CURZON FOR AMERICA.
Former Viceroy of India May Succeed Durand as Ambassador.

WASHINGTON, Nov. 9.—Lord Curzon, former viceroy of India, is mentioned in diplomatic circles as a possible successor to Sir Henry Mortimer Durand, British ambassador to the United States. The fact that Lord Curzon is now on the sea between Great Britain and this country and has announced that he will visit in this country for some time lends color to the rumor of his appointment to the Washington post. Lord Curzon is accompanied by Mrs. Leiter, the mother of Lady Curzon, who died a short time ago.

OFFICERS' CONFERENCE.
Athens—The conference of grand officers of the Royal Arcanum with representatives of subordinate lodges held at Scranton last night for the purpose of awakening new enthusiasm in the order was disappointing in its results.

The matters discussed were not pertinent to a solution of the problem and the lay members looked upon it as an evasion of the vital issues that must be met if the order is to take on new life.

SPLENDID CONCERT.
Athens—The Orpheus Jubilee Singers gave a splendid concert last night in High School Hall and they had a delighted audience that packed the room to the doors.

The old slave songs that furnished the soul inspiring cheer of a race in bondage have a wonderful power that always demands our admiration. Beneath the weird harmonies there is an indescribable power to elevate and spiritualize.

The Orpheus Jubilee Singers have added cultivation to their natural gifts and the program last evening embraced not only the old slave melodies but also some of the choice classic music of the best authors. They created an enthusiasm that held the audience under their spell from beginning to end and they were obliged to double the program with encores. It was a fine evening's entertainment.

Permanent Dentistry

Our patrons say we have the disposition to please. We keep our promises.

A quarter of a century ago we placed some gold fillings in the teeth of a well known gentleman at present a resident of Sayre. These fillings today are just as bright, firm and useful as the day they were made. We will tell you the name of the party, if you wish to see him yourself.

There are variations in dental workmanship, just as there are differences in the various brands of flour. If you desire the highest degree of proficiency—the skill and knowledge that will make YOUR fillings serviceable twenty-five years from today—come in or phone for an appointment. On the other hand, if you take pleasure in having your teeth filled over and over again every year or two, you should go elsewhere—we do not do that kind of work.
