BOROUGH SCHOOL DIRECTORS' MEETING

It Was Held in the High School Building Last Night.

The regular monthly meeting of the Sayre borough school directors was held in the high school building last night. Thompson, Whittle, Cook, Maddock, Balch, Hutchinson and Shedden answering to the call of the roll.

A resolution was passed providing for the purchase of 150 chairs to be used in the high school hall. Heretofore it has been customary to borrow chairs for public entertainments, but the board has decided to equip the hall with chairs. They will cost \$7.00 per dozen and will be purchased of J. W. Grumme.

The board paid a large number of bills, among which was one for \$4.00, presented by C. S. Gay, the truant officer. It developed that \$1.60 of this bill was for legal advice which the truant officer had received relative to the truancy law.

A bill for \$31.74 presented by the water company for water furnished the five borough schools provoked some discussion. It developed that nearly one half of the bill had been charged for water used in the West Sayre school building, and the board failed to understand it. The bill was ordered paid. Another bill which was provocative of considerable talk was the one for repairs on the West Sayre building. The bill amounted to \$29.97, of which \$9.00 had been expended for 240 pounds of putty with which to fix up the windows, and 60 cents for a quantity of paint. The bill was ordered paid.

A. D. Stevens, the insurance agent informed the board by letter that the insurance amounting to \$15,000 on the high school building will expire on the 14th, and sent in a request for renewal. A letter from F. J. Taylor asking that the matter of insuring the school buildings be equalized among the various agents, was read and discussed. It was finally decided to divide the \$15,000 insurance among Stevens, Taylor and Sawtelle.

W. H. Barber filed a request for the expenditure of \$10.00 for camera supplies, which will be used to assist him in making microscopical examinations. The request was granted.

Treasurer Maddock reported \$2,715.63 in his hands.

Mrs. Louis Vuisheff was appointed a supply teacher.

The board decided to close school on Washington's birthday, in order to give the teachers an opportunity to attend the meeting of the county directors which will be held in Towanda on Friday, February 22, and also on the following day.

Superintendent Stetler reported that the average attendance during the month of December was 55 per cent below the normal line. The prevalence of mumps was assigned as the cause.

The board adjourned to meet on Friday evening, at which time the tax exonerations will be disposed of.

Interest in the barrel murder mystery that occurred near Hazleton a month ago has been revived by the finding of several articles that are believed to have belonged to the victim of the murder. It is hoped that the finding of these articles may furnish a clue to the identity of the victim.

LEG CRUSHED OFF IN SAYRE YARDS

Charles Burlingame, a Lehigh Brakeman, Met With a Distressing Accident Last Night.

With his left foot frightfully crushed just above the ankle joint Charles Burlingame, a Lehigh Valley brakeman, who resides in this place, was taken to the Packer hospital about six o'clock last night, and later the surgeons at that institution amputated the member just above the seat of injury.

Burlingame was employed yesterday as a brakeman on extra Lehigh Valley freight No. 592, eastbound, in charge of Conductor Nelson and E. Wood, engineer. The train was pulling into the west end of the Sayre yards and Burlingame was on top of the cars attending to the brakes. When the train neared the State Line it gave a sudden jerk, and it is presumed that Burlingame fell between two cars. When found by the train crew he was lying along side the track with his left leg crushed. He was bleeding profusely and was at once brought back to the station. In the meantime the ambulance was summoned and he was hurried to the hospital.

Burlingame, who is 24 years old, had been in the employ of the company for some time. He resides in West Sayre and has a wife and two small children.

Moravat Quail, who was captured here on Sunday evening by Detective Shaffer and Station agent Dave Kendig, of the Lehigh Valley force, was returned to the Elmira Reformatory yesterday. The latter is wanted on several charges and when his term expires at the reformatory he will be confronted with enough to send him to the pen for a long trip. Quail will, however, remain at the reformatory for some years, and in the meantime District Attorney Keut will move for an indictment against him at the next session of the Tompkins county grand jury. When he is released from the Reformatory he will be met by an officer and taken back to Ithaca to face trial.

Harry Meredith, the young Englishman who peached on Quail, and is responsible for his being once more in limbo, is being held at the police station in Ithaca for further examination.

"When Women Love."

This big scenic melodrama will be presented at the Loomis opera house Saturday afternoon and evening by the strongest company ever selected for a melodrama. The entire production is worthy of notice, it is one of the best attractions playing at popular priced houses. The play is a new one and deals comparatively with the rich and poor, the scenes being laid in New York city, prominent among them being the Woman's Ward, Blackwell's Island, the interior of large factory with machinery in operation, the great court room scene with the graphophones starting and sensational evidence which saves the heroine from the untimely fate, and the garden fete with climaxes, make it an attraction above the ordinary. It is a play that will delight and please all classes.

BURGLARS ENTERED N. F. ACKLEY'S STORE

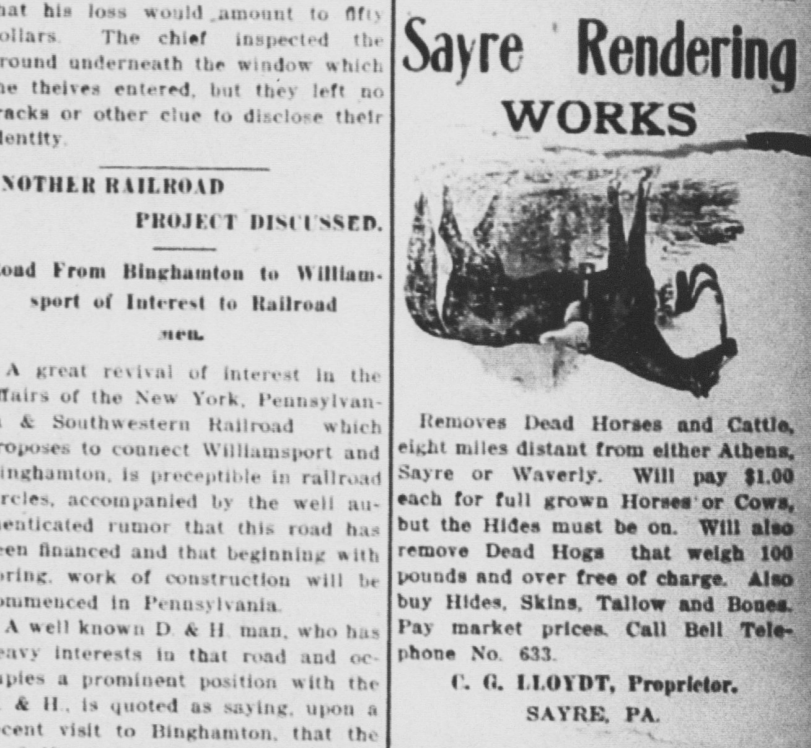

Gained Entrance Through a Window and Carried Away Fifty Dollars Worth of Merchandise.

Cracksmen evidently of the amateur type, entered the store owned and conducted by N. F. Ackley on Stevenson street last night and succeeded in carrying away a quantity of gloves and mittens, a half box of ten cent cigars, several black working men's shirts, and several pairs of suspenders. The burglars effected an entrance by breaking a small hole in a pane of glass in one of the windows on the side of the building. It was an easy matter then to release the window catch on the inside. The job was done sometime after midnight, but there is as yet no clue to the identity of the thieves.

Mr. Ackley has a room upstairs in the building which adjoins his store, but he did not hear any noise during the night and therefore knew nothing of the burglary until he opened his store this morning. Chief Walsh was called and Mr. Ackley told the officer that his loss would amount to fifty dollars. The chief inspected the ground underneath the window which the thieves entered, but they left no tracks or other clue to disclose their identity.
