Mrs. A. C. Traylor, Colechester, Conn., writes that she has been afflicted with Rheumatism for several years. She says she was all run down. Bloodine is a body builder and system tonic of wonderful merit, and if you have not tried it, you should try it today. The great relief it has given me is beyond description. It is the only medicine I have used by C. M. Driggs, Sayre, Pa.

A REMARKABLE REMEDY

Turner's Inflammacin Efecting Cures That Are Little Short of Miraculous

Turner's Inflammacin, the new remedy that has been introduced in this valley within the last few months by E. LeRoy Burgdorf, seems to have gained a strong hold on the popular favor as evidenced by the testimonials that follow. The remedy has been used by some of the employes of The Record, and gave good results. Inflammacin is a certain cure for piles, and Mr. Burgdorf will be pleased to refer sufferers from piles to persons who have been cured by Inflammacin after years of doctoring in the usual way. Mrs. George Luther, 143 First street, Sayre, will be the local agent and will make a canvass of Sayre every two months. Mrs. Eliza Hoagland, 302 Desmond street, Sayre, is agent for Bradford county. The remedy can be obtained from either of these ladies at any time. It is made by the E. B. Turner Company, Bergen, N. Y. Read these testimonials:

Sayre, Pa., Sept. 6, 1906.

Mr. E. B. Turner,

Bergen, N. Y.
Dear Sir:—I am 78 years old and I have had the hay fever for the last 35 or 40 years, every year. I have tried many doctors and remedies and found only temporary relief. Your agent left a box of Turner's Inflammacin on trial at my house and the first application had the most soothing effect. From the second or third application it retarded the sneezing and discharge from my nose and eyes completely. After one week's treatment it did me more good than any remedy I ever tried. I now realize that I am perfectly free from hay fever. If I could not get another box of it, I would not take ten times the cost of the box for it. I would cheerfully recommend it to all sufferers with hay fever.

J. H. Post,
114 Plummer St., Sayre, Pa.

I commenced using Inflammacin for gonorrhea and in less than a month I could see a great change in my neck. I will gladly recommend Inflammacin to all that are afflicted with gonorrhea.

Mrs. E. A. Boggs,
499 Cayuta Ave., Waverly, N. Y.

So, Waverly, Sept. 4, 1906

Mr. E. B. Turner,

About 28 years ago, after giving birth to my oldest girl, I had a Milk Leg, was sick at that time for about 6 months. Then after 11 years ulcers broke out on both limbs and I have suffered from them ever since without finding any remedy to heal them. Your agent left a box of Turner's Inflammacin at my house on trial. I used it, found immediate relief, and bought up what of the remedy I could get of my neighbors. I have now used three boxes which have completely healed the ulcers and sores which I have been unable to heal for 19 years. I can cheerfully recommend your remedy to all women who are suffering from milk leg, and will be glad to answer any correspondence from anyone in regard to my miraculous cure.

Mrs. Maggie Billing,
130 Pitney St., So. Waverly, Pa.

NORTH CAROLINA TOWN

HAS A NEW HOBO GURE

Marshal Lines Up Tramps and Makes Them Run Race, Threatening to Flog Loser.

Raleigh, N. C.—The town of Wilson, this state, has introduced a new form of "sport"—tramp racing. When a hobo "hits the town" he is arrested and incarcerated in the lockup. When several have been accumulated the whole lot is marched out into the public square. Across this a line is drawn and the tramps are told to line up. Hardly has the ranged line been formed when the town marshal confronts them, rawhide whip in hand, and informs them that one mile down the road is a ditch that marks the corporate limits of the town. At a given signal they are to start for the ditch, and it is to be distinctly understood that the hobo whose tattered coat tail last flutters across the ditch is to be treated to such a flogging as he will have cause to remember all the days of his life.

This pronouncement is announced with an impressiveness that leaves no doubt in the minds of its hearers, and the "Ragged Bobs" immediately begin to inspect one another in an effort to size up each other's sprinting ability, the short hobo eyeing the long legs of his neighbor with envy.

OFF GO THE HOBOES.

"Line up an' toe the mark square," shouts the marshal. "Git set!" "Go!"

The line surges, then breaks and off go the hoboes. The marshal and his assistants leap upon their waiting horses and are off after the flying tramps, catching up with them and spurring the ambition of the laggards with sharp warning sticks from their whips.

Straight down the road goes the flying company, their heels pattering upon the ground with spurts of dust. From tattered bulks they quickly dwindle into ragged specks and are soon lost to view in a cloud of dust, while the assembled spectators shout with glee.

As a matter of fact, no man has yet been flogged, but belief in the flogging of the last man across the ditch is firm and no tramp that has once run the race has ever been known to return to the town of Wilson.

FACE DEATH IN MIDAIR.

Two Aeronauts Land After Flight of 12 Miles in Blazing Ship.

Pottsville, Pa.—A blazing ship, which threatened to roast its two occupants, 400 feet above the earth, amazed the residents in this section. The aerial craft was manned by George Phillips and a companion, and it caught fire from a spark from the gasoline motor.

Phillips constructed the ship on his own plans on a farm near Orwigsburg. While making experiments he would allow the ship to rise about ten feet in the air. While he was taking one of these ascents the ship got beyond control, and, rising swiftly, struck a course in this direction. As observed from St. Clair the ship seemed to be making fast progress, going northward directly in the teeth of the wind. For a minute there was a bright flame visible. The ship descended swiftly and reached the ground badly damaged, after a flight of 12 miles.

Phillips said the fire was only a "flash in the pan," but he admits that he and his companion were considering the project of jumping to the earth in the parachute to save themselves from being roasted to death.

Mouse's House of Toothpicks.

Manchester, N. H.—An ingenious arrangement for house-keeping made by a mouse was revealed by house-cleaning operations on the part of an Exeter resident recently. A carton of wood toothpicks had been placed in the rear of a drawer in the pantry, and the partition was space enough to lay a toothpick lengthwise. The mouse made its way into the drawer and removed every toothpick from the carton and carefully built them up into a square in the space at the rear. They were carefully placed one above another, the cross layers holding the whole fabric firmly. Then the mouse made a warm nest in the bottom.

Woman's Queer Calling.

A woman who appeared in a London police court the other day was described as a "pawning agent." She makes her living by pawning things for her neighbors, who pay her a commission because they believe she can secure larger loans than they could.

EXCELLENT LECTURE

Waverly—The lecture given last night at the Presbyterian church by the Rev. Delos E. Finks was very much enjoyed by all who were present, and the church was well filled. He gave a short discourse on the Mormons, showing their high rate of increase, and that they were a menace to the free institution on which this government is founded. He said that Mormonism stood for conspiracy, treachery, tyranny and treason. The views of the five houses that are now maintained at the present time by the president of the church, Joseph Smith, for each of his five wives, and the pictures of the many costly temples in Utah proved interesting. He showed many other pictures of the scenery, the people and their modes of life in various parts of the country. He will give another lecture this evening, and it will be well worth the time of any one to attend.

WOULDN'T PAY FARE

Waverly—A man named Houck boarded an Erie train at Binghamton yesterday and paid his fare to Owego, but failed to get off the train when that place was reached. After leaving that station he refused to pay any further, and raised a rumpus when the conductor brought him to settle. He had a large sized jag on at the time, and it is suspected that that was the cause of his belligerent attitude. When the train reached Waverly he was taken from the train and locked up. He was still too drunk this morning to be given a hearing, and is still in the calaboose.

GIVEN SIX MONTHS

Waverly—Burr Dove got a large sized jag on yesterday and was on the streets all day, running whenever he saw a man wearing a police uniform. During the day he got rumpus and kicked a window out of the barn that is used by C. M. Young. Last night he ran against Officers Gridley and Corcoran, and they escorted him to the lockup. This morning he was given six months in the county jail at Owego, and it is hoped that after that period of reflection that he will decide to mend his ways.

STOCK COMPANY

TO OWN NORWOOD

Popular Hostelry Will Be Greatly Enlarged and Improved

Waverly—If present plans are carried out, and it is very likely that they will be, the Norwood hotel will be owned in the future by a stock company. It is the intention of those who are interested to greatly enlarge the hotel and improve it in many ways. Another story will be added. This will increase the rooms by about 21, and there will be 18 rooms with private baths. This will give a total of 54 transient rooms, besides accommodations for those working at the hotel. The wash rooms will all be tiled, and a private lighting plant will be installed, and the building refurbished throughout. When the work is completed the Norwood will be one of the most up to date hostelries in this section.

Theodore Shay, the present proprietor, will continue to manage the hotel, and will own a large part of the stock.

The plans for remodeling the hotel are completed and will soon be submitted to the contractors for bids.
