## REGULAR MONTHLY COUNCIL MEETING

### City Dads Disposed of Considerable Important Business Last Night

The regular monthly meeting of the Sayre borough council was held in the Packer hose rooms last evening, Lacey, Samuels, West Adamy, Hullett, Hassler, Evans and Hawes being present. The meeting was the first to be held in the hose rooms, the old council chamber having become unfit for use.

J. C. Wood, of West Sayre, appeared before the council and stated that each hose company was to receive either gas or the sum of \$10 per year. Mr. Wood stated that the company to which he belonged had not received either the gas or the money for a period of three years. He was informed by the council that the gas company had turned over the sum of \$20 but that the remaining \$10 had not been received. An order for \$20 was drawn in favor of the hose company and the remaining ten dollars will be paid over as soon as the council receives it.

The application of C. R. Bennett for position of special police force was referred to the police committee.

Councilman Adamy reported that the arc lights had been dim for several nights and that some of them were out entirely. It developed that two machines had burned out causing the lights to burn weak. The statement concerning the lights called forth the assertion that the police have not been reporting lights that were out. Councilman Evans insisted that the police should do their duty in this respect. He stated that they had recently been given an increase in pay, and that they should perform the labor required of them. He suggested that "a sharp stick" be used.

The residents of Hopkins street presented to the council a request for gas and water. The request was referred.

A bill presented by M. H. Sawtelle for \$1575 for expenses of a trip to New York provoked considerable attention. Councilman Hassler asked that the bill be scrutinized. During the discussion which followed it developed that Mr. Sawtelle had gone to New York to interview Schappert, the attorney for the Lehigh Valley, with reference to the effort which the borough is making to get the right of way to lay the sewer under the company tracks.

It also developed that Mr. Sawtelle had been successful in securing terms which will be of considerable advantage to the borough. The bill was passed without any further hesitation.

N. F. Walker, the borough engineer, presented a bill for \$165.75 the major part of which was for making the survey on the east side.

A bill for \$6 for shooting dogs was presented to the council.

The police report for the month showed that one dollar had been collected in fines. "King" Kelley had paid this.

The council adjourned until next Tuesday evening when the sewer question will again be taken up.

### PLEASANTLY ENTERTAINED

Mr. and Mrs. B. F. Parsons, of Linden Grove, North Waverly, pleasantly entertained a number of their many friends on Friday evening last. A No. 5 Victor talking machine furnished an excellent musical program. A violin and organ also contributed greatly to the amusement of the evening. Those present were Mr. and Mrs. Edgecomb, Mr. and Mrs. Ewart Lowman, son and daughter, Mr. and Mrs. William Ring, Mr. and Mrs. George Bowman. Light refreshments were served at 10 o'clock and the guests departed at 12, declaring that they had been entertained in a most royal manner.

## SCHOOL BOARD MET LAST NIGHT

### Session Was Short and But Little Business Transacted.

The borough school directors met in regular monthly session last evening, all the members of the board being present with the exception of Talada. The session was short, there being but little business to transact. A large number of bills were paid and I. N. Evans was appointed attorney for the board.

The treasurer's report shows that there is \$11,650.42 on hand. Superintendent Stetler reported that a boy under sixteen years, who is attending school, works in a bowling alley at night. Mr. Stetler says that the loss of sleep renders the boy unfit for school work and suggested that the board look into the matter. The board may be compelled to take action unless the matter is adjusted by the boy's parents.

Recently a pupil in the high school broke a window glass while at play. The board split the difference, and will pay half the cost of putting in a new light, while the boy will be compelled to pay the other half.

## INTENSE INTEREST IN THE ELECTION

### Fine Weather Indicates That a Big Vote Is Being Polled

Election day dawned with bright skies, and the heavy frost which fell last night quickly succumbed to the warm sunshine. It has been years since voters, especially in the rural districts, have been favored with such delightful weather conditions, and the indications are that the biggest vote in the history of Bradford county will be polled today. Reports from all over the state are to the effect that never has there been such enthusiasm displayed at any election, not even excepting a presidential year. In Sayre the voting began early. By 9 o'clock groups of men were gathered here and there discussing the situation, while the party workers on both sides have moved swiftly throughout the entire day. There have been no disturbances of any kind, the crowds at each of the polling places being of an orderly character. Sayre will poll a big vote in each of the four wards, hacks and rigs of every description having been pressed into service by the workers in order to get the vote out. The election will go down in history as the warmest contest that has been held in this district in years.

### PERSONAL MENTION

Deputy Prothonotary Perry F. Estelle of Towanda came here today to cast his vote and greet old friends.

### CHARGED WITH LARCENY

James Smith, a man who is quite well along in years, was arrested yesterday forenoon by Constable Spencer Brougham on a warrant sworn out by T. P. Maney, charging larceny. Smith entered into a contract with Maney to clear away timber from a piece of woodland on the east side of the Susquehanna, but Maney alleges that Smith went beyond the limit and cut trees and sold them. When arraigned before Justice Carey yesterday afternoon Smith denied the charge and demanded a hearing which was set for Thursday next.

### ELECTION RETURNS AT THE LOOMIS
