Buck up, old man! No use falling down before trouble. Anyway, nothing's ever so bad as it seems at first. Tell me the story and perhaps we can find a way out.

The two men had not met for some time. Jackson, passing through the city on a business trip, had entered Drew's office to surprise him with face buried in his hands, crushed by black lepression. Old friends and comrades, he longed to help.

The only way out of this trouble, Remarkable Craft Which Represents answered Drew, glad of the relief of confession, "is a way that-that the other party won't consent to. Jackson's strong hand was pressed mfortingly on his friend's shoulder. Well," he said, his sensible, matter of fact manner calming the other like a sedative. QUICK-WITTED ACT OF A TEXAS COWBOY.

GIRL BITTEN BY A SNAKE

Young Man Immediately Sucks Poison from Wound and Wins Haughty Father's Consent to Their Marriage.

Houston, Tex.-A dozen or more cowboys in the employ of old "Blunderbuss" Baron on the famous Los Floritas ranch, in southwestern Texas, witnessed a few days since a remarkable scene and the display of desperate devotion on the part of a comrade that has few parallels either in fact or fiction

Miss Sallie Baron was galloping across the plains in company with her father and a bunch of cowboys when she accidentally saw a pretty flower blooming near a large cactus This famous belle of the Rio Grande is an accomplished and spirited rider, capable of performing many feats on horseback that astound even the most daring broncho buster. Without slackening the speed of her fine racer she swung her lithe body towards the ground in order to seize the fragrant bloom that had attracted her at-

Her hand had no sooner touched the flower than there was a warning rattle so familiar to the ears of Texans. and the next instant the fangs of a monster rattlespake were driven into the white arm of the venturesome

Old man Baron saw the glitter of the mad serpent's eyes and the flash of the forked tongue and the murderous fangs sinking into the arm of his adored daughter. She is his only child, and one for whom he has hoarded a million. He loves her better than his own life. Realizing that death usually follows the bite of such a monster, the terrified father threw up his arms with a moan of despair.

Jack Garland, a quick-witted valor ous ex-ranger, happened to be close enough to seize the frightened young woman's arm as she threw it up, and he grasped it above the wound, en circling it with his thumbs and fore fingers with sinews of steel that prevented the poison from reaching be yond his grip. As other comrades sprang to his as

Old man Baron had fallen from his saddle in helpless terror. While some

He is an old Texan, and, comprehending the situation at a glance, his courage began to rise. He knew that the poison of a snake could be sucked from the wound, and he also was well informed as to the risk and danger the young man was incurring. "You are a brave boy," he exclaimed, " a brave boy.

"And what will not a brave boy do for the girl he loves?" sald one of the cowboys. It soon became evident that the
