REESER, KESSLER WIELAND CO. THE BIG STORE WITH LITTLE PRICES

Some Things in This Store That Differ from Other Stores

A private fitting room for customers trying on garments. Alterations, if necessary, made by a competent tailor; this work being done free of charge. Ladies' toilet room fitted out complete. Ladies' rest and waiting room, where you can enjoy a rest on a couch or a large rocker. Where you can meet a friend. Where both 'phones are at your service. Where you can write a letter and mail it in the store. Where every article is sold for just what it is, and we stand ready to make good every representation whether spoken or written. Where one price governs (the lowest) so your neighbor buys for no less than you do. That's unusual, perhaps, but a fact. Where, if goods are not exactly what you thought, if your taste changes, if you find you can buy the same article somewhere else for less money, if you conclude you don't need it when you get home, bring it back uninjured and the full amount of money paid by you will be returned on the spot. Where you get a service equal to city stores and where if you ask us for a piece of merchandise which is not in stock we can accomplish its delivery to you in a few days time. Where you get direct New York representation and a service through our New York offices, No. 491 Broadway, one flight up. Where you pay cash for the goods you buy and not for what others have bought and did not pay for. That's why you get it here for less. These advantages appeal to thrifty buyers. That's why we are growing. Look us over; look elsewhere, then this ad will be more appreciated.

ITALIAN INJURED

Waverly—An Italian who was engaged in loading rails from a wagon on the new trolley line was very badly injured yesterday afternoon. In taking a rail from the wagon it in some way got loose and struck him on the front of the leg and slid down nearly to the foot, tearing the flesh off clear to the bone. He was immediately brought to Waverly and taken to Dr. Griswold's office, and later to the Sayre hospital. No bones were broken but it is almost a miracle that they were not.

THIS MAN CHOSE AN UNRELIABLE BANK

Waverly—A man named E. L. Bramwood, who says that his home is at Wyalusing came to Waverly last Saturday, and proceeded to imbibing rather freely in alcoholic stimulants. He had a sum of money that he did not care to spend, and so he gave it to Jason Blossom, the porter at the Tioga hotel for safe keeping. The amount at first handed over was \$24, but later he got \$2 of it back. The next day after he had sobered up somewhat he looked for Blossom, but he was nowhere to be found. Later he was located in Elmira, and yesterday he came back, but when Bramwood asked him for the money he failed to produce it. When pressed to return it he said that he had spent it but that he would pay it. After skirmishing around without finding anyone who was willing to lend him the required cash, Bramwood swore out a complaint, a warrant was issued, and Blossom was placed under arrest. This morning the case was adjourned until October 19.

Sentiment, comedy, thrills, and scenery so elaborate and artistic as to charm the eye of the main features which have been instrumental in gaining for this latest of the season's successes the position which it holds in the regard of those who have been fortunate enough to see it performed.

Permanent Dentistry

Bring Your Job Printing to Murrelle's Printing Office. A quarter of a century ago we placed some gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

These are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.

ARMISTICE IN CUBA

Taft Brings Peace Out of Island Chaos.

FORESHADOWS END OF ANARCHY.

Insurgent Chiefs Evince Willingness to Accept Permanent Truce on Certain Named Conditions. Trains Still Held Up.

HAVANA, Sept. 25.—A formal armistice agreement was prepared by Secretary Taft and taken to the camps of Generalis Guerra and Castillo, where these chiefs attached their signatures to it. The document was signed also by Acting Secretary of the Interior Montalvo in behalf of the Cuban government.

The following is the text of Secretary Taft's armistice as agreed upon absolutely by the insurgents and on one condition by the government officials: "A truce or suspension of arms having been decreed by the president of Cuba and proclaimed to the forces of the Liberal party by their leaders, I, as intermediary for the purpose of arranging a permanent peace, have the honor to request the opposing parties to specifically agree during the truce to refrain from all military operations of a hostile character and all preparatory movements or maneuvers which could not have been performed during the continuance of hostilities or which would have been performed under the fire of the opposing party.

"First.—No movement of troops shall take place on either side without a notification to the opposing authorities—viz, the secretary of the interior of Cuba, Alfredo Zayas, representing the Liberal party, and the American peace commission.

"Second.—This peace shall be effective throughout Cuba.

"Third.—If either party violates any of the expressed conditions the opposing party shall not take hostile action until after a complaint notification to the peace commission.

"Fourth.—Hostilities shall not be resumed for at least twenty-four hours after notification to the peace commission.

"It is requested that acceptance of these conditions be made in writing to me. W. H. TAFT."

Trains are still occasionally stopped and searched by revolutionists near Havana. Reports received here from Camaguey are that conditions are growing worse in the hitherto quiet province of Puerto Principe. The insurgents there are now taking horses and plundering.

Say Sun Is Losing Heat. Together with French and German scientists no less eminent an authority than Prof. Charles L. Doolittle, director of the Flower Observatory of the University of Pennsylvania, asserts that the sun is gradually losing its heat. For years the diameter of the sun has been contracting at the rate of 56 yards a year.

WANTS DAMAGES

This morning Joe Honis, a Hungarian, commenced an action in trespass against Joe Bennett, the Hungarian boarding house keeper, from whom a trunk containing \$675 was stolen on Friday night. Honis claims that Bennett came to his house on Saturday and searched for the missing trunk, without due process of law. Honis says that his wife was in delicate health when Bennett made the search and that his appearance so frightened the woman that she became ill. For this Honis will demand punitive damages.
