Shirley Culpepper and Ed Ellen, the two southern youths who arrived here yesterday morning stranded, will probably secure work in the silk mill at Athens. Yesterday Chief Walsh communicated with the officials of the mill with the result that the boys will probably be given a trial.

BOROUGH COUNCIL MET LAST NIGHT

Session Was Short, But Considerable Business Was Transacted.

The regular monthly meeting of the Sayre Borough Council was held in the Packer hose rooms last night. Councilmen Lacey, Samuels, Burns, West, Evans, Hassler, Hulet and Heverly answering to roll call. The session was of short duration but considerable business was transacted, though of a rather unimportant nature.

James Lyons, first assistant engineer of the Sayre fire department, appeared before the council with reference to the automatic or "shut-off" nozzles which the council contemplates purchasing for the use of the department. The price for each nozzle is \$170, and some of the members of the council thought this amount rather high. It was decided to write the company with the view of getting this price reduced. During the discussion it developed that the nozzles had not been given a fair test by the department, and it was suggested by one of the councilmen that the borough lockup be set on fire and thus an excellent opportunity would be afforded to give the nozzles a practical test. All the members of the council appeared to favor this scheme. Members of the fire department present asserted that if the lockup were set on fire it would be a difficult matter to get anyone to do anything toward saving it from the flames. Mr. Lyons also reported that the Hook and Ladder Co. were compelled to draw their truck to and from fires by hand, and as this was a laborious task, requested that the council provide means whereby the truck could be handled in an easier manner. The council promised to look into the matter.

H. D. Angell informed the council that he would permit the erection of a small building on his lot on the east side, which would thus give the department a hose house in that locality.

It was decided to ask the gas company for a light in front of the lockup, and this brought forth a suggestion on the part of Councilman Samuels that the alley running between Desmond street and Elmer avenue should be provided with lights.

A bill for \$17.10 for repairs on the borough lockup was presented and ordered paid. The telephone company also presented a bill to the council for telephone messages for the police department. The bill amounted to \$1 65, and it was decided to apply it as a credit on the amount the telephone company owes the borough for failing to remove a pile of dirt on Lockhart street when the company placed their wires under ground last summer.

The sewer matter was laid over until the 26th of the present month as the ordinance carrying the proposition had not been prepared on account of the contracts with the Lehigh not having been closed up.

Before adjournment the council made arrangements to borrow the sum of \$4,200 with which to meet current expenses.

DECREASED NET EARNINGS

The Lehigh Valley reported for October a gain of \$145,000 in gross earnings, but a decrease of \$15,000 in net. This was more than offset, however, by gains in other income, so that the total income for the month shows a gain of \$39,000 or about three per cent. October is the first month of the present fiscal year for which the Lehigh Valley has reported decreased net earnings.

CANVASSING FOR NEW DIRECTORY

The Vick Publishing Company Will Furnish This Valley With A Complete and Up-to-Date Work

Representatives of the Vick Publishing Company, of Rochester, N. Y., are busily engaged in canvassing the residential districts of Sayre, Waverly and Athens in the interests of a new directory for the towns which will probably be ready for delivery by the middle of January. The business districts have already been canvassed by the firm and as soon as the residence portions are taken care of the work of compiling the copy for the printer will begin. The mechanical work will be done in this valley and the residents are promised what they really never had before, a complete and thoroughly up-to-date directory. The present directory is now nearly two years old, and has outlived its days of usefulness. Since its publication many changes, both in the residential and business districts, have taken place, and it is therefore no longer to be relied upon for accurate information. The Vick Publishing company have therefore decided to compile a directory at a particularly opportune time, and as they are thoroughly acquainted with the work by reason of long years of experience, the residents of Sayre, Athens and Waverly are assured of a directory that will be complete and accurate in all its details. The new directory will contain much important information which has heretofore not appeared in similar publications. Great care is being exercised to obtain correct data from responsible persons, and the citizens of the valley are earnestly requested to give the representatives all the assistance they can along this line.

BIDDERS WANTED

The postmaster at Sayre has been directed by the second assistant postmaster general of Washington, D. C., to advertise for ten days by public notice so as to best draw general attention, for bids to carry the mails on messenger route between the present site of the postoffice and the Waverly, Sayre & Athens Traction Co. at Sayre, each way as often as required, bids to be received by the postmaster in sealed envelopes.

Blanks for making the bids will be furnished upon application to the postmaster at Sayre. The service will not be let for any stated period and no formal written contract with bond is required. Messengers must be over sixteen years of age and suitable to be entrusted with the care of the mails. A mail messenger may resign at any time by giving the second assistant postmaster general written notice thirty days before the time he intends to cease service.

STATION BROKEN OPEN

The Lehigh Valley station at Oaks, N. Y., was broken into by unknown burglars on Sunday evening. The door to the waiting room was broken in with a sleigh bolster. Several boxes of freight and express were broken open but nothing was taken except a suit of clothes belonging to the station agent. On the same night the New York Central station at the same place, a store and the postoffice were entered by thieves but they failed in securing anything of much value. The Lehigh detectives are at work on the case.

WILL PLAY POOL

Tim Dunn, of Waverly, and Charles Ross, of Athens, will play a match game of pool at Hensen's parlors on Lockhart street this evening at 7:30 o'clock. The game is the result of a controversy among the friends of both men and a \$20 purse will be awarded to the winner.

IN THE SUNNY SOUTH

Despite the pouring rain, a large and well pleased audience attended the Sunny South company Tuesday evening this week. For its advertised virtues, fun, melody and dancing, the show was the best that has appeared at the opera house this season and the best "coon show" that has been through the state in the writer's knowledge.

Mr. Rockwell has gotten together an entertaining program, in which the great fault of such performances, monotony, is done away with. The beautiful blending of genuine negro voices is there, the picturesque abandon, the eccentric dancing, the grotesque fun making, but all kept in proportion and not permitted to become wearisome.

The program began with plantation melodies with all their weird minors and thrilling chords, well interspersed with modern rag time dancing and a half dozen varied features. An olio of music, fun and dancing of the approved vaudeville style followed, the performance concluding with a handsomely dressed finale, "The Bogus Prince," in which laughable low comedy and refined operatic singing made a pleasing contrast.

The Turners, James and Louise, made uproarious laughter in their skating sketch, Drake and Carrington had some laughable nonsense, the ladies' quartette sang charmingly, the musical girls contributed a slightly bit of melody and costume and the orchestra deserves a special mention both for its intelligent incidental music, which added one-half to the effectiveness of the stage work, and for its excellently played overtures, good models for many white orchestras to follow.

Altogether, it is safe to say that if Mr. Rockwell ever brings this company of colored folks here again he will be greeted with a crowded house.—Portland, Me. Loomis Opera House Thursday evening, Dec. 6th.

MURDER TRIAL TOMORROW

The murder trial of Dominic Sharrone, the Italian, who was indicted by the grand jury for the murder of Eugene Messenger at Athens last summer, will be taken up in the court of quarter sessions tomorrow. It is said that the district attorney's office is in possession of excellent circumstantial evidence and that the trial promises to be an interesting one.
