FACTS WORTH READING, FACTS WORTH REMEMBERING

A modern store such as this is an interesting study. We carry 11 complete departments (11 complete stores as it were) but there are not 11 proprietors, nor 11 cashiers and bookkeepers, nor 11 or more messenger and errand boys, nor 11 delivery wagons, etc. Just plain, hard headed business sense; 1 manager, 1 cashier, and everybody else sells goods in this big 11 stores under one roof. We buy in a syndicate of 40 stores, for cash; no one cuts the corner more than we do on purchase or selling price. That's why you get it here for less.

STORE BURGLARIZED SUNDAY AT LOCKWOOD

Heeman Brothers, Suspects, Captured at Athens After a Hard Chase—Shoots at Officer

Waverly—Bingham Brothers' store at Lockwood was entered last Saturday night, and six pairs of shoes, two coats and a quantity of postage stamps were stolen. The burglary was reported to the Waverly police and they took up the case. It was known to the officers that Fred and Henry had been hanging around the country north of Waverly, and suspicion naturally pointed to them as being the guilty parties. Henry is wanted in various parts of the country for offenses committed, and has been sleeping around in bars, but has been careful to keep out of sight of the officers. At an early hour this morning the officers went up to North Waverly, but failed to find the suspected parties. The home of Adelbert Johnson at the cove in Athens is a favorite rendezvous for such characters, and Chief Brooks and Officers Gridley and Corcoran went to Athens. They first enlisted the services of Constable Fice and then drove to the cove. They got out of the wagon, and as they approached the Johnson house they saw Henry Heeman come out and run away. The three of them went in pursuit, and he shot at Officer Corcoran twice, but did not hit him, although the bullets came very close. Chief Brooks staid behind, and in a moment Fred Heeman came out of the adjoining house and he placed him under arrest. Henry succeeded in escaping, and threw off his coat while running, to accelerate his speed.

The officers came back to Waverly, but later Corcoran and Gridley went back down to look for the stolen articles. They telephoned for Chief Mulligan to meet them at the cove. While on the street car they saw Henry Heeman, and stopped the car and gave chase. He shot at the policemen several times, but they kept up the pursuit, and ran him directly into Mulligan's arms, and he effected the capture.

Going to Johnson's house they asked where the stolen articles were. At first the inmates denied all knowledge of them, but later admitted that the Heemans had something in a bag when they came there, but that they were not permitted to bring it into the house.

LIMITED SCHEDULE

Waverly—The South Waverly branch of the trolley line is being operated on a limited schedule. The cars only run for a short time in the morning, at noon and in the afternoon at 6 o'clock. This is due to the construction of the new bridge over the D., L. & W. tracks which renders it impossible to run the cars over it except for a part of the time, and it has been arranged to operate during the period when the cars are most in demand.

CONVENTION TODAY

Waverly—C. O. Hoagland, B. L. Winters, and F. E. Hawkes left this morning for Binghamton, where they will attend the congressional convention this afternoon as delegates from this part of the county. All the delegates from Tioga have been instructed to vote for Hon. John Dwight of Dryden. It is very probable that he will be renominated.

WALKS IN BAD SHAPE

Waverly—Much complaint has been heard of late, because of the condition of the sidewalks on lower Broad street where the old board walk was torn up some time ago and a portion of the bank removed. At present the walk is composed of loose dirt only, and after a rain it is in very bad condition.

DARING THIEVES SECURE BIG MONEY

Lehigh Station at Ithaca Robbed of One Thousand, One Hundred and Ninety-Five Dollars Early This Morning

A decidedly daring robbery was perpetrated at Ithaca shortly after 5 o'clock this morning when unknown thieves entered the Lehigh Valley ticket office, while the night agent was asleep, and secured \$1,195, the receipts from the sale of tickets for several excursions which left that city yesterday. Detectives in the employ of the Lehigh and the police force of Ithaca were immediately notified and have been working on the case all day, but as yet the thieves have not been apprehended.

Yesterday a number of excursion trains were run out of Ithaca, and as the banks are not open on Sunday the cash received at the ticket window was placed in a safe, but the safe was not locked. Bert Bryant, a telegraph operator, was in charge of the office during the night, but about 4:30 o'clock this morning he laid his head on a table and went to sleep. He awoke at 5:30 and thinking of the money at once went to the safe to see if it was still there. To his consternation the money was gone. The unknown thieves had entered while he slept and relieved the safe of its contents. The robbery was a most daring one and must have been committed by some one who was well acquainted with the fact that a large amount of money had been left in the safe.

The sermon was a very eloquent one and held the attention of the large congregation that filled the church. Rev. D. Joseph Bustin of Binghamton will preach this evening. He is one of the most eloquent pulpit orators in the diocese of Syracuse. Tomorrow (Tuesday) evening the service will be conducted by Rev. James Winters of Ithaca, who is also a very pleasing speaker. The public is cordially invited to attend.

A quarter of a century ago we placed some gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.
There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
