GOOD HEALTH
is reflected in persons who consume a careful, wholesome diet with the moderate use of an invigorating, healthful food beverage like **STEGMAIER'S BEER**.
The ruddy good nature manifest in those who indulge in an occasional glass of good beer, is proverbial. They are good natured because they have gained strength and health and vigor from its use.
In striking contrast are the pessimistic coffee or tea drinker and the optimistic beer drinker.
Try our beer. It is the same of healthful liquid refreshment.

WAR ON THE CHURCH

France Sends Papal Envoy Across Frontier.
ALL BONDS WITH ROME NOW BROKEN
First Drafted Act Was Espoused by Mr. Montagnani and Search by Police of His Parisian Residence.
PARIS, Dec. 12.—The cabinet at its meeting yesterday morning approved the Minister of Justice, Briand's programme for putting the church separation law into effect. Should the final decision be not to modify the circular sent out by Ministers Briand and Demagny every Catholic service held throughout France next Sunday will be proscribed as illegal, and the officiating priests will be liable to arrest and prosecution.
The government has seized at Modane, Savoy, the pope's confidential instructions to the French bishops.
The cabinet approved Minister of Justice Briand's propositions for the suppression of pensions of the clergy, immediate liquidation of church property, alienation of clergy houses, bishop seats and seminaries and measures to be formulated in the interests

CARDINAL RICHARD.
of national security, under which the minister of war will summon ecclesiastical students to rejoin their regiments at once.
The fast bound bonds which for nearly a thousand years have united the government of France and the church of Rome were broken by Premier Clemenceau in enforcing the new lines of separation, now in effect. By refusing to accept that law or any compromise under other less drastic laws the pope has rendered public Catholic worship in France illegal henceforth except in schismatic organizations.
The first gun in the battle between church and state was fired when Mgr. Montagnani, secretary of the papal nunciature here since the recall of the nuncio, was arrested upon an order of Premier Clemenceau expelling him from France and was conducted to the frontier.
The residence of Mgr. Montagnani was searched by the police and immense quantities of documents found at the nunciature were seized and taken to police headquarters.
A courier from the papal secretary of state, Cardinal Merry del Val, bearing dispatches from Rome, was turned back at the frontier.
Formal notice was served during the day on Cardinal Richard, archbishop of Paris, and the bishops and parish priests of this department that they must vacate their residences at once.
Similar notices were served on the clergy in the other departments, notifying them to leave their residences on Thursday or Friday.
War Minister Piquart ordered the recruiting officers to require ecclesiastical students to present their certificates. Those who fail to do so by Dec. 20 will be ordered to join the colors Jan. 7. The order affects 5,500 students.
After a meeting of the cabinet ministers it was announced that on Dec. 15 Premier Clemenceau will ask parliament to suppress the pension of the clergy, to liquidate the public property of Catholics and to distribute the presbyteries, seminaries, and so on. Among other measures the cabinet proposes to introduce in parliament Dec. 14 a bill authorizing the government to expel ecclesiastical whose presence is considered dangerous to the public peace.
The tone of the republican press of all shades indicates that if the pope imagines that an uncompromising attitude will compel the French government to open negotiations with the Vatican he has woefully mistaken the temper of the people, who favor a more hostile rather than a more conciliatory attitude.

Memorial to John Smith and Company
NEW YORK, Dec. 12.—It is announced that the Colonial Dames of America have appointed a committee to erect a memorial at Jamestown, Va., to commemorate the landing of John Smith and his company in connection with the Jamestown exposition next spring. The Colonial Dames propose to erect a memorial gate at the entrance to the tract which includes the original site of Jamestown.
Dinner Given a Dinner.
WASHINGTON, Dec. 12.—Senator Dewey will give a dinner this evening to Speaker Cannon and the New York delegation in congress. This will be the first time for nearly a year that he has taken part in any formal entertainment.

THEY "CREATED" ROOSEVELT.

Mr. Storer Ascribes President Owea His Position to Them.
CINCINNATI, Dec. 12.—That President Roosevelt owes his exalted position to her husband and herself is the remarkable statement made by Mrs. Bellamy Storer, wife of the former ambassador to Austria.
"My husband and I created President Roosevelt," said Mrs. Storer in an interview regarding the controversy between her husband and the president. She added:
"It seems hardly worth while to pay any attention to the attacks President Roosevelt has chosen to make upon myself and husband. No one knows the truth better than President Roosevelt. I will say that the friendship between the two families has been of long standing and of the closest nature."
President Roosevelt owes much today to Mr. Storer and myself. It was through me and my influence that Mr. Roosevelt was made assistant secretary of the navy, and it came about in this way:
"Mr. Storer and I went to Canton to pay President and Mrs. McKinley a friendly visit and also to ask for the appointment of Mr. Roosevelt to be assistant secretary of the navy. I told the president that I was not there to ask for anything for my husband, but that I did want an appointment for a friend, and it would be a great personal favor if he would grant my request and make Mr. Roosevelt assistant secretary of the navy."
"He at first opposed it by saying that Mr. Roosevelt was too much of a fighter and he feared it would not be a wise appointment to make. I then told him Mr. Roosevelt had been a member of the civil service commission and had been compelled to be a fighter, but I felt sure he would fill the position with great honor and do the work well."
"President McKinley also remarked that Senator Lodge had stopped off at Canton in Mr. Roosevelt's behalf on his way home from the St. Louis convention, where he had been to nominate Thomas B. Reed at the presidential convention."
"President McKinley remarked that Mr. Lodge was getting in the band wagon pretty quick."
"Before leaving the president told me that he would try to make this appointment to please me, and he afterward did."

MRS. BIRDSONG GUILTY.
Slayer of Dr. Butler Recommended to Mercy of Court.
HAZLEHURST, Miss., Dec. 12.—Mrs. Angie Birdsong was found guilty of manslaughter for killing Dr. Thomas Butler and was recommended by the jury to the mercy of the court.
After the verdict, while the young defendant sat crying, with a young child in her arms, a deputy approached to take her to jail. When he lifted the child the little one sobbed, "Mamma, don't let him have me."
Mrs. Birdsong was not compelled to remain in jail, but spent the night under surveillance at a hotel. Her uncle, United States Senator McLaurin, who had left Hazlehurst, was telegraphed to return and make a motion for a new trial today. The court did not attempt to pass sentence. The minimum penalty for manslaughter in this state is a fine of \$500.
Mrs. Birdsong, who is twenty-two years of age and a member of a leading family, in November, 1905, shot and killed Dr. Thomas Butler. She alleged that he had boasted of illicit relations with her—and that his boasts were untrue. The tragedy occurred in Monticello, Miss.

More Note the Mail Wagon.
NEW YORK, Dec. 12.—Postoffice officials are ready to award a bouquet to Ned, a big bay horse that is a veteran in the mail hauling service. Without a driver to guide him he pulled a heavily loaded mail wagon from Station N, at Broadway and Sixty-ninth street, to Station H, at Madison avenue and Forty-fourth street. The entire detective force of the West Sixty-eighth street station was scouring the precinct for hours, looking for the lost mail wagon and its contents, supposing it to be stolen.
Garfield on Trains.
PRINCETON, N. J., Dec. 12.—James R. Garfield, who has been nominated for secretary of the interior, delivered the second Trask lecture here last night, speaking on the subject "The Relation of the Government to Corporations." Mr. Garfield said that the activities of corporations have so increased that almost all business is now done in the corporate form. He said that the federal license will ultimately be the method which will control corporations and prevent unjust monopolies.
Stevens Has Not Resigned.
NEW YORK, Dec. 12.—John F. Stevens, chief engineer, and J. G. Sullivan, assistant chief engineer of the Panama canal commission, arrived here on the steamer Panama from Colon. They are home for the holidays and expect to return to the isthmus early in January. Conveying the rumor reported from Panama that he might resign from the commission, Mr. Stevens said that he had not resigned and that reports that he intended doing so were unfounded.

The \$200,000 thus subscribed is to be used in establishing and equipping a laboratory of experimental medicine in the medical school of Western Reserve.
Dispute as to God's Designation.
GUTHRIE, Okla., Dec. 12.—The constitutional convention had a heated discussion as to whether the supreme being should be designated as "the supreme ruler of the universe" or "God almighty." PORTO RICO MESSAGE

Smoot and Mormonism Discussed in Senate.
CORTELYOU AND GARFIELD HELD UP
Senators Insist Upon Knowing From President Roosevelt When Secretaries Shaw and Hitchcock Will Leave Cabinet.
WASHINGTON, Dec. 12.—The question of Senator Reed Smoot's right to a seat as a United States senator from Utah was discussed by Senator Burrows in the senate. Senator Smoot occupied his place in the chamber. No interruptions were made during the entire speech, which was an arraignment of Mormonism's responsibility which attached to Mr. Smoot for Mormon principles as a member of the apostolic body of the church. Mark Twain was an interested listener in the galleries.
Senator Dubois announced that he should address that body tomorrow on a resolution declaring that Senator Reed Smoot is not entitled to a seat as senator from Utah.
The finance committee of the senate considered the nominations of Postmaster General George B. Cortelyou to be secretary of the treasury and of James H. Garfield to be secretary of the interior.
The point was raised that so vacancy existed in either of the cabinet offices named and that no definite information was at hand as to when a vacancy would occur. The committee, therefore, decided to postpone action until more definite information was had.

Stand pat on spelling was Representative Keifer's plea during the course of a speech he made in the house. He said that for the first time in the history of the country it was proposed to legislate on the proper use of the English language in the public prints. "You will be compelled to spell according to law, according to Webster's or some other standard dictionary," he remarked, and added, "The author of Shakespeare's plays and sonnets was not much of a speller, and he used only a vocabulary of 15,000 words."
The president has sent congress a special message on Porto Rico, giving the results of his observations during his recent visit to that island. "I found the scenery there wonderfully beautiful," he says, "especially among the mountains of the interior, which constitute a veritable tropic Switzerland." The president was also deeply impressed by the fertility of the island and by its "admirable government." He praises especially the showing of the schools in the eleven towns he visited and the insular police and native troops. It would be a mistake from every standpoint to discontinue the Porto Rican regiment, he declares. He found the fruit, sugar cane and tobacco industries to be growing rapidly, but was disappointed in the coffee crop, which has not recovered from the effects of the hurricane of some years ago. He requests congress to take some action for the benefit of "the excellent and high grade Porto Rican tobacco."
Continuing, he says:
"There is a matter to which I wish to call your special attention, and that is the desirability of conferring full American citizenship upon the people of Porto Rico. I most earnestly hope that this will be done. I cannot see how any harm can possibly result from it, and it seems to me a matter of right and justice to the people of Porto Rico. They are loyal; they are glad to be under our flag; they are making rapid progress along the path of orderly life. Surely we should show our appreciation of them, our pride in what they have done and our pleasure in extending recognition for what has thus been done by granting them full American citizenship."
The president speaks in high terms of the act of congress which provided for the government of the islands.

Confated Newton Bank Robbery.
GREAT BEND, Kan., Dec. 12.—Joseph S. Kearns, the former Chicago dry goods clerk and newspaper man, who was captured here after robbing a bank at Great Bend, Kan., in broad daylight, has confessed to having robbed the Midland National bank at Newton, Kan. The Newton robbery was committed in the afternoon of Nov. 13, Kearns locking the clerks and customers, six in all, in the bank vault and occupying with \$1,300. Kearns confessed that he sent part of the money secured in the Newton robbery to his mother and sisters at Ann Arbor, Mich.

Brusch is accused of throwing his wife into the canal on June 15 last. It is alleged that Brusch killed his wife in order to marry Isabel Gilmore, a widow of Alliance O., with whom he had become infatuated. Brusch was arrested in Cleveland, O., where he fled after the deed and where he was found in the company of the Gilmore woman.

STRICKEN WITH APOPLEXY.

Bishop McCabe of Philadelphia Lies III In New York Hospital.
NEW YORK, Dec. 12.—Bishop Charles C. McCabe of Philadelphia, one of the leading divines in the Methodist Episcopal church, was stricken with apoplexy as he stepped off the Twenty-third street ferry. He was picked up and taken in an ambulance to the New York hospital, where an hour after the stroke he was resting easy.
The bishop, who is seventy years old, had hurried over from Philadelphia to keep an engagement with the president of the board of trustees. He stepped off the boat and started up the incline at a brisk pace. He was carrying a heavy valise containing several books and was nearly out of the street when he suddenly dropped his

valise, threw his hand to his head, staggered back and leaned against the wall of the ferry house.
Before any one could reach him the bishop had fallen to the floor. He was carried by a policeman into the ferry ambulance, from which he was taken to the hospital.
This is believed to be the second stroke which the bishop has suffered.
Dr. McCabe has been a bishop of the Methodist Episcopal church since 1894. He was born at Athens, O., Oct. 11, 1835. In the civil war he was chaplain of the One Hundred and Twenty-second Ohio infantry. He was captured at the battle of Winchester, was in Libby prison four months, then rejoined his regiment, but soon afterward went into the service of the Christian mission, for which he raised large sums. After the war he became pastor at Portsmouth, O.
The bishop became known formerly as "Chaplain" McCabe because of his service during the civil war. After the war he acquired a national reputation by his lectures on army life and his book, "The Sunny Side of Libby Prison."

SIX DAY BICYCLE RACE.

Bobby Walthour and Partner One Lap Behind.
NEW YORK, Dec. 12.—Thousands of persons were drawn to Madison Square Garden to witness the six day bicycle race, which began midnight Sunday.
The most interesting feature of the grid were the attempts on the part of Bobby Walthour of Atlanta, Ga., and his team mate, John Bedell of Long Island, to make up the deficit of one lap which they incurred when they doubled up as a reconstructed team. They made frequent spurts ahead of the bunch, but each time they failed to make a gain. All the riders are watching this pair very closely and are on the constant alert lest Walthour or Bedell gain the coveted lap.
Walthour came very nearly fooling the field late last night, when he gained almost a lap after a desperate sprint, but unfortunately there was a spill, and although he was not in it, under the rules he was not allowed the advantage he had gained.
At noon today all the teams had made 1,068 miles except Walthour and Bedell, who were one lap behind.

WANT RESTORATION

Plea Made to President on Behalf of Negro Troops.
STEWART AND MORRIS AT CAPITAL
Navy of Constitutional League Presents Evidence to Executive Showing, He Ascribes, Innocence of Colored Soldiers.

WASHINGTON, Dec. 12.—Gilchrist Stewart, representing the Constitutional league and 145 of the dismissed negro soldiers, and Rev. Dr. Charles S. Morris, the pastor of the Abyssinian Baptist church of New York city, are in Washington in the interest of the battalion of soldiers of the Twenty-fifth infantry, colored, who were discharged "without honor" as a result of the shooting affair at Brownsville, Tex.
Mr. Stewart has with him a large amount of evidence regarding the affair, which he presented to the president through Secretary Loeb. The president is preparing his answer to the senate resolution calling for information regarding the discharged soldiers.
Mr. Stewart presented to the president 172 affidavits showing, according to his story, that within five minutes after Major Penrose ordered the "fall to arms" every man of the battalion answered the roll call "and was under the direct supervision of the white officers who verified the roll call, making it impossible for substitutions," that all of the officers and men thought the firing was of mixed arms and that the fort was being attacked by a certain element in the city which had threatened to drive the colored soldiers out of Brownsville.
Mr. Stewart's affidavits, he held, showed that Major Penrose ordered the three companies in a position of defense on the walls of the fort, each company supporting the other, Company C staying on guard all night. He contended that the evidence made it clear that an attempt was being made to not only do the soldiers bodily harm, but, falling in that, an effort was made to lay the blame upon the soldiers both by shooting up the town and then getting government cartridges and clips from the target practice grounds and scattering them along the streets.
He stated that the affidavits show it would have been impossible for any soldier to have got back into the lines without being seen by the white officers and adds that there were threats by citizens to shoot colored soldiers after 11 o'clock on the night of the difficulty; that citizens were dressed in khaki uniform and regulation hat and carried rifles, being seen on the street that night in two squads, one of four men and one of five.
The men are asking congress as the result of these affidavits that there be a thorough congressional investigation by a committee having power to subpoena witnesses or that the president take steps to restore them to the army without prejudice.

Jap Bridegroom in Hard Luck.
PITTSBURG, Dec. 12.—Kuneko Wada, a Japanese medical student at the University of Michigan, and Stella Johnson, a Swedish girl, were married in this city by an alderman after most trying experiences. The couple were formerly employed in the home of Joseph K. Thaw, and while seeking a minister in the east end to marry them were arrested as suspicious characters, but were released. Wada was a butler for the Thaw family until the opening of the university in the fall. He came here to wed his former companion in service. He was born in Tokyo and is said to belong to an aristocratic family in Japan.
Ex-Governor Moses Found Dead.
BOSTON, Dec. 12.—Former Governor or Franklin J. Moses of South Carolina was found dead in bed at the home of Henry Hamilton in Winthrop, Mass., where he was staying. Gas escaping from a small stove used to heat the room had asphyxiated him. Mr. Moses had lately been employed by a financial concern in Boston. He was about sixty years old. He liked Winthrop as a residential place and had at times acted as moderator of its town meetings. Whether Moses died a suicide or met death accidentally has not been determined.
