PALMA ON THE RACK

Taft and Bacon Trying to Solve Cuban Problem.

REBEL POST CLOSE TO MORGAN HOME
President of Island Republic Bitterly Opposed to New Election—Will Re-sign if Pressed—Armed Insurgents Seta Dynamic.

HAVANA, Sept. 20.—In the course of a long conversation of the American secretary with President Palma at the palace here Messrs. Taft and Bacon subscribed to the sentiments set forth in President Roosevelt's letter and expressed the hope that their visit would contribute to the establishment of peace.

In reply to their questions President Palma reviewed the various aspects of the electoral problem in Cuba. Asked whether the government had taken steps to effect a compromise, the president replied in the negative, saying that the government had limited itself to assisting the efforts of the veterans without taking an active part in the negotiations.

According to Taft when asked if any revolutionary demands had been directly affected by these negotiations, President Palma said in reply that the programme of the revolutionists included the absolute annulment of the last elections and that if by compromise it should be agreed to hold partially new elections he, Palma, would no longer continue as executive because his prestige would suffer, and to do so would be a drawback to a constitutional form of government.

According to the efforts being made to bring about peace, President Palma said that he had left that matter to the political parties. On receipt of President Roosevelt's letter the government had limited itself to suspension of hostilities. The president added that in his judgment congress should pass an electoral law which would amply guarantee both parties, also a municipal election law under which elections would be held next January, the government to preserve strict impartiality.

The president of both the Moderate and the Liberal parties have submitted to the envoys representing President Roosevelt their respective statements of the facts leading up to the revolution and the conduct of the belligerents. Each of the presidents later will present a written statement of the terms they are willing to agree to in the interest of peace. General Meneses, representing the veterans, also related to Messrs. Taft and Bacon the efforts he has made in the line of peace making.

Secretary Taft stated later that he had just begun his work in Cuba and that it was evident that the mission upon which he came would require more time than he had anticipated before his arrival. He estimated that ten days would be required to complete his errand, but he could not say whether or not it would be necessary to visit insurgent camps or other cities. He was pleased with the fact that representatives of every faction had visited the agents of President Roosevelt, which he considered augured well for the success of the mission.

A detachment of 800 rural guards has been sent to Marianao, which hitherto has not been especially protected. After an interview with Messrs. Taft and Bacon, Vice President Mendez Capote said the government was absolutely opposed to any plan which involves new elections.

TREPOFF BURIED.

General Nicolai's Assassinated at Warsaw.

ST. PETERSBURG, Sept. 20.—General Dmitri Trepoff, who died last Saturday, was buried at Peterhof. A great throng of army officers and high functionaries followed the casket on foot through lines of soldiers from the villa where the general died to the cathedral and thence to the place of interment. Although an attempt by revolutionists to interrupt the services was feared, nothing happened.

General Nicolai of the artillery has been assassinated at Warsaw. He was erroneously thought to be a member of the field court martial. General Nicolai was walking on Wieleska street when he was surrounded by five revolutionists and shot dead. The murderers escaped.

According to a report received from the governor general of the Caucasus at Eriwan, four Tartar villages in the district of Samsougar have been reduced to ashes by Armenians.

At Tashkent, M. Scharigin, state attorney, was shot by a student named Rodriguez, and the murderer was arrested.

An extensive agrarian riot broke out at the village of Lyngogora, near Odessa. Estates have been burned and nearly all the local officials injured. Coesacka, who were summoned, arrested 220 of the rioters. The governor general has gone to the scene of disorder.

SCOTCH EXPRESS WRECKED.

Engine and Coaches Went Over Embankment—Many Dead and Dying.

LONDON, Sept. 20.—The crowded Scotch express train on the Great Northern railway leaving London last night was wrecked outside of Grantham at midnight. The train should have stopped at Grantham, but failed to do so. Shortly after passing the station the train left the rails and jumped a bridge. The engine and several coaches were dashed over the embankment, the engine turning turtle. Several coaches immediately took fire. There are many passengers beneath the debris. Of ten extricated five have died. The number of lives lost is not known, but is believed to be large. Many were injured.

At last accounts the coaches were still blazing and the fire brigade had been called out.

The dead and injured as yet have not been identified.

At the spot where the express was derailed there is a curve, and it is supposed the brakes failed to act. The train appears to have gone upon a siding, smashing the parapet of the bridge, which was completely shattered.

Fifty Years and Lash For Him.

WILMINGTON, Del. Sept. 20.—Charles Conley, the negro who attacked and seriously injured Mrs. Beatrice Frankish and her daughter, Miss Gustie Leitch, on a public road ten days ago, was sentenced to fifty years' imprisonment and to receive thirty lashes at the whipping post. The negro attacked the women while they were driving. He rendered Miss Leitch senseless by a blow on the head with a stone and struggled desperately but vainly to feloniously assault the elder woman. The prisoner will be whipped next Saturday.

HEARST OPENS WAR

Independence League Candidate Speaks at Hudson.

PICTURES JEFFERSON AND LINCOLN

"Jefferson Declared For Government For Greatest Good of Greatest Number; Lincoln For Control by the People For the People."

HUDSON, N. Y., Sept. 20.—The upstate campaign of the Independence league was formally opened here amid great enthusiasm at the Columbia County fair, which is being held at Hudson city.

Representative William M. Hearst, the league's candidate for governor, was greeted by a large assembly. Mr. Hearst said in part:

"The Albany association of party savers limited has issued a prospectus of their close corporation. In this statement they say the Independence league addresses itself to Jefferson Democrats and Lincoln Republicans, whoever they may be."

"These gentlemen, who are unable to understand what Jefferson Democrats and Lincoln Republicans are, have no difficulty in understanding what Ryan Democrats and Rockefeller Republicans are."

"For the enlightenment of the Albany association I will explain that Thomas Jefferson was the founder of the Democratic party and Abraham Lincoln the founder of the Republican party. And I will deduce Jefferson Democrats and Lincoln Republicans as citizens of intelligence and conscience who understand the principles of their respective parties and the purpose of the founders of their parties, who place principle above politics and held patriotic duty higher than party loyalty."

"The Albany association must admit that such people as Jefferson Democrats and Lincoln Republicans actually exist, for in Pennsylvania citizens calling themselves Jefferson Democrats have repudiated that distinguished Standard Oil statesman James A. Guffey and have united with citizens calling themselves Lincoln Republicans."

"The object of this union is to wrest control of the government of the state from corrupt corporations and their hired henchmen."

"In this state also a union of Jefferson Democrats and Lincoln Republicans is proposed as against the union of Ryan Democrats and Rockefeller Republicans, which has been formed for plunder. The union of Lincoln Republicans and Jefferson Democrats is a natural one, for the principles of the founders of two parties are practically identical."

"Jefferson declared in favor of government for the greatest good of the greatest number, Lincoln for a government of the people, by the people."

"Jefferson wrote the Declaration of Independence and Lincoln said, 'I have never had a feeling politically that did not spring from the sentiments embodied in the Declaration of Independence.'"

"Jefferson enunciated the doctrine of 'equal rights for all and special privileges to none,' and Lincoln said that 'the principles of Jefferson are definitions and axioms of free society.'"

PHANTOM LED JUMPERS.

Hitchcock Steeplechase at Gravesend Won by 7 to 5 Favorite.

NEW YORK, Sept. 20.—Phantom, 7 to 5 favorite, easily won the Hitchcock steeplechase, at about two and a half miles, at Gravesend, defeating a fair field of jumpers. Eight good timber toppers started for this race, and they all fenced in fair style.

Balzac cut out the pace for about a mile and a half, when Phantom went to the front and won by five lengths. Jimmy Lane was second and Coligny third.

Rosenben, carrying the heavy impost of 150 pounds, met with defeat in the first race. The task was too much, and the great sprinter stopped in the last sixteenth after making the pace. Comelienne, a 20 to 1 shot, caught Rosenben tiring and won by a length and a half. Four favorites won. Summaries:

First Race—Comelienne, first; Rosenben, second; Watergrass, third.

Second Race—Phantom, first; Jimmy Lane, second; Coligny, third.

Third Race—Frank Lord, first; Oraculum, second; Blundy, third.

BRYAN AT COLUMBIA

Attacks Secretary Shaw's Tariff Arguments.

ORIENT NEEDS CHRISTIAN IDEALS

Roosevelt Used His Platform—Was Elected as "God of War." Would Go Down in History as a Peace-maker.

COLUMBIA, S. C., Sept. 20.—While J. Bryan spoke to a great assembly of people on the campus of the South Carolina university here, the audience was made up of representative men from every county in the state. He stood under the portraits of Calhoun and Hampton, to whom he made eloquent reference in his opening remarks. He was presented by Governor D. C. Heyward.

Mr. Bryan expressed gratification that the meeting had been opened with prayer, and he referred to the fact that the need of the orient was Christian ideals for citizenship.

He attacked Secretary Shaw's tariff arguments and declared earnestly that no Republican can refute tariff questions without contradicting himself. He also declared he had no objection to President Roosevelt using his platform, but he does object to electing a Republican when a Democrat could be chosen on the same platform and be consistent.

Roosevelt, he said, had been elected as a "god of war" and will go down in history as a peacemaker.

Peace was the Democratic platform. The Republicans, he charged, had refused to put a rate bill clause in their platform, but the Democrats at Kansas City had done so. He made his usual anti-trust argument and explained that he had been misunderstood in the matter of the public ownership of railroads.

He wanted merely to correct existing abuses rather than to encourage centralization. He declared he believed he is right and does not care whether the people agree with him or not.

Mr. Bryan later left for Georgia to continue his southern tour.

Mongolian Passengers Ashore in Camp MIDWAY ISLAND, North Pacific Ocean, Sept. 20.—The Japanese training ship Aneka was not anchored close to the Pacific Mail steamer Mongolia, which went on the reef off this island Sept. 16. There is no change in the position of the Mongolia. The weather conditions continue the same. The 500 passengers of the liner are camped on shore and are all well. The Asiatics among them are in a separate camp. All sanitary arrangements are under the control of a doctor of marines. Everything is well organized.

Jewish New Year Opened at Sunset.
NEW YORK, Sept. 20.—The Jewish New Year, which began at sunset last night and, according to the Hebrew calendar, marked the beginning of the five thousand six hundred and fifty-seventh year since the creation, was generally observed among the more than 600,000 Jewish residents of this city. The anniversary is a holiday as distinguished from the more solemn holy days, but nevertheless every Orthodox Jew began its observance with prayer at his synagogue. Feasting and merry-making followed.

"A Mere Religious Veneer."
MILWAUKEE, Sept. 20.—Irregularity at the State university was severely scored at the sixth annual council of the Milwaukee Episcopal diocese. Canon St. George of Nashotah declared that the spirit that prevailed in the university was "a mere religious veneer," that students had nothing to encourage them to keep up with the church; that the "temptations and difficulties that confronted the students of the state institution were such as required the most heroic Christian principles to resist."

Tragedies at Excelsior Springs.
EXCELSIOR SPRINGS, Mo., Sept. 20.—James Curry of Topeka, Kan., shot and killed his wife here and then killed himself. No cause is given. J. P. Farley of Leavenworth, also a visitor at the springs, killed himself by taking carbolic acid.
