Waverly—A Pole, who was ejected from VanNorstran's saloon a few nights ago, and who thought to obtain revenge by throwing stones through the door, was arrested Monday night and given 20 days in the county jail at Owego. He was badly filled with alcoholics and it took the greater part of the day for him to dry out sufficiently to be given a hearing. An old man named Decker who resides in Milltown fell into the hands of the police last night and paid \$3 fine and was allowed to depart for his native mill patch.

THE SERIOUS MR. SMYTH

Editor Smyth would get a good deal more pleasure and perhaps fully as much profit out of the present campaign, if he would develop a sense of humor. Everyone else is getting lots of fun out of the Owego Times; he alone seems to take it seriously. For instance, of the newspapers in this section, the Newark Valley Herald, the Caudor Courier, the Spencer Needle, the Nichols Recorder, the Binghamton Press, the Owego Record and other newspapers side with Mr. Winters against Mr. Smyth. This list is from the Times and is pretty accurate, although incomplete. "But," says Editor Smyth, "they have all been bought up. Mr. Winters has purchased the privilege of having anything he desires to have appear in public print published" in these papers.

Opposed to this flattering list is the Owego Times. That alone stands unbought and unpurchasable. The Times is for Mr. Smyth. Mr. Winters need not try to seduce the Times with gold—the Times intends to stick by Smyth. If you see anything in any other newspaper it is there because Mr. Winters bought and paid for it. If you see anything in the Times, it is there from purely disinterested motives—there because the Times likes Mr. Smyth and believes in him and feels that he is about all there is to the Republican party. It is also there because Mr. Smyth and the Times are one and the same thing. No, no! Mr. Smyth does not believe in buying space in newspaper—he owns one. That is cheaper.

Strange, though, isn't it, that the good newspapers of this section should be so unanimous in the stand they have taken? Strange that the Times should be alone! Almost as strange as if anyone, Republican or Democrat, favors Mr. Winters he has been bought, but if he favors Mr. Smyth, it is from the most disinterested motives and pure love of Mr. Smyth. O, Mr. Smyth, you should develop a sense of humor—Owego Record

CORONER ACCUSES STOKES.

Jury Declares That Policy King Al Adams Killed Himself. NEW YORK, Oct. 10.—W. E. D. Stokes, millionaire owner of the Ansonia apartment, and Coroner Julius Harburger met in the coroner's office, shook fists under each other's noses and denounced each other. The occasion was supposed to be the preliminary to the inquest on the death of Al Adams, the policy king, but it quickly resolved itself into a name calling contest between Stokes and Harburger. The coroner went so far as to intimate that Stokes knew that Adams was murdered and that he concealed a crime. When the coroner's jury impaneled Coroner Harburger said, in addressing the jury: "I expect this case will prove to be a murder, and I think that the murderer is in this courtroom. He will be a witness in the case, and I expect that there will be an arrest before the case is finished." Notwithstanding the coroner's assertion, however, the jury brought in a verdict of "suicide" without leaving the box.

TAFT PROCLAIMS AMNESTY.

Complete Pardon Granted For All Political Crimes In Cuba. HAVANA, Oct. 10.—William H. Taft as provisional governor of Cuba and secretary of war of the United States has issued an important order to General Frederick Funston outlining the duties of the American forces in Cuba. The steamer Mascotte, having on board Charles E. Magoon, the newly appointed provisional governor, who succeeds Secretary Taft, has arrived here. An amnesty proclamation of the most sweeping character possible pardoning every serious crime which has been an outgrowth of the recent revolution and its causes has been issued by Governor Taft. Complete pardon is granted to all persons involved in the killing of Congressman Villendas at Cienfuegos as well as to everybody implicated in the killing of several rural guardsmen at Guanabacoa last February. The officers of marines stationed in various localities are advised that they are not expected to take part in an active way in the suppression of disorder unless extreme emergency arises in which it is absolutely necessary for them to protect life and property. The order says: "The president of the United States deems it of the utmost importance that the American forces do not engage in conflicts with Cubans, but that disorders by Cubans be suppressed by Cubans. It is also expected that the officers and men, both of the army and the marine corps, will exert every effort to show all courtesies possible to Cubans of all parties and avoid in any way injuring their sensibilities."

LYNCH MOB AT BLOOMINGTON.

BLOOMINGTON, Ind., Oct. 8.—The negro Edward Jones, who shot and instantly killed Alfred Stephens, a lynch wagon man here, has been safely taken to the Jeffersonville penitentiary. The crowd threatened to take Jones from the officers and lynch him, and it was only by the determined efforts of the sheriff and his deputies that the excited men surrounding the jail were kept from battering the doors down and entering the place.
