## TO STUMP NEW YORK

Root, Shaw, Cannon and Beveridge on Warpath.

## HEARST AND HUGHES IN STATE FIGHT

Republican Candidate's Party in "Dutch Treat" Pullman Car—Both Sides Are to Be Heard in Many Towns.

NEW YORK, Oct. 9.—Headed by Elihu Root, secretary of state, members of President Roosevelt's cabinet will take an active part in the New York state campaign and will address meetings here and up the state in the interest of Charles E. Hughes, the candidate for governor, and the several Republican candidates for congress. The secretary will be aided by Speaker Joseph G. Cannon, Secretary of the Treasury Leslie M. Shaw and Senator Beveridge.

Representative James S. Sherman, chairman of the Republican congressional committee, was in Washington conferring with President Roosevelt about the campaign, and it was at this confab with the president that it was decided to bring Secretary Root into the campaign in this state.

Mr. Root will speak in Carnegie hall, New York, during the week of Oct. 22. He will be preceded by Mr. Cannon, who will address a New York meeting on Oct. 19. Mr. Cannon and Mr. Shaw will speak at several places up the state. Mr. Cannon will speak at White Plains Oct. 17 and at Niagara Falls and Batavia Oct. 20. Mr. Shaw will be at New Rochelle Oct. 19, Oneonta and Kingston Oct. 22, Ithaca and Utica Oct. 23 and Buffalo Oct. 24.

Mr. Hughes' itinerary for the week has been completed and announced. He and Lieutenant Governor M. Lion Bruce started the trip together, beginning at Tonawanda and Mount Vernon last night, going to Lyons tonight, Buffalo tomorrow night, Geneva Thursday afternoon, Chautauque Thursday night, Peru Ya Friday afternoon, Seneca Falls Friday evening and Amsterdam Saturday evening.

The only other dates for Mr. Hughes positively fixed are Troy Oct. 18 and Elmira Oct. 23.

Mr. Hughes will travel in a special Pullman car, which he will share with the newspaper men and others of his party. It will be a "Dutch treat" all around, every member of the party paying his own fare.

Timothy L. Woodruff, chairman of the state committee, proclaims that he feared overconfidence more than anything else. He does not wish the Republicans to believe that they have a walkover.

William H. Hearst, candidate for governor on the Independence league and Democratic tickets, began his week's campaigning with four addresses in New York last night. One meeting was held in the lower east side and three on the west side, including an open air meeting in Abington square. At each gathering a large and enthusiastic crowd greeted the candidate.

Thursday Mr. Hearst will leave on another up state trip, addressing meetings arranged as follows: Corning, Oct. 11; Elmira, Oct. 12; Binghamton, Oct. 13; Cortland, Oct. 15; Oswego, Oct. 16; Ogdensburg, Oct. 17; Plattsburg, Oct. 18; Glens Falls and Saratoga, Oct. 19; Schoenectady, Oct. 20.

Mr. Hearst will be accompanied by Lewis Stuyvesant Chanler, candidate for lieutenant governor on the same ticket, and Arthur Brisbane, both of whom will speak and many other prominent Democrats.

Last night Mr. Chanler devoted his attention to public corporations, which, he declared, should be controlled by the public to the extent at least that the public, through the government, should be permitted to examine their books, as the books of banks are examined, and the directors held criminally liable for any false statements.

At a special meeting of the central body of the Direct Nominations league, a nonpartisan organization, here a resolution was adopted condemning the Republican majority in the last legislature for its attitude toward the direct nominations bill and the recent Republican state convention at Saratoga for its action regarding a direct nominations plank in the platform. The resolution concludes with an indorsement of the candidacy of William R. Hearst for the governorship.

**Schoolgirl's Suicide.**  
OWASSO, Mich., Oct. 9.—Bessie Girardly, aged twelve, a schoolgirl, committed suicide by taking poison in the presence of four of her little playmates at the pump house of the country school in Venice township. That the child should conceive and carry out a plan of suicide is attributed to the reading of sensational novels.

**Fish Monarch's Maiden Voyage.**  
NEW YORK, Oct. 9.—The new British steamer Irish Monarch, Captain Graham, arrived here on her maiden voyage from Glasgow after a good passage of twelve days. The Irish Monarch was built at Old Kilpatrick. She registers 4,296 tons gross and is fitted with all the latest modern appliances.

**Farley to Be Cardinal Soon.**  
ROME, Oct. 9.—Archbishop Farley of New York and Archbishop Beign of Quebec are to be elevated to the cardinalate. This statement was made by a person high in Vatican circles. It was said that the elevation will be made at the November consistory.

**At Mrs. Roosevelt's Reception.**  
WASHINGTON, Oct. 9.—Mrs. Roosevelt received more than 150 members of the Women's auxiliary of the Spanish-American War Veterans, which is holding its annual convention here.

## BOMB FOR THE GENERAL

Commander of Sevastopol Troops is Wounded—Fired on Assaultant.

SEVASTOPOL, Oct. 9.—A bomb was thrown at Major General Dumbadz, commander of the troops, as he was driving to the barracks of the 1st regiment. The general, who was slightly wounded, fired on his assailant. The latter after a struggle with some soldiers escaped.

Troops immediately surrounded the barracks and the neighborhood and searched all the houses. It is believed that several persons were implicated in the attempt. The general's coachman and two orderlies who were following the carriage were severely wounded.

This is the second attempt on the general's life, as a bomb was thrown at Major General Dumbadz, who was then colonel, commanding the 1st regiment, on July 19 last when he was leaving the court martial which had been trying mutineers of the Black Sea fleet at Sevastopol. Dumbadz was uninjured at that attempt.

**Bombs Thrown at a Governor.**  
KASAN, Russia, Oct. 9.—Two bombs were thrown at Vice Governor Kobeto, but he was only slightly injured. The bomb was assassinated.

**Terrorists Hanged.**  
WARSAW, Russian Poland, Oct. 9.—Three terrorists were hanged here after having been sentenced to death by a drumhead court martial.

**HAD TO FIGHT HIS LEADERS.**  
W. J. Bryan in Kansas—Frustrated President Roosevelt.

FORT SCOTT, Kan., Oct. 9.—William J. Bryan made his first Kansas speech of this campaign here. He said in part:

"I am glad to come to Kansas, and I am glad to find a spirit here that we have not always found in politics. In fact, unless I am very much mistaken, we are approaching a time when we can consider public measures with less of partisanship than we have before in generations.

"I can remember when I first entered politics that there was such a strong feeling in regard to parties that it was almost impossible for a man belonging to any one party to find anything good in another party. This state has done much to break down the old feeling. President Roosevelt has done a good deal to convince the public that there is something good in the Democratic platform. He had the courage to take up some of the reforms the Democrats advocated before his party had advocated them.

"The president has done much good. I don't know what he might have done had he had an environment favorable to reform. He has done remarkable things for a man who had to fight his leaders all the way through."

**Bailey Offers His Services.**  
AUSTIN, Tex., Oct. 9.—A proposition from Senator J. W. Bailey to assist in representing the state in the matter of prosecuting the Waters-Pierce Oil company as part of the Standard Oil conspiracy says he would be glad to lend what assistance he could in the way of developing facts in connection with the case. To this proposition the attorney general replied that while he appreciates the interest manifested by the senator he is able to handle the case with facts now in his possession, but if he needs any additional assistance or advice he will deem it a pleasure to call upon the senator.

**Two Arrested in High Lake Murder.**  
HONESDALE, Pa., Oct. 9.—Charles McVey and Michael Clune of High Lake are in the county jail here charged with the murder of Patrick Furlie, former tax collector of Preston township. Furlie's body was found by the roadside near High Lake with the base of his skull crushed. The three men had been at Equinunk, and Furlie and McVey, it is said, quarreled. After an investigation by the coroner McVey and Clune were arrested.

**Jewels Hidden Under Eggs.**  
NEW HAVEN, Conn., Oct. 9.—Jewelry valued at \$1,000 and \$128 in money, covered by eggs and a cake of fresh butter, in a market basket, were left in a Branford electric car. John Deane, a substitute conductor, turned them over to the company in this city, and Le Roy J. Kirkham of East Haven claimed them. Mrs. Kirkham left the basket in the car when going home from her shore cottage. Her husband left no reward for the conductor.

**Alabama Officers Acquitted.**  
WASHINGTON, Oct. 9.—Acting Secretary Newberry of the navy department has approved the findings of acquittal in the court martial in the case of Captain Samuel P. Comley and Lieutenant A. W. Prosser, who were recently tried on charges growing out of the collision between their ship, the Alabama, and Illinois off Brenton's reef, Rhode Island.

**Was Tired of Her Children.**  
NEW YORK, Oct. 9.—The body of a woman who was fished out of the East river is supposed to be that of Marie Greeley of 110 Boulevard, Rockaway Beach, a young woman who said she was tired of her two beautiful children because they were in her way. Her husband is employed at a hotel in Washington.

**Failed to Identify Him.**  
NEW YORK, Oct. 9.—Miss Eugenie Lidenburg, who was attacked and dragged from her pony at Westbury, N. Y., on Friday night by two men who are alleged to have attempted to kidnap her for ransom, failed to positively identify James Brady, a hack driver under arrest in this city, as one of her assailants.

## DOCTOR FACES FATE

Frank T. Brouwer on Trial at Toms River.

## CHARGED WITH POISONING HIS WIFE

Prominence of Physician and Wide Publicity of Accusation Made it Difficult to Select a Jury on the First Day.

TOMS RIVER, N. J., Oct. 9.—Dr. Frank T. Brouwer faced the relentless enmity of his late wife's relatives as he sat in the courtroom here on trial for his life.

The examination of a score of witnesses has resulted in the selection of a jury, headed by S. Judson Ridgeway of Little Egg Harbor as foreman.

Dr. Brouwer closely watched the choosing of the jury, and several times when his counsel appeared to be about to accept a man the prisoner leaned forward and whispered to his lawyer, shaking his head in an emphatic way, whereupon the man in the chair was promptly rejected.

The prominence of Dr. Brouwer, who is one of the best known physicians in the county, and the wide publicity given to the case made it difficult to find men acceptable to both sides, and the opening session was taken up in choosing a jury, the last man being accepted just before the court adjourned.

Trevonian Hyeg and Miss Elizabeth Hyer, brother and sister of the dead woman, have for a year persistently urged the legal authorities to prosecute the physician upon the charge of causing his wife's death on Sept. 28, 1905.

Mrs. Brouwer's relatives had opposed her marriage to the physician years ago, and stories of their quarrels, his alleged ill treatment of her and their sister's dying words, construed as an accusation, were repeated to the public prosecutor.

Arsenic and ground glass are said to have been given Mrs. Brouwer by her husband as she lay ill.

Hyer and his sister, who are wealthy, say they have positive evidence of the physician's guilt and that they will reveal new and startling evidence that will leave no doubt as to the guilt of their brother-in-law.

Supreme Court Justice Charles E. Hendrickson is presiding, and the case for the state is being conducted by Prosecutor Theodor J. B. Brown, assisted by Frank McDermott of Newark and A. E. Johnson of Red Bank.

The prisoner is defended by J. W. Carmichael and Edmund Wilson of Red Bank and A. E. Arrowsmith.

Each side has more than forty witnesses, and Mr. McDermott said that he believed the trial would last two weeks. Residents of this place who believe that Brouwer is innocent have contributed \$2,500 to aid in his defense.

The case against Dr. Brouwer in its principal allegations resembles those of Carlyle Harris and Dr. Buchanan. In both of these poison was the alleged agent of death.

**Chandler Will Keep His Job.**  
WASHINGTON, Oct. 9.—The president issued an order continuing the Spanish treaty claims commission to March 2, 1907. This is the commission of which former Senator William E. Chandler of New Hampshire is president. It was rumored last winter after the sensational passage of arms between the president and ex-Senator Chandler over the railroad rate bill that the commission would be abolished.

**Wrecked Ship's Safe Hobbled.**  
PARIS, Oct. 9.—A dispatch from Cartagena, Spain, announces that a sensation was caused there by the discovery that the strong box of the Italian steamer Sirio, wrecked in August last on Romigas island, with the loss of about 150 lives, although found to be hermetically sealed, was empty, raising the presumption of the complexity of the crew in the wreck.

**Couple Charged with Child Murder.**  
PORT HURON, Mich., Oct. 9.—Bert and Mollie Kemp, aged thirty-nine and twenty-nine respectively, are under arrest here charged with murdering their baby. The child was born one week after their marriage. The police say that Kemp confessed the crime, saying that shame drove him to it. Kemp is said to have declared that his wife had nothing to do with it.

**Got Strike Order From Washington.**  
KNOXVILLE, Tenn., Oct. 9.—Fifty machinists and seventy-five helpers and apprentices went on strike at the coast shops of the Southern railway, located here. The strike was in response to telegraphic advices from the union's representatives in Washington in conference with Southern railway officials.

**Roosevelt as New York Senator.**  
WASHINGTON, Oct. 9.—Reports that President Roosevelt wants to be senator from New York to succeed Senator Platt are being revived here. The president, who has the avowed intention of withdrawing from public life, is said to be senator after he ends his present term, but frankly admits that ambition.

**Railroad Machinists Strike.**  
BIRMINGHAM, Ala., Oct. 9.—All the machinists in the shops of the Southern railway in Birmingham are on strike in accordance with the general movement against the system among the shop men for higher wages.

**Roosevelt Will Go to Isthmus.**  
WASHINGTON, Oct. 9.—President Roosevelt intends if possible to visit the Isthmus this fall and unless there be some change for the worse in the Cuban situation will probably leave for Colon a short time after the election.

**Left Baby in a Pullman.**  
PHILADELPHIA, Oct. 9.—Nestling in the corner of a seat in a Pullman coach of the Pittsburgh express, a pretty blue-eyed girl baby was found broad asleep by the conductor at the Broad street station. He carried her to the Central station, and the police are searching for the mother. The child was expensively clothed.

**"The Girl and the Governor."**  
WASHINGTON, Oct. 9.—"The Girl and the Governor," a comic opera in three acts, was produced at the National theater in this city last night for the first time on any stage. The leading role is taken by Jefferson De Argo, under whose entire personal supervision the play is produced.

## JEROME HANDICAP.

Ironides, at 5 to 2, Captures Main Event at Belmont Park.

NEW YORK, Oct. 9.—Ironides, at 5 to 2 in the betting, won the Jerome handicap for three-year-olds, one mile and sixsixteenths, at Belmont park, and in winning the son of Meddler-Hanoana equalled the world's record for the distance by stepping it in 2:10.5. Bedouin ran it in the same time last year. Good Luck, backed down from 5 to 2 to 9 to 5, favorite, was second, running Water third.

Ironides broke in front, and Radtke sent him into the lead and made the pace. At the end of the first half mile he was leading by two lengths and continued in front with this advantage to the stretch. Here Williams on Good Luck began to close in and, coming very strong, soon was on even terms with the leader, but Williams stopped riding Good Luck, and Radtke put Ironides under a hard drive and won by a nose. Good Luck was three lengths before running Water.

In the colts' half of the \$10,000 Matron stakes, six furlongs straightaway, Bahot, the 9 to 20 favorite, scored an easy victory. He took command early and won by one and a half lengths. Adoration, backed down from 6 to 9 to 2, won the fillies' half of the Matron. She ran second to the favorite, Pope Joan, to the final quarter, when she drew away and won by two lengths. Five favorites were defeated. Jockey Cochran was suspended for the remainder of the meeting by Starter Cassidy for disobedience at the post in the first race. Summaries:

First Race—Macy, Jr., first; Giovanni Balerio, second; Runnels, third.  
Second Race—Bahot, first; Oknite, second; Hickory, third.  
Third Race—Adoration, first; Fantastic, second; Pope Joan, third.  
Fourth Race—Ironides, first; Good Luck, second; Running Water, third.  
Fifth Race—Altuda, first; Arimo, second; Merrill, third.  
Sixth Race—Bad News, first; Martin Doyle, second; Jungle Imp, third.

**Shooting Affray at Louisville Track.**  
LOUISVILLE, Ky., Oct. 9.—Pretension, at a short notice, simply galloped over his rival in the third race, the feature event. Zerolin repeated by winning the steeplechase. Just before the horses went to the post in the sixth race Bookmaker Sam Stephens kicked Ed Alvey, a local bookmaker, under the eye. Alvey drew his pistol and fired a shot close range. The bullet cut across the forehead of Bob Winslow, Stephens' partner, and low picked the bullet out of his shirt, where it had lodged against the skin of his abdomen. He was uninjured, save for a bruise. The quarrel started over a bet and almost caused a panic in the betting shed.

**Miss Mackay Leads Golfers.**  
WEST NEWTON, Mass., Oct. 9.—The honors in the qualifying round, which opened the twelfth national women's golf championship at the Brae Burn Country club here, rested on the shoulders of Miss Pauline Mackay of the Oakley Country club of Boston and the present title holder. Her score of 87 for the eighteen holes was the best card of the seventy which were handed in by players from all parts of the country and by one from Canada. Miss Frances C. Osgood of Boston was second, with 89.

Both teams are in excellent condition for the struggle, and both are confident of victory.

## PLEA IS NOT GUILTY

Standard Oil to the Ohio Bar at Findlay.

## ROCKEFELLER MAY BE CALLED LATER

Great Octopus Charged by Buckeye State With Violation of Antitrust Laws in Its Domination of the Oil Industry.

FINDLAY, O., Oct. 9.—Charged with conspiracy against trade in violation of the antitrust laws of the state, the Standard Oil company of Ohio and its alleged constituent companies, the Buckeye Pipe Line and the Manhattan Oil company, were placed on trial here today before Judge Gideon G. Banker and a jury in the probate court of Hancock county.

In the original information filed by County Prosecutor William L. David, John D. Rockefeller was made a party to the suit, but through the granting of a request for a separate trial Mr. Rockefeller will not be called as a defendant until the case against the company has been disposed of. Mr. Rockefeller, it is said, will not be summoned as a witness and will not attend the trial.

The information, to which a plea of not guilty was entered, alleges that the formation of a "Standard Oil trust" in 1882 and its continuance to the present time in domination of the oil industry of the state is contrary to the statutes of the state.

If the manner of instituting the suit—by information instead of by grand jury indictment—and the jurisdiction assumed by the probate court are upheld in the higher state courts the case will assume added importance, as indicating an easier and more direct method for action against alleged trade conspiracies.

Both the manner of bringing the suit and the jurisdiction of the probate court were questioned by the attorneys for the defense, but Judge Banker decided against them on all points, and no appeal can be taken on these preliminary questions until after the case has been tried.

Judge Banker ruled that a violation of the Valentine law constituted a misdemeanor and that the last session of the legislature gave probate courts concurrent jurisdiction with common pleas courts over all misdemeanors.

**Bubble Blowing Brings Death.**  
NEW YORK, Oct. 9.—John Heintzman, 62 years old, of 629 East Thirtieth street, with some other children, was playing with a soap bubble machine on the third floor of 120 Avenue C. John's companions, about his own age, were blowing soap bubbles out of the window. An unusually large bubble was shaken from the clay pipe held by one of the children. John, crowing with delight, made a grasp at the beautiful sphere. He lost his balance and fell to the street. He was killed, his neck being broken and his skull fractured.

**Charged With Doctoring Hams.**  
PHILADELPHIA, Oct. 9.—Warrants were sworn out by Dr. B. H. Warren, dairy and food commissioner, for the arrest of the Philadelphia managers of Armour & Co., one of the members of the so called beef trust, charging the firm with the illegal use of boric acid in hams. Samples purchased at the branch houses of Armour & Co. were analyzed by Professor Lawall, chemist of the department, and showed, it is alleged, that the hams had been "doctored" with boric acid.

**Wrecks in Gale on Lake Superior.**  
HOUGHTON, Mich., Oct. 9.—A terrific gale is raging on Lake Superior. The barge Pasadena, in tow of the steamer Gladstone, was blown on the rocks and is a total wreck. Three of her crew were drowned, while seven others reached shore after a terrific battle with the surf. A number of vessels had been sheltered in Lily Pond harbor, but some of these started out in the face of the storm, and much anxiety is felt for their safety.
