The indications are for a large crowd this evening.

An excursion of Odd Fellows passed west over the Lehigh yesterday. The train was in two sections and the coaches were loaded to the limit. During the stop made here the crowd at the station was entertained by some very fine chorus singing.

The construction of a modern passenger station at Towanda has been authorized by the Lehigh Valley. The contract for the work has been let and will be commenced very soon. It will be located a few hundred feet north of the present station.

THE BIG CARNIVAL

The big carnival will open this evening. The company arrived yesterday and today the Desmond street grounds have presented an animated scene. There are nearly 100 people with the company and a first class exhibition will be given. A fair percentage of the receipts will go to the Packer hose company of this place.

LEHIGH TO REDUCE PASSENGER FARE

After November First the Company Will Charge Only Two and One Half Cents Per Mile

Following the action of other big railroads in the east the Lehigh Valley will, on November 1, or as soon thereafter as possible, reduce the rate for passenger fare from three cents to two and one half cents per mile. The announcement is made by the general passenger agent, Charles S. Lee, and it will be received with gratification by those who patronize the road.

It is also announced that on the same date the company will reduce the charge on the interchangeable mileage books to \$25, with a rebate of \$5 on the return of the cover. This makes five of the big railroads in the east that have announced their intention of reducing fares.

SLIGHTLY MIXED

The Towanda correspondent of the Elmira Telegram got things a little mixed in his communication concerning the number of registered voters in Sayre which appeared in yesterday's issue of that paper. The correspondent gives the whole number registered in the borough as 1099. To the third ward he gives only 48 votes, while the Fourth ward is left to struggle along without any electors. As a matter of fact there were 1,876 voters registered by the ward assessors, divided among the wards as follows: First ward, 501; second ward, 550; third ward, 337; fourth ward, 488.

MRS. JOHN BUCK

Mrs. John Buck, a resident of Laceyville, died this morning at 1:30 o'clock at the Packer hospital after an illness which began on July 4. Death was due to stomach trouble. She was admitted to the hospital on Friday last and the following day underwent an operation. She was 43 years old and is survived by her husband and one child, the latter ten years old, and one brother, L. A. Evans, a well known Lehigh conductor. The remains will be sent to Laceyville this afternoon.

IMPROPERLY ENDORSED

The local banks have refused to cash a large number of Lehigh Valley pay checks on account of their having been improperly endorsed by the officials of the company. There are said to have been in the neighborhood of three hundred checks sent here in this manner, but it is quite likely that the error will be corrected and checks issued upon which there will be no trouble in securing the amount for which they were drawn.

Showers of Oil.

At Baku, on the Caspian, the people have been suffering under a most deplorable affliction ever since the recent firing of the oil wells by the rioters. The burning naphtha throws up with the oil great quantities of water, which, transformed into steam by the tremendous heat, hang like snow-white clouds above the town. When these clouds fall in the shape of rain they bring down with them a quantity of finely atomized naphtha, which covers houses, windows and streets with a greasy coating of ill-smelling oil.

Compromise.

"I have a little granddaughter," said a senator, "who is very fond of animals, especially dogs. Her mother has taught her to pronounce the word until it sounds like dshg. Her father sticks to the good old-fashioned dawg, so the child has compromised, and now every canine is a dshg-dawg."

Continental Manners.

The way we live now certainly tends toward the modes and manners of the continent. We go in strongly for outdoor amusement, we take our pleasures less sadly, social life is everything to us, and the ties of home and family accept a back seat in our calculations.—Ladies' Field.

Where Sun's Rays Never Reach.

At about 600 feet below the surface of the sea the warmth and light of the sun cease to have any effect worth mentioning. From that depth downward the ocean is always cold and always dark, the temperature of the water standing a little above the freezing point.
