ALL HOPE ABANDONED.

French Naval Authorities Unable to Find Submarine Lutia. BIZERIA, Tunis, Oct. 18.—The officers engaged in the salvage work express the certainty that the crew of the Lutia has perished. Members of the crew of the tug Ishkul, which conveyed the submarine on her last voyage, declare that she plunged to the bottom successfully and that after she had gone down for the third time her bow showed twice above the surface of the water before she finally disappeared. This leads to the belief that the catastrophe resulted from a sudden leak at the stern.

Waverly—A young man named Griffin, who lives across the Chemung river, was driving into town yesterday with a load of milk cans. He was seated on one of the cans when the front wheels of his wagon struck a stone near the white bridge and he was thrown to the ground and several of his ribs were fractured. He was cared for by some men who witnessed the accident and word was sent to the Packer hospital, and the ambulance came up and took him to that institution.

INDEPENDENCE LEAGUE ENDORSES WINTERS Waverly—The Harst Independence League followers have been busy securing signers for their county ticket for several days past. Twelve o'clock last night was the last possible moment for filing the lists with the county clerk, and it was necessary to have 500 signers. A full ticket had been arranged for but it was found by consulting the election law that except for the nomination of members of assembly it would be necessary to get 1,000 names. The 500 names were secured and last night at 11 o'clock the nomination of Byram L. Winters for member of assembly was duly filed at the county clerk's office by County Chairman Simon Zusmer. Quite a party of Waverly politicians were present at the time, and Owego not to be outdone, was represented by 50 men of various political beliefs, among whom were M. F. Murray, chairman of the Democratic county committee; A. F. Parmalee, chairman of the Republican county committee, and William A. Smyth, ex-chairman of the Republican committee. Among those present from Waverly were Smyth, Wolcott, I. Grant Bodge, Francis Clohesy, J. P. Ealsey, and Roy Wade. J. D. Edgerton, the Hearst organizer from New York city was also present. PRONETIC SPELLING The officials at the local Lehigh Valley station have evidently adopted the Rooseveltian style of spelling the King's English. This morning the bulletin board announced that train No. 8 would be "i oure" late. Passengers looked at the board and then at their watches. One man pulled forth a pocket dictionary, scanned its pages eagerly, turned sadly away and declared that he would hereafter vote the Democratic ticket. One woman declared that her eyesight must be failing her and said that she would at once consult an optician. Others looked at the board a moment and then asked the ticket agent to interpret the announcement for them. For the convenience of passengers a copy of the words suggested by President Roosevelt to be spelled phonetically will be attached to the board.
