MALICIOUS EFFORT TO DECEIVE VOTERS

In His Desperation to Secure Votes Lilley Resorts to Another Despicable Trick

Mial Lilley has added another despicable trick to his futile efforts to land once more in a seat in congress. Mial Lilley has added one more disgraceful act to his crooked political career. He opened the struggle with "snapping" the nomination, and now he is closing the canvass with a "snap," and joins with it a deliberate and malicious falsehood with which he expects to flagrantly deceive the voters. As may always be expected, however, Mial has been caught at the dastardly trick, and indisputable evidence is at hand to show that he will resort to anything from a "snap" convention to wilful perversion of the truth in order to save himself from political ruin.

Saturday night the employes of the Haws-Laana toy factory at Towanda were handed a letter just before they quit work. The letter was addressed to them by J. C. Covington, manager and part owner of the concern. The letter requested each employe to state whether or not he favored Mr. Kipp for congress. Mr. Covington, who is practically a stranger in Towanda, had resorted to this method of taking a straw vote among the men employed in the factory. Mial Lilley took occasion to turn the letter into a circular and in commenting thereon utters what he knows to be a most malignant falsehood, and one which he calculates will deceive the voters. With characteristic disregard for the truth Lilley in his circular says that George W. Kipp is connected with the toy factory and that he inspired the letter for the purpose of coercing voters. These circulars were sent broadcast throughout the district yesterday by agents in the employ of Lilley. With the assistance of his postmasters, who are owned by him body and soul, many were mailed to various points.

The statement that George W. Kipp is in any way connected with the Haws-Laana factory either financially or otherwise, has not the slightest foundation. Mr. Kipp and Mr. Covington made affidavit to this effect before a justice of the peace at Towanda yesterday. Lilley's assertion that Mr. Kipp is connected with the toy factory, and the capital which he is attempting to make out of it, is the crowning point in Lilley's career as a crooked politician. It was expected that Mial would resort to a trick to deceive the voters and the expected has happened. It was expected that he would end his campaign as he began, by the use of deceit, and he has fulfilled the expectations. It is these methods that have brought him into disgrace and incidentally brought him face to face with defeat.

The voters, however, must not be deceived. Mr. Kipp is in no wise connected with the toy factory. He has made affidavit to this fact, and also to the effect that he had nothing to do with the letter and did not know of its existence until after it had become public property. Mr. Covington has also made an affidavit that Mr. Kipp is not interested, financially or otherwise, in the Towanda toy factory. Mr. Covington also explains the intent of his letter. Under oath he says it was nothing more nor less than an attempt to take a straw vote, and that the letter was not written for the purpose of coercing or in any way interfering with the manner in which any employe of the factory should vote.

Lilley knew these facts when he originated the malicious circular which he flaunted in the face of the intelligent voter yesterday.

In his desperation to bolster up a cause that is lost the gang has employed the services of brilliant legal talent to refute the statement that George W. Kipp is no wise concerned in the Haws-Laana toy factory. The legal gentlemen

has assiduously applied himself to the subject and the Daily Times may be expected to fall over itself in its issue this evening in yelling that Kipp's bank owns a mortgage on the factory. Voters must not be deceived nor pay any attention to these frantic efforts on the part of the boss to extricate himself from an unpleasant hole. Bad as has been his campaign from the beginning its closing days has degenerated into a tissue of unmitigated falsehoods. No one will be fooled, however, as the reputation of Lilley for truth and veracity was shattered in this place some time ago.

ANOTHER CANARD PROMPTLY DENIED

Statement from George W. Kipp Which Is Self-Explanatory

Towanda, Pa., Nov. 5, 1906.

To the voters of the Fourteenth Congressional District:

The fact has been brought to my attention that a paper is being circulated in Sayre in which my opponent pledges himself to work for the enactment of legislation that will reduce the hours of labor and curtail the powers of injunction in labor disputes. The statement is being made that this paper was presented to me and that I refused to sign it. This statement is absolutely false and there is no foundation whatever for its having been made. No such paper was ever presented to me. I can however assure the public that this document would receive and does receive my hearty endorsement. I would have signed it cheerfully had I been given the opportunity. (Signed) George W. Kipp.

\$100.00 REWARD

The Valley Record hereby offers a reward of One Hundred Dollars for information on that will lead to the arrest and conviction of any one attempting to bribe voters by an offer of money or any valuable thing that will tend to debauch the ballot box, either in Athens, Sayre or South Waverly, at the forthcoming election.

MR. MASON'S SUCCESSOR

Mr. Mason, the alleged labor representative, who came to Sayre the latter part of last week, for the express purpose of impeaching Samuel L. Gompers, wielded the editorial pen on the Sayre Daily Times, on Saturday, and today the Hon. L. T. Hoyt of Athens, is occupying the sanctum. The appearance of Mr. Hoyt at least assures the readers of that paper an improvement in the style of construction, and a guarantee that the King's English will not be murdered and the mangled remains ruthlessly trampled upon.

POSTOFFICE FLOODED

Postmaster Bonfoey and his efficient corps of clerks will breathe a sigh of relief when the election is over. During the ten days preceding election the local postoffice has been flooded with campaign literature and the mail has not been handled with the ordinary speed. Patrons of the local office should spare their criticism, however, as the members of the force have done their best and promise more prompt service now that the unusually big rush is over.

MR. GOMPERS' LETTER

Don't fail to read the letter from Samuel Gompers printed in today's issue of The Record. The signature to the letter is written in ink by Mr. Gompers and the original can be seen by any one who desires to call at The Record office.

The regular monthly meeting of the Business Men's Association will be held in the association rooms on Wednesday evening.

ANOTHER LIE IS NAILED TO THE CROSS

Last Resort-Measures of the Lilleyites Are of a Most Atrocious Character

Another canard which the Lilleyites will spring this evening is one to the effect that George W. Kipp refused to sign a paper that he would be in favor of shorter hours for the trainmen. It is said that a paper to this effect was circulated yesterday and that Mr. Lilley very quickly appended his name to it. Enemies of Mr. Kipp are, however, circulating the story that it was also presented to him and that he refused to sign. This statement is as false and malicious as the circular which was set afloat yesterday relative to the "straw" vote which was taken at the toy factory in Towanda on Saturday evening. Mr. Kipp has never seen a paper of this character and if he had, and had been asked to sign it, he would have done so cheerfully. In another column Mr. Kipp over his own signature absolutely denies that he has ever been asked to attach his name to a paper of the character mentioned above. Another Lilley lie is thus nailed to the cross.

FARM LABORER BADLY INJURED

May Lose Right Leg as the Result of Being Caught in Gear of a Traction Engine.

Charles Lane, a laborer, who resides at Highland, Pa., was brought to the hospital at this place on Saturday evening, suffering from a frightful injury to his leg which he received the day previous. Lane was employed in assisting to operate a traction engine which was attached to a threshing machine. The machine was being taken along a country road when Lane's clothing was caught in the gearing. His right leg was pulled into the cog wheels, and the fleshy part of the member below the knee was badly torn and lacerated. The accident occurred on Friday evening but it was not until Saturday night that he was brought here. The doctors will try to save the injured leg, but it is so badly injured that it is doubtful.

WILL SELL LOTS
