**TO CUT A CONTINENT**

**Government Asks Bids For Entire Panama Canal.**

**CONTRACTOR MUST DIG WHOLE DITCH**

Chairman Shonts Issues Form of Contract and Gives Reasons For Asking Bidders—Foreign Firms May Make Offer.

WASHINGTON, Oct. 10.—Invitations for proposals to complete the Panama canal have been issued by the canal commission, and the form of contract under which the work is to be done was made public by Chairman Shonts, who also gave out a letter written to the secretary of war giving the commission's reasons for contracting the work.

The contract provides that each bidder must undertake the entire work of construction. No bid will be offered to corporations associating in the undertaking, but they must be legally organized into a single body with which the government can deal. Bidders will not be considered who do not have available capital of \$5,000,000. A certified check for \$200,000 is required with each proposal, and a bond of \$3,000,000 will be required from the successful bidder.

The bidding is not limited to American bidders. All proposals are to be in before noon of Dec. 12, when they will be opened. Proposals are to be expressed in terms of percentage upon the estimated cost of construction, which is to be fixed by a board of five engineers, three representing the government and two representing the contractor. The chief engineer of the canal commission is to be chairman of the engineering board. The engineering board will estimate a reasonable time for the completion of the canal. All the government plant for actual construction work, including the railway, is to be placed at the disposal of the contractor and is to be maintained by the government.

Sixty days after the signing of the contract actual work is to begin on the isthmus and the contractor is to take over all employees on the isthmus which the commission does not wish to retain. No American employee is to work more than eight hours.

Chairman Shonts defends the percentage system of payment in his letter to Secretary Taft as follows:

"This plan is being employed increasingly by the oldest, largest and most successful corporations in the country.

"The government will get the benefit of the combined efforts of the best and most experienced contractors in the world, each in charge of a department in which he is a specialist and co-operating with other specialists.

"The government will secure the co-operation of these powerful interests in keeping mechanics of all classes.

"The plan offers every incentive for speedy and economical construction by penalizing extra time and cost and rewarding better than contract performance as to either.

"By retaining control of the work and exercising strict supervision through its engineering force the government will protect itself against cheap or faulty construction."

Mr. Shonts' letter says that "because of the unprecedented and greatly extended industrial activity of the time and the consequent violent competition for all classes of superintendents, foremen, subcontractors, skilled mechanics and even ordinary laborers it would take the commission years to secure men and build up departmental construction organizations which would equal in efficiency those now controlled by the leading contractors of the United States."

**LIVED IN HARMONY.**

Madison Man Has Two Wives, Who Recent Court Interference.

CHICAGO, Oct. 10.—A special dispatch from Madison, Wis., says: Charles R. Sager, twenty-eight years old; his wife, who is the mother of his two small children, and another woman, to whom he was married unlawfully, have been living in the same house since last May, the lawful Mrs. Sager acting as servant in the home of which her rival is mistress. Sager, who is an insurance solicitor and custodian of the buildings of the University of Wisconsin, voluntarily made this confession in court. Every one concerned is contented with this arrangement of their domestic affairs, both women resenting it when the court interfered.

"Charley is a good, kind man, and we shall stick by him through thick and thin," said the second Mrs. Sager after the man in the case had been sent to jail. "Shan't we, Bessie?" she asked of the first Mrs. Sager.

"We surely will stick by him," said the latter.

"So long as the three persons concerned," Mrs. Sager No. 2 went on, "are satisfied with this arrangement, I don't think outsiders should interfere and try to make trouble."

Judge Donovan of the municipal court said that the law must take its course and that Sager could not be released, at least until an investigation should have been made.

Both of the women are young and attractive in appearance.

**KAISER FLARES UP.**

Wires Prince Alexander in No Measured Terms of Reproof.

PRAGUE, Bohemia, Oct. 10.—Prince Philip von Hohenlohe, elder brother of Prince Alexander, who caused the publication of the late Chancellor von Hohenlohe's "Recollections," replying to the emperor's reproof telegraphed to the younger son, has informed the emperor that he was absolutely right in his strictures. Prince Philip agrees with the emperor in the statement that Alexander ought not to have published his father's "Recollections" and that he did so without consulting his elder brother.

The following is the text of Emperor William's telegram to Prince Alexander von Hohenlohe:

"I have this moment read with astonishment and indignation the publication of a most intimate and private conversation between your father and myself concerning Prince Bismarck's retirement. How could it possibly be made public without my permission? I must point out that the publication was in the highest degree tactless, indiscreet and entirely inopportune. It is unheard of that such incidents concerning the reigning sovereign should be published."

Prince Bismarck once told Baron von Holstein, his most confidential assistant in the foreign office, that it was in itself an indiscretion for a diplomatist to keep a diary.

**KILLED IN AUBURN PRISON.**

Convicts Fall Forty Feet to Death From Defective Scaffold.

AUBURN, N. Y., Oct. 10.—One of the most serious accidents that has ever taken place in Auburn prison occurred when a scaffolding on which four convicts were at work whitewashing the ceiling of the main cell hall broke and precipitated all four to the cement pavement forty feet below.

Captain John Martin, who was in charge of the men, had them removed at once to the prison hospital, where Charles Rand and William W. Goodenbury, two of the injured men, died within half an hour. The other two, Charles W. Fulton and Edward W. Kusker, are in a serious condition and not expected to live.

Charles Rand was received from Steuben county on a sentence of eight years for robbery. He has been a model prisoner. Before his death he asked that his body be sent to his mother, Mrs. Mary Rand, in Brooklyn.

William W. Goodenbury, the other man killed, was received Nov. 12, 1903, from Cayuga county on a sentence of six years for burglary. His body will be sent to his mother, Mrs. T. Goodenbury, at Batavia, N. Y.

**Result of War on Bridge Trust.**

BELLEFONTAINE, O., Oct. 10.—Five bridge companies have surrendered their charters here as a result of the war on the bridge trust by Attorney General Ellis. They are the Champion Bridge company of Wilmington, the King company of Cleveland and the Canton, Bellefontaine and Massillon companies. All of the other companies have left the state, the Mount Vernon Bridge company alone remaining to fight the battle of the trust. The circuit court appointed trustees to wind up the affairs of the five companies that were ousted.

**Negro Council's Protest.**

NEW YORK, Oct. 10.—At the national Afro council here Secretary Rev. L. G. Jordan of Louisville, Ky., in his annual report said: "We have sent letters to every state in the Union to a member of congress calling attention to the great wrongs being done us by disfranchisement and 'Jim Crow' laws and have received some very encouraging replies. The congressmen requested us to let him hear from us if we had a concrete piece of legislation which could be of interest to our race."

**Strike Against Courts Martial.**

LODZ, Russian Poland, Oct. 10.—The men in all the factories in Lodz went on strike here because of the introduction of the system of drumhead courts martial. They made unsuccessful attempts to stop street cars and broke the windows of a number of cars with stones.

**Editor Shot at Warsaw.**

WARSAW, Oct. 10.—John Gadomski, the most prominent of Polish Liberal journalists and editor of the Gazeta Polska, was shot and mortally wounded by handits last night.

**BROUWER TO THE BAR**

Dr. Genth Testifies in Toms River Murder Trial.

GLASS AND ARSENIC AS DEATH AGENTS

Trained Nurse Who Attended Physician's Wife at Time of Death Tells on Stand of Treatment by Her Husband.

TOMS RIVER, N. J., Oct. 10.—Glass and arsenic were found in the stomach of Mrs. Frank Brouwer, according to the chemist who analyzed them. The bits of glass were brought to court when the taking of testimony in the case of Dr. Frank Brouwer, charged with the murder of his wife, was begun. Several pieces were found inside the intestines, thus upsetting the theory urged by the defense that she came from the jar in which the portions of the body were sent to the chemist.

Dr. Cattell, who made the autopsy, at first declared the woman had died of arsenical poisoning, but later admitted she might have been poisoned by pomegranates.

Stella McClellan, perhaps one of the most important witnesses in the case, appeared for the first time in court.

**BELLE OF PEQUEST.**

Fairview Stakes at Belmont Park Go to 4 to 5 Favorite.

NEW YORK, Oct. 10.—On a muddy track Belle of Pequest, the 4 to 5 favorite, scored an easy victory in the six-year-old stakes, one mile and a sixteenth, at Belmont park.

Leonard Joe Hayman led by two lengths to the stretch, where the favorite took command and won by five lengths.

The storm which broke just after the second race and lasted all through made the track fetlock deep in water. Owing to the storm being so severe it was impossible to take the time of the third race, as the start was made up the chute. Yama Christy won the Corinthian steeplechase by fifteen lengths. Four favorites won. Summaries:

First Race—S. H. Harris, first; John Lyle, second; Chalmers Sweep, third; Olerosa, second; Pure Pepper, third.

Third Race—Smiling Tom, first; Rolling Girl, second; Miss Spooner, third.

Fourth Race—Belle of Pequest, first; L. J. Hayman, second; Athlete, third.

Fifth Race—Baringo, first; Animus, second; Rifleman, third.

Sixth Race—Grapple, first; Oriene, second; Pater, third.

**Eastern Women Golfers Lead.**

WEST NEWTON, Mass., Oct. 10.—The women's national golf championship will remain in the east for another year. All western aspirants for the title were put out in the first round of match play at the Brae Burn club. The sixteen survivors are made up of nine from the Boston district, which includes Springfield and Fall River; four from New York and three from Philadelphia. In this district are Miss Pauline Mackey of Boston, the present champion, and Miss Georgiana Bishop of Bridgeport, Conn., and Miss Frances C. Griscom of Philadelphia, both former champions.

**Williams College Team Victors.**

BOSTON, Oct. 10.—Williams again won the team championship of the New England Intercollegiate Golf association at the Woodland Golf club, with Dartmouth second, Massachusetts Institute of Technology third and Amherst fourth. Brown and Bowdoin did not compete in the team event, but will be represented in the individual championship. Captain A. Mitchell of the Williams team was the only player who beat the mythical score.

**Racing at Lexington.**

LEXINGTON, Ky., Oct. 10.—At the Kentucky Trotting Horse Breeders' association here the main events were the Wilson stake and the Walnut Hall cup. The stake was won by Vesta Boy, but only one heat was trotted in the cup race. Nut Boy won this heat easily.

Westford at Louisville.

LOUISVILLE, Ky., Oct. 10.—Westford, backed from 10 to 1 to 3 to 1, won the Cherokee handicap and broke the track record for a mile, going the distance in 1:39 4/5. Anna Day was the only favorite to win.

**May Put Argentina Under Martial Law.**

LITTLE ROCK, Ark., Oct. 10.—After killing Alexander Champion, a negro, in a saloon in Argentina, the murderer escaped. Sheriff Kavanaugh went to the scene and contemplated placing the city of Argentina under martial law. Considerable excitement exists, and it is believed the death of the negro is connected with the race disturbances of the past several days. The governor may be asked to order out the state guards.

**Stamford Lawyer Shoots Himself.**

STAMFORD, Conn., Oct. 10.—Seated at his desk in his law office and with a revolver clutched in his right hand, Nathaniel B. Hart, fifty-six years old, a prominent lawyer, was found dead, the one shot he had fired into his mouth several hours before evidently causing instant death. From home he went direct to his office, shut the door and in the dark shot himself. Despondency, resulting from ill health, is given as the cause.

**Weather Probabilities.**

Fair and colder; northwest winds.

**AMERICANS SCORE**

Chicago Wild Over World's Championship.

ALTRÖCK PITCHED SUPERB BALL.

Marvelous Exhibition of the National Game Ended With Victory For White Sox Over National League Leaders.

CHICAGO, Oct. 10.—Forty thousand men and women, frenzied with baseball enthusiasm, flocked to the West Side Ball park to witness one of the greatest diamond battles in all the history of the sport, the first game of the series between the Chicago American White Stockings and the Chicago Cubs to decide the championship of the world.

By a marvelous exhibition of gamesmanship the White Sox won an unexpected victory over the Nationals by a score of 2 to 1 on the Cubs' own grounds.

Altröck pitched superb ball for the White Sox, but his wild pitch in the sixth inning gave the Nationals their only run.

Two errors by Kling, a passed ball and a muff of a ball thrown to catch a runner at the plate, and Sheppard's kick of the ball were mainly responsible for the runs scored by the White Sox.

The Americans tallied first in the fifth inning. Robe singled, and Sheppard booted the sphere so that Robe never stopped running until he hugged third base. Kling muffed the throw of an infield tap, and Robe scored. In the sixth inning a passed ball and Isbell's single gave the Jones boys their last run.

Part of the fierce struggle was played in a driving snowstorm.

The Sox played the same style of game, the hunt, that won them the championship of the American league.

In the fifth and sixth innings they fought to get a man on first "any old way," then to shove him along with a bunt, and the next batter was the "cleaner up."

In the fifth inning, even with a man on third, Dougherty instead of trying for a long fly relied on Robe taking the squeeze signal, and the latter youngster did and scored by a long slide and on a close decision. But that was the play to make at that stage, for it got both Steinfield and Pitcher Brown badly rattled, for Dougherty beat out the bunt.

Again in the sixth inning the Sox played the same tactics. Altröck walked, was pushed along by Hagin's perfect sacrifice bunt, and then Jones singled. Altröck was nailed at the plate, but made the proper play in trying to score nevertheless, for it gave Jones the chance to get to second on the throw in by Schults in the successful endeavor to pinch Altröck. Isbell sent Jones home by a timely single.

The Cubs played the same game in the sixth, but Kling was successful in scoring by reason of Altröck's wild pitch.

It was "inside" business then all through the remaining innings. The plays were not always successful by reason of some of the most brilliant fielding ever seen on a ball field, but the attempts at the play kept the opposing players in a nervously excited state and held the score down to the low figures of 2 to 1.

**Newfoundland Officials Indignant.**

ST. JOHN'S, N. F., Oct. 10.—The statements contained in a Washington dispatch received here to the effect that Newfoundland merchant fishermen controlled the government, had tried to prevent the Americans securing treaty rights and had hampered the British government in assuring such rights to Americans is indignantly denied in official circles here.

The contrary officials declare that the British government strongly upheld every contention advanced by Newfoundland until a few weeks ago, when it suddenly abandoned the colony and surrendered to the Americans.

**Touched Higgins' Heart.**

ALBANY, N. Y., Oct. 10.—The appeal of a twelve-year-old girl touched the heart of Governor Higgins, and he cut four years from the sentence of John H. O'Rourke, who is serving an eight year term in Sing Sing prison. The letter was written by Jennie O'Rourke, the prisoner's daughter, who resides with her mother in New York, and recites in a childish way the difficulties which Mrs. O'Rourke has had to bring up her six children.

**Root to Speak in Kansas City.**

KANSAS CITY, Mo., Oct. 10.—Secretary of State Root has accepted an invitation to speak at the annual dinner here of the Commercial club on Nov. 19. The other speakers will be E. H. Harriman and William Jay Schifferlin, the great grandson of John Jay, in whose honor the dinner is given annually. Daniel Chester French, the sculptor, will be a guest.

**Mrs. Jeff Davis Very Ill.**

NEW YORK, Oct. 10.—Mrs. Davis, who is now eighty-one years old, caught a severe cold last Saturday and on Sunday was obliged to take to her bed. Dr. Robert H. Wylie, who has been Mrs. Davis' physician for years, said, "Mrs. Davis is very ill."

**Blankets**

Our ability to serve you well in blankets has been demonstrated.

We are giving last season's values. We bought them very early and direct from the mills, saving the middleman's profit for you.

**Goods cheerfully shown whether you buy or not.**

**Globe Warehouse,**

Talmadge Block, Elmer Ave. VALLEY PHONE.

**A. J. GREEN**

CONTRACTOR AND BUILDER.

Plans and Estimates Furnished

235 Stevenson St., Valley Phone 23y

**Blankets**

Our ability to serve you well in blankets has been demonstrated.

We are giving last season's values. We bought them very early and direct from the mills, saving the middleman's profit for you.

**Goods cheerfully shown whether you buy or not.**

**Trimming Braids**

Our new line of trimming braids, bristles with freshness and style. Very pretty ones from 5c to 75c in band edges, pull plaids and fancies.
