"DARE DEVIL" TRACY WINS.
Great Auto Trial Race Won by American Car and Chauffeur.
MINEOLA, N. Y., Sept. 24.—"Dare Devil" Joe Tracy, driving the slightly horsepower Locomobile racer with the eye of a hawk and an arm of steel, saved the honor of America on the Vanderbilt cup course when in a spectacular finish he won the elimination trials for American cars, beating the 115 horsepower Thomas car, which ably piloted by the Frenchman, Le Blond, was a good second, after having held the lead several times in the heart-breaking 300 mile race.
Third, and the only other car to finish the contest, was the sixty horsepower Haynes, not a real racer, but only a stripped touring car model, which, carefully nursed by Harding, maintained a speed sufficient to distance cars of twice the power.
The winner negotiated the ten rounds of the course in 5 hours 27 minutes and 45 seconds, which was at a rate of 32.745 miles for each lap of 29.71 miles, or an average speed of 54 1/2 miles an hour. Tracy's fastest round of the course was made in 29 minutes and 29.3 seconds, on the sixth lap.
Le Blond, who finished second, took 5 hours 51 minutes and 25 seconds to cover the course, while Harding's time was 6 hours 25 minutes and 39 seconds. The latter finished at 12:37:39 p. m., and at 12:50 p. m. William K. Vanderbilt, Jr., who acted as referee, called the race off, after consultation with the cup commission, as people were crowding on the course at various points and a serious accident seemed likely if the racers were allowed to continue.
As only three cars had finished, and as it was necessary to pick five cars to represent America in the race for the Vanderbilt cup on Oct. 6, the officials decided to allow the two cars which were leading when the race stopped to qualify. These were the 120 horsepower Pope-Toledo, driven by Herbert Lytle, and the fifty horsepower Christie touring car, built and driven by Walter Christie. These two cars, therefore, with the Locomobile, the Thomas and the Haynes, will make up the American team which will try conclusions with the German, French and Italian cars two weeks hence.

A Friend of the Poor Dead.
PHILADELPHIA, Sept. 24.—Peter S. Dooner, a widely known hotel keeper of this city, died last night at his summer home in Sharon Hill of paralysis. He was sixty-eight years of age. Mr. Dooner was born in Ireland and came to this country at the age of six years with his parents. Early in life he enlisted in the navy and later became a pressman. He was for a number of years foreman of the press room of the old Philadelphia Age and the Philadelphia Times. For twenty years the Christmas dinner of the wards of the Little Sisters of the Poor was furnished by Mr. Dooner, who, with his sons, always acted as waiters at the dinner.

Woman's Body Found at New Haven.
NEW HAVEN, Conn., Sept. 24.—The body of a well dressed woman, apparently about thirty years old, was found on the beach at West Haven yesterday and now awaits identification. The only clue so far discovered which may lead to identification is a monogram "F" on a gold watch, found on the woman. On her left hand were a wedding ring and a turquoise ring and on her right hand a plain gold band. Earrings with imitation diamonds were in her ears. She appears to have been of German descent.

The garrison of federal troops has joined them, and the uprising will at once spread to Vera Cruz, Tlalasco and Chiapas."
