BIG DAMAGE SUIT AGAINST LEHIGH

Will Come up in Circuit Court at Philadelphia Today.—Large Number of witnesses from Sayre in Attendance

The case of W. F. McLoughlin & Co. versus the Lehigh Valley Railroad Company will come up for trial in the United States Circuit Court at Philadelphia today, and large number of witnesses from this place left this morning to be in attendance. The plaintiff sues to recover the sum of \$7,000 for the loss of a carload of coffee at Green's Landing in December, 1901. During that month of the year named a severe rain storm struck this section of the country. The flats at Green's Landing overflowed and so weakened a bridge which crosses the creek at that place that it collapsed when a freight train passed over. In the train was a carload of coffee consigned by W. F. McLoughlin & Co., of Philadelphia, and this was totally ruined. Suit was begun against the company shortly afterward, but it has dragged along until the present time. The witnesses in attendance from this place are: William Foley, Peter Laux, Bert Walt, Zeb Weller, John Nash, J. S. Arnold and Patrick Kelley. Watkins, J. S. Thurston, Frank S. Morley, H. M. Drake and John Morley, of Green's Landing; Sheriff Job Griffin, H. E. Bull and John Rahm, of Towanda, are also in attendance.

YOUNG MAN INSANE

Towanda attorneys had considerable trouble yesterday with Fred Beckwith, a resident of Warren township. Beckwith, who is a young married man, has recently conceived the idea that all his neighbors are his enemies, and he has brooded over the matter so much that his mind is unbalanced. Yesterday he went to Towanda and was ejected from several law offices, his actions being of a dangerous nature. Finally friends took him in custody and a commission will be appointed to examine him. His case is a most pitiable one, as he has been highly prosperous and has borne the respect of everyone.

The world's richest men seldom realize more on their investments than three per cent. The First National Bank of Sayre pays three per cent on deposits of any size.

WANTED—A CHAIRMAN

Edwin S. Stuart, the Republican candidate for governor, is billed to address the citizens of Sayre at a public meeting to be held in the Packer Hose rooms on Friday evening next. From present indications the candidate for governor will not receive an ovation on the occasion of his visit to Sayre. The meeting, it is understood, is to be held under the auspices of the county committee, and in order that it may be conducted in the usual manner it will be necessary to have a chairman and a few vice-presidents. So far, however, the committee has been unable to secure a man who will consent to act as chairman and it looks as if the job will go begging. One prominent citizen, who has always been a dyed-in-the-wool Republican, has been offered the job. In fact he has been almost begged to take it, but he has refused. He will be conveniently absent from town on the day of the meeting. Others of less prominence have also been requested to introduce the gubernatorial candidate, but up to date they have all given plausible excuses, and have refused to serve. The county committee is also in need of several dozen vice-presidents, but the efforts to secure men who are willing to stand for having their names appear in the public prints as being in sympathy with the "gang" candidate for governor have also proven futile.

It is said that Mial has instructed his henchmen in Sayre to steer clear of the Stuart meeting and not become identified with it in any way. While Mial is known to be traveling hand in hand with the corrupt Republican machine, he is going to be exceedingly careful about letting it appear on the surface. Therefore he has told his followers in Sayre not to get too prominent as it will only be a case of making bad matters worse so far as Sayre is concerned.

Unless a chairman is secured today it is likely that Mr. Stuart will be compelled to introduce himself to the citizens of Sayre.

AN OLD AUTOMOBILE.

Ezra Baxter, of Troy, has presented The Record with a fine picture of an automobile, which is over 100 years old. More properly speaking the automobile is an ox-cart, believed to be the only one of its kind in existence, and the picture was taken at the fair which was recently held at Troy. The cart is a two wheel affair and is loaded with a dozen or more handsome young women. Attached to the cart are two ox teams driven by Mr. Baxter. The cart has passed down through three generations of the Baxter family and is in an excellent state of preservation.

HALLOWE'EN

The youngsters in Sayre are making preparations for the proper celebration of Hallowe'en, and from the present indications it will be attended to in a most enthusiastic manner. The long looked for event occurs on the evening of October 31st, and for several nights preceding there is an abundance of fun and revelry for young America. It is right for the boys to have all the fun they can as long as it is of a sane and sensible character. There are plenty of ways to have a good-time, but the destruction of property should not be permitted, and any attempt of this kind should be stopped at once by the police.

ROBERT PACKER

HOSPITAL DAY

Appropriate Exercises Held at Presbyterian Church Last Evening.

Robert Packer Hospital Day was observed at the Presbyterian church last evening, the edifice being filled to overflowing with friends of Sayre's well known institution. The graduating class of nurses consisted of four members this year, Sadie A. Peters, Maude Hinman, Maude G. Gray and Charlotte M. Norris. An excellent program was prepared which was opened with prayer by Rev. H. L. Hannah, pastor of the Church of the Redeemer. He was followed by Dr. C. H. Ott, physician and surgeon in chief of the hospital, who gave the medical and surgical statistics for the past year. M. H. Sawtelle, treasurer of the Board of Trustees, presented the financial statement for the past year, and the Rev. P. R. Ross, pastor of the Presbyterian church of Waverly, delivered the address to the graduating class. Mr. Ross's address was listened to with great attention and was appropriate to the occasion. During the course of his remarks Mr. Ross suggested that a home for the nurses should be erected in connection with the hospital and the suggestion will doubtless be looked upon with favor by the board of trustees. The diplomas for the graduating class were presented to the graduates by Henry Streeter, Esq. of Towanda. Mr. Streeter spoke in his usual entertaining manner and stated to the nurses that the board of trustees at their last meeting had spread upon the minutes a resolution commendatory of the work of the late Mary Polley, a nurse who died several weeks ago at the hospital.

The presentation of medals was made by the directors of nurses, Miss Emily McCreight.

ARMY COOKERY.

Happily there is one school of cookery in the army, but this is considered to be "beneath notice," and is not mentioned in the army list. In the interest of the health of the army the question of providing further means for learning cookery may well be considered.—The Hospital.

TRIBUTE TO NATIONALITY.

The death is announced of Lieut. Gen. Ivan Georgievitch Macdonald, of the Russian army, at Warsaw. "The deceased," remarks the Novos Vremya, "belonged to a Scotch family, which may explain his tireless energy, enterprise and love of work."

HUGGINS.

A widow named Huggins has sued a Notting Hill tradesman for breach of promise. At the risk of being thought old-fashioned, I must confess it does not seem quite fair to make a man pay for the Huggins he didn't get.—Tattler.

RIVALRY.

Beggar (to lady)—"Ah, your husband is a kind gentleman. He has promised me his old overcoat, as he is going to buy a new one." Lady—"So—then send your wife to me, and I will give her my autumn jacket!"—Rombe.

THE COMMON EVIL.

The sin which is termed dishonesty is the same evil as that which is called disease in living bodies or blight in the seasons, and in cities and governments has another name, which is injustice.—Plato.

SWEDEN'S LOVE OF FLOWERS.

A special characteristic of the Swedish women of all classes is their love of flowers. In proportion to its size and the number of its inhabitants Stockholm has more flower shops than any other town in Europe.
