## W. R. HEARST DEFIANT

### Independence League to Name Ticket in Kings County.

#### M'CARREN MAY INDORSE HUGHES.

**Bitter Fight in New York Political Field Between Brooklyn Senator and Democratic Candidate For Governor.**

NEW YORK, Oct. 6.—Senator McCarren acted promptly on the news from Chatham that William R. Hearst would put a full ticket in the field against the regular Democratic nominees in Kings county.

He at once called a special meeting of the Kings county general committee and, it is said, at the meeting introduced a resolution formally endorsing the candidacy of Charles E. Hughes.

The independence league will nominate an independent ticket in Kings county to oppose that named by the Kings county Democrats under the leadership of State Senator Patrick McCarren. This announcement was made positively by William R. Hearst in a statement in which he declared that in placing an independent ticket in the field in Brooklyn the independence league believes that it is doing what is believed to be best for the interests of the citizens of Brooklyn.

Mr. Hearst's statement was called forth by a report published to the effect that Senator McCarren had sent a letter to Mr. Hearst protesting against the reported intention of the independence league to place a third ticket in the field in Brooklyn and threatening Mr. Hearst with a plural of 75,000 against him in Brooklyn if the intention should be carried out.

"The question of whether Brooklyn goes 75,000 one way or the other is for the citizens of Brooklyn to decide and not for Mr. McCarren to decide," said Mr. Hearst. "I have the utmost consideration for the wishes of the citizens of Brooklyn and none whatever for the wishes of Mr. McCarren. In placing an independent ticket in the field in Brooklyn we are doing what we believe to be for the best interests of the citizens of Brooklyn. Mr. McCarren by calling himself a Democrat does not make himself a Democrat. If he should call himself an honest man it would make him an honest man. If he should call his ticket a good ticket it would make it a good ticket. As a matter of actual fact the McCarren ticket is notoriously unfit and should not command the support of honest Democrats or honest independents."

Mr. McCarren, interviewed here, said he had no reply to make to Mr. Hearst's statement. Asked regarding his communication to Mr. Hearst, he said:

"I have sent no letter to Mr. Hearst, but I did send a messenger to him with instructions to inform him of the probable result in Kings county if he should oppose the Democratic judicial ticket in the Second judicial district. I believe I did suggest that the county would give Hughes about 75,000 majority in the event of his bolting the Democratic ticket. I did not tell him to use the words, 'You do this at your peril.' I made no threats, but merely stated a few facts which I thought might interest Mr. Hearst."

Mr. McCarren added:

"As to the probability of the general committee voting to leave Hearst's name off the head of the ticket, the committee will have to decide that."

The senator was asked:

"Will the committee have precedents for leaving off the name of the head of the state ticket?"

He replied:

"My answer to that is that there is no precedent for the head of the ticket bolting the party."

Senator McCarren intimated that he had not expected such a defiant declaration from Mr. Hearst and added that he was not greatly surprised, however.

**Senator Paces Makes His Bow.**

WASHINGTON, Oct. 6.—Senator Jose Rosa Paces, the new minister to the United States from Salvador and Honduras, was presented to President Roosevelt in the east room at the White House. Mr. Paces is well known in Washington. He represented his government at the recent conference on the United States cruiser Marblehead for the settlement of the war in which Guatemala, Honduras and Salvador were involved.

**Kidnapers' Growsome Threat.**

NEW YORK, Oct. 6.—"Unless we receive the \$5,000 by Friday night you will receive your boy's head in an express package." This is a translation of a growsome letter that was received yesterday by Frank Laborers, whose four-year-old son Willie was kidnaped from his home at 837 Second avenue on Sept. 21. The lad's parents are in terror at the threat, and the police have redoubled their efforts to find the missing boy.

**Circle the World in Forty Days.**

YOKAHAMA, Oct. 6.—At a conference held between the Russian Asiatic Steamship company and the Japanese lines at Vladivostok it was decided to establish a weekly alternate steamship service between north Japan and Vladivostok. The Russian Asiatic line announced it would extend its line to San Francisco, thus forming connections by which a traveler can journey around the world in forty days.

**Shaw at County Fair.**

HAMILTON, O., Oct. 6.—Secretary of the Treasury Leslie M. Shaw addressed a large audience in Beckitt's hall here last night. The secretary spent two hours in the Butler county fair, where he spoke briefly.

## PACKAGE FOR PENNYPACKER.

**Infernal Machine Sent to Governor May Be Joke or Advertisement.**

HARRISBURG, Pa., Oct. 6.—A suspicious looking package containing what appeared to be an infernal machine has been found in Governor Pennypacker's mail at the executive mansion.

It is about three inches square and resembled in shape a baking powder box. Newspaper clippings were tied around the box with small pieces of yellow ribbon. The peculiar appearance of the package excited the suspicion of Executive Clerk Lynch, who placed it in a bucket of water and let it soak for several hours. Upon being opened it was found to contain a small case resembling a cartridge shell surrounded by black powder and was intended to be exploded by the removal of the lid.

The package was addressed to the governor. On the outside there was a wide red band, on the outside of which was pasted the name of a New York magazine and this newspaper extract:

"Help! Help! Help! People to their true place of honor of righting of wrongs in American life through the unearthing of a scandal, land grabbing scandals, banking scandals and political graft, proves that the moral sense is keen in the American people. An awakened public conscience is back of our vigilant press, outspoken pulp and courageous statesmanship."

On the inside were words carefully clipped from newspapers and closely pasted to the tin. Among them were: "Capitol decision," "Keep to the right," "Penrose," "Penny," "Why is it?" "Anarchist."

The remainder formed a jumble from which no sense could be extracted. None of the attaches would discuss the subject, but it was generally regarded as a practical joke or an advertisement. The construction of the machine was not such as to have rendered it very dangerous, even though it had exploded. There is no clue to the sender, unless it be an advertisement, as some think.

**Deaths Reported in Storm's Track—Capital of Creole State Damaged \$500,000—Railroad Wires All Down.**

NEW ORLEANS, Oct. 6.—A tornado has swept through five miles of the residence and factory section of New Orleans, killing at least seven persons, injuring a score and doing fifty \$500,000 damage.

After the tornado had left the city, traveling in a northerly direction, a telegram from Hammond, La., fifty miles north of here, said that four persons had been killed in a tornado at Pontchartraine, a nearby town. Great property damage at Pontchartraine was also reported.

A report was brought in from the neighborhood of Lake Pontchartrain, outside the city limits, that lives had been lost there. Later the death of a man named Howes was reported at the lake, but these reports lacked confirmation. Many of the injuries occurred near Roberts street and the river front, where the Columbia oil mill and the Jefferson sawmill were badly damaged.

Deaths are reported by both St. James' and West Baton Rouge parishes.

The tornado passed near Kushiha, a station on the Mobile and Ohio railroad about twelve miles north of Mobile. The tornado cut a swath 100 feet wide and felled much timber. The Western Union Telegraph company not only lost their wires along the Mobile and Ohio railroad route, but also those along the Louisville and Nashville and Southern railroads. The wires went down simultaneously.

The tornado passed between Oak Grove and Whistler, Ala., and all of the Western Union wires are prostrated. At this time it is not known if any lives were lost there. Reports say much damage was done to timber.

**AMERICANS ACCUSED OF JAP HOBBERY.**

SAN FRANCISCO, Oct. 6.—Two American depositors at the Kimmon Ginko, the Japanese bank, were arrested on suspicion of having been connected with the murder of the bank officers and the robbery and are being held. They talk closely with the robbers. The men opened an account at the bank, giving fictitious addresses. They in reality lived across the street from the bank, having secured a room with a bay window which commanded a good view of the bank. The police believe that other recent murders were committed by the bank robbers.

**Paul Revere's Kin Held at New York.**

NEW YORK, Oct. 6.—Charles D. Revere, a middle-aged schoolteacher who said he was a lineal descendant of Paul, who warned the good citizens of Concord and Lexington that the "red coats were coming," was held in the Tombs court in default of \$5,000 bail for examination on a charge of abduction. Revere was arrested in Kingston, N. Y., where he is employed as a teacher in a private school. He is charged with abducting fourteen-year-old Laura Palmer of Stoughton, Conn.

**Doctor His Own Aeronaut.**

PHILADELPHIA, Oct. 6.—To discover what effect the air at a high altitude has upon the human body and also to study the meteorological conditions Dr. Samuel J. Ottinger and Arthur T. Ashcroft made an ascension in an A. N. Chanler's balloon, the latter, here today. Dr. Ottinger declined to give the results of his observations. He did not take a professional aeronaut on the trip.

Mrs. Mitchell is not known to be at any of the hospitals.

**All the World Going Mad.**

LONDON, Oct. 6.—The delightful forecast of the world gone mad is held up to us by Dr. Forbes Winslow. "According to the statistical figures on insanity," says the doctor in an interview, "it can be shown that before long there will be actually more lunatics in the world than sane people. The burning problem of the day is how to prevent this increase of insanity."

**A Deserter Shot.**

CHEYENNE, Wyo., Oct. 6.—There have been many desertions from the Eleventh infantry at Fort D. A. Russell since the order was received for the regiment to go to Cuba, and one private, who was shot through the hip at night by a member of a squad of artillerymen who were rounding up the deserters, is now in the post hospital.

**Pennsylvania Rates Come Down.**

PITTSBURGH, Oct. 6.—The Pennsylvania lines on Nov. 1 will reduce passenger fares in Indiana, West Virginia and Pennsylvania to a basis of 2 1/2 cents per mile. The present interstate fares for through tickets will be reduced practically to the same rate.

**Death Claims Collision Victim.**

AMSTERDAM, N. Y., Oct. 6.—Mrs. Elizabeth Christie, a victim of the head-on collision between two cars of the local interurban street railway system, died last night. The other passengers injured will recover.

**Twenty-Nine Bodies Found.**

Disaster at Pocahontas Mine May Result in Seventy Deaths.

BLUEFIELD, W. Va., Oct. 6.—Twenty-nine bodies have been recovered from the west fork of the Pocahontas Collieries company mine at Pocahontas, Va., and a conservative estimate places the total number of dead at seventy.

The rescuing party reached the scene of the explosion, but the immense amount of debris and wreckage has hampered the search for bodies. There is no evidence thus far of fire.

The authorities anticipated the fearful extent of the casualties by ordering a carload of coffins and burial supplies.

Superintendent William Leckie, who entered the mine as one of the rescuing party and had a narrow escape from death, being overcome by the fumes, is recovering.

**Guerra and Staff at Havana.**

HAVANA, Oct. 6.—General Pino Guerra, accompanied by his staff, arrived here and rode through Havana, attracting much attention and applause. General Guerra's contemplated trip to Monteforo has been abandoned, as Monteforo has personally agreed to the disbandment regulations. In response to the criticism made by Americans that the Cuban flag was flying over the palace while that building is being occupied by an American governor, Governor Taft said: "I am here working for the Cuban republic. Therefore the Cuban flag will fly as long as I am here in that capacity."

**Mayor of Troy Asks For Inquiry.**

ALBANY, N. Y., Oct. 6.—Mayor Ellis P. Mann of Troy sent a petition to the state board of railroad commissioners asking the board to investigate the cause of the accident on the Boston and Maine railroad at Lansingburg, in which five passengers were killed outright and a score of others seriously injured. The petition alleges that the collision could not have occurred had the colliding trains been properly operated.

**Keeps Calling For Dead Wife.**

TROY, N. Y., Oct. 6.—All of the scores injured in the wreck on the Boston and Maine road are doing well and will recover, with the possible exception of George D. Stevens of Winchester, Mass., who is in a serious condition. Mr. Stevens does not know that his wife, who was killed in the train crash, is dead, and he keeps calling for her. The hospital authorities do not dare to tell him, fearing the news would be fatal.

**Man Pay Missing Man's Life Policy.**

## HANDZARRA AT 1 TO 20.

**Brighton Beach Racing Ruined by a Scratched Card.**

NEW YORK, Oct. 6.—The races at Brighton Beach were run over a muddy track, and as three favorites won half of the card the betting contingent had a fair session.

The card was practically ruined by the withdrawals caused by the heavy going and trainers not wishing to risk their charges in the mud. The third race had only two starters out of seven entries. Handzarra was made a 1 to 20 shot and won easily. Summaries:

First Race—Loring, first; Oraculum, second; Gallant Dan, third.

Second Race—Commodore Fontaine, first; Reelin, second; Sonny, third.

Third Race—Handzarra, first; Listless, second.

Fourth Race—Far West, first; James Reddick, third; Tommy Waddell, third.

Fifth Race—Sonoma Belle, first; Hyperion, second; Wes, third.

Sixth Race—Mariposa, first; Herman, second; Jobstown, third.

**PHILADELPHIA BUILDINGS SHAKEN BY SEEMING EARTHQUAKE.**

PHILADELPHIA, Oct. 6.—Eight men were killed and nearly two score of persons were injured by the explosion of illuminating gas in the Market street subway in Philadelphia, Oct. 6. High buildings were shaken by the force of the explosion, and for a block on either side of the scene of the explosion nearly every window was shattered. The street caved in, halting traffic and resulting in a suspension of business. Fire followed the explosion, but it did no damage to neighboring buildings. The loss, it is believed, will exceed \$300,000.

The dead are: John Lawless, aged thirty-five, timber foreman; Frank Leans, forty-eight, employed by the United Gas Improvement company; Gato Benigno, thirty-five, of Pittsburg; John Scott, Frank Beldeman, forty-five, a tailor; Frank Crolier, R. Capero and John Pacy.

Beldeman was passing when the explosion occurred and was killed by flying debris. Leans and Benigno died in a hospital. Crolier's body was recovered from the excavation by searchers after some hours' work.

The subway is in course of construction by the Millard construction company for the Philadelphia Rapid Transit company. The exact cause of the explosion has not yet been determined. Workmen in the excavation discerned the odor of gas, and the United Gas Improvement company, whose conduits run through the tunnel, was notified. Frank Leans was sent by the company to find the leak and repair it. It was while he was making his investigation that the explosion occurred.

Heavy rains had partly filled the tunnel with water and stopped work, otherwise there would have been a large force of workmen in the subway when the explosion occurred, and the loss of life would have been frightful. Trolley car passengers and pedestrians were among the injured and panic stricken.

Director of Public Safety McKenty, District Attorney Bell, Highway Chief Hunter and Coroner Jermon are conducting an investigation.

**Auto Racing For Vanderbilt Cup.**

MINNEOLA, N. Y., Oct. 6.—Seventeen high power auto racing machines started this morning in the third international automobile race for the William K. Vanderbilt Jr., cup. The course will be traversed ten times, making the distance of the race 297.1 miles. Originally eighteen cars were scheduled to start in the race, five representing America, five representing France, five from Italy and three from Germany. One of the German cars entered and scheduled to be driven by Foxhall P. Keene has been officially declared out of the contest, as the car is disabled.

**Columbus Downs Buffalo.**

COLUMBUS, O., Oct. 6.—The series of games between Columbus and Buffalo for the Class A minor league championship were resumed here, and Columbus won by a score of 9 to 2.
