THE LABOR WORLD DISOWNS LILLEY

Says That It Is Not in Any Way Responsible for the Articles It Contains in Support of the Boss

The publishers of "The Labor World" which has been circulated freely in Sayre, and which contains laudatory articles of Boss Lilley and other gang candidates, fly the following announcement at the head of the editorial page:

"The Labor World gives notice that it is in no sense responsible for any article which appears in its columns, except unsigned articles on page 8. All other pages are devoted to news and contributions, and may often describe and advocate matters utterly opposed to The Labor World and its policy.

The editorial matter concerning Boss Lilley appears on page 6, while the article which tells of his undying friendship for labor, and which refers to the papers supporting Mr. Kipp as "scabs" is published on page 1, or the title page.

Now, what do you think of that? Lilley and his henchmen are telling the Sayre workmen that "The Labor World" is supporting Lilley and that his record on the labor question is all right. But when you read the publishers' notice, they disclaim being responsible for or endorsing the Lilley articles.

makers' union called on him, and asked him to sign an agreement to support all legislation favoring the cause of united labor. These men say they were turned down cold by Mr. Lilley, and that they are willing to make an affidavit that he told them he was going to be elected anyway, and did not need the help of the labor organizations.

REBUKE LIARS, SAYS GORDON.

Boston Pastor Talked on Political Situation During Sunday Service. BOSTON, Nov. 5.—Rev. Dr. George A. Gordon, pastor of the new Old South church in Copely square and one of the most prominent Congregational clergymen in New England, preached the communion service at his church yesterday with a brief address on the political situation in Massachusetts.

Dr. Gordon's parishioners expressed some surprise that the clergyman should discuss civic and political affairs from the pulpit, as he has generally refrained from such action. Dr. Gordon, however, explained his remarks by saying that the gravity of the situation was such that he could not refrain from commenting on it in the pulpit.

He said that seldom in the history of the country has there been a time of greater peril, tumult, passion and falsehood than at present. He would not attempt to tell his people how to vote, he said, but he wished to tell them how to prepare themselves to vote. If they would keep in memory the lives and services to their country of Washington and Lincoln and would dwell upon the sacrifices to preserve the Union made by the flower of the youth of the north who died in the civil war and if his parishioners would commune with the spirit of Washington, Lincoln and other great national heroes there was no doubt, Dr. Gordon said, that they would vote tomorrow "to rebuke the unvindicating liars who are disturbing the peace of society."

WIRELESS AIDS FISHERMEN.

Close Connection Now Between Fleet and Boston Markets. MARSHFIELD, Mass., Nov. 5.—The wireless telephone, it is claimed, has successfully entered into the deep sea fishing industry. For the past week experiments have been conducted by the wireless telegraph station at Brant Rock, which is equipped with a wireless telephone, with a small vessel stationed among the fleet of the south shore fishermen twelve miles out in Massachusetts bay.

Recently, it is asserted, the fishermen wished to learn the prices ruling in the Boston market. The operator on the wireless fitted boat called up Brant Rock and phoned the fishermen's request. The land operator asked Boston by wire, and the answer was forwarded back to the fishermen.

Rebellious Chiefs Will Talk With President Roosevelt. SHERIDAN, Wyo., Nov. 5.—A conference between the Indians and troops resulted in an agreement on the part of the Utes to return with Colonel Rogers to Fort Meade, S. D., to be taken care of there by the government while Chiefs Red Cap and Black Whiskers go to Washington to talk the matter over with President Roosevelt. The Utes will go overland with troops of the Sixth cavalry. The Indians have not been disarmed and will not be as long as they take no threatening actions.

The chiefs in attendance at the conference, who were sent by the band with power to act, were Red Cap, Unknakia and Ponnay.

The murder occurred in a dark alley adjoining the Gildersleeve home and was done with a shotgun, the charge almost severing the woman's head from the body.
