ROBBED OF \$18.00 SATURDAY NIGHT

Waverly—A man who resides in Milltown, and whose name could not be ascertained reported to the Waverly police last Saturday night that he had been held up and robbed by a gang of six men while under the D. L. & W. bridge that passes over the Lehigh tracks. The amount that he claims to have lost is \$18.00. He had been to Waverly during the evening, and was on his way home at the time. He was going down the Lehigh tracks as that was the nearest way home, when he was set upon and relieved of his wealth.

CLAIMS HE WAS ROBBED

Waverly—Saturday night the Waverly police were informed that some "one was trying "murder" down under the bridge that crosses the D. L. & W. track at Loder street. They went over to the south side and, finding Pat'k Reagan, the South Waverly policeman, they went to the scene of the disturbance, where they found three men. Two were typical toughs and the third said that he had been robbed but did not think that the others who were present were the ones who did the job. The Waverly officers wanted the Pennsylvania officer to arrest them, but after being searched they were allowed go, no money or concealed weapons being found on them.

TRIED TO PROCURE LUNCH WITH A GUN

Waverly—Saturday morning at an early hour a hard looking character entered Neaves lunch wagon and asked Andrew Bartron, who was in charge, for a lunch. He was informed that that particular lunch wagon was not a charitable institution, and that he would have to pay for anything he ate in that establishment. He insisted that something be given him and that if something was not forthcoming in short order that he would get it if he had to "burn" somebody, and that he wasn't particular whom he burned. He walked out, and returning in a few minutes, asked whether he was going to be fed. When answered in the negative he produced a revolver. The gun did not produce the desired result and he left vowing vengeance. The police were informed but failed to locate the party.

HIT BY STREET CAR

Waverly—Just after 12 o'clock today when one of the new street cars that has a fender on was running up Broad street and just crossing Fulton street, an old man walked across the road and against the car. The car was almost past him, and he was not far enough in front to be thrown into the fender. The side of the bumper beam hit him in the leg, and he was knocked down, but was not injured to any extent. The car was running very slow at the time, and was stopped within a few feet of where it struck him. He got up and went up Fulton street before any one who saw the accident could ascertain who he was.

Permanent Dentistry

Our patrons say we have the disposition to please. We keep our promises. A quarter of a century ago we placed our gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself. There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or 'phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.

RENSELAER BLOCKS BURN.

Twenty-four Houses Destroyed in Spectacular Blaze Opposite Albany. ALBANY, N. Y., Oct. 8.—Twenty-four dwellings destroyed, twenty-seven families practically homeless and a property damage of about \$125,000, only a quarter of which is covered by insurance, summarizes the results of a spectacular and disastrous conflagration which visited Rensselaer, just across the river, and at one time threatened to wipe out the entire lower end of the city. As it was, two tenement blocks and several ice houses were burned, and only the combined efforts of the Rensselaer, Albany and Troy fire departments succeeded in staying the progress of the blaze. The fire was discovered in a hay shed on the river front, but before the firemen arrived it had gained great headway. A west wind, blowing thirty-two miles an hour, fanned the flames into a fury, and adjoining ice houses were soon illuminating the heavens. The reflection could be seen for miles around. Thousands went over the bridges, while the Albany shore was packed with spectators. After nearly five hours of strenuous labor the firemen gained control, but not before a large territory had been burned. The police believe the fire was of incendiary origin.

LYNCHED TWO NEGROES.

Governor Jelks' Telegram Came Too Late to Save Prisoners. MOBILE, Ala., Oct. 8.—Forty-five masked men met Sheriff Powers, in charge of two negroes charged with assaults in this city, at Richardson Swift, three miles north of Mobile, on the Southern railway, took his prisoners from him and hanged them on the spot. The negroes had been taken to Birmingham for safe keeping and were being brought to Mobile for trial. A dispatch from Montgomery says that Governor Jelks has made an explanation of why the militia was not sent to Mobile with the negroes Thompson and Robinson, lynched near that city yesterday. The governor admits receiving a telegram from members of the Mobile bar asking that military be furnished, and he wired them in reply, stating that soldiers would be put on the train when it reached Montgomery. The telegram ordered Sheriff Powers to bring the prisoners by way of Montgomery, but it was not delivered in time to reach the sheriff before he left for Mobile by way of Selma. The governor asserts that he would have placed soldiers aboard the train had it come by way of Montgomery.

Lynch Mob at Bloomington.

BLOOMINGTON, Ind., Oct. 8.—The negro Edward James, who shot and instantly killed Alfred Stephens, a lunch wagon man here, has been safely taken to the Jeffersonville penitentiary. The crowd threatened to take James from the officers and lynch him, and it was only by the determined efforts of the sheriff and his deputies that the excited men surrounding the jail were kept from battering the doors down and entering the place.

Circus Man Dead From Wounds.

COLUMBIA, S. C., Oct. 8.—J. E. Galliard, one of the three white men shot by Henry Adams, alias Sam Small, at Manning, died from his injuries here. Adams was an employee of Cole Bros' circus and became involved in a difficulty just as the train was departing for Sumter. At Sumter a mob was formed to lynch the negro, but Sheriff Muldrow evaded the mob by taking the prisoner from the train and driving across the country to a station on the Seaboard Air Line, where he boarded the train for Columbia.

Sheriff's Son Shot Convict Dead.

MACON, Mo., Oct. 8.—In a desperate effort to break jail here William O'Brien, accused of highway robbery, was shot and killed by the sheriff's thirteen-year-old son, Milford Graves. W. T. Tate, alias Leonard Knox, also charged with highway robbery, escaped. As Sheriff Graves entered the jail directly after supper he was attacked by Tate and O'Brien. O'Brien used a club and Tate a piece of lead pipe. The sheriff's young son caught up a rifle and shot O'Brien through the heart.
