> Professor Elliott Accuses Former At sistant Secretary of State.

WASHINGTON, Jan. 1 .- Sensation al charges of misconduct in office were made against Herbert H. D. Pelrce. former third assistant secretary o state and now United States ministe to Norway, before the committee of ways and means by Professor H. W Elliott of Cleveland. The committee had under consideration the resolution of Representative Southard for th further protection of the Alaskan fur seals, and it was in connection with this that Professor Elliott attacked Minister Peirce.

He charged that while Mr. Peirce was third assistant secretary of state be had represented the United States government before the The Hague court in the matter of the seizure of the schooner J. Hamilton Lewis by the Russian government on the charge of piracy. The Hague awarded the Amer ican owners of the vessel damages h the sum of \$50,000,

Mr. Elliott told the committee that when he appeared before it two years ago he was acting as the confidentia agent of Secretary of State Hay, a though he was not then at liberty to re yeal those relations with the state de partment. He said that at the time h had been promised by Prank H. Hitch cock of the department of commerc and labor, now first assistant postmas ter general, that the regulations pro hibiting pelagic sealing would be en forced. Mr. Elliott insinuated that be cause of Mr. Hitchcock's failure to make good his promise he was removed from the department of commerce and labor. Concerning that promise of their having been mistaken. Two Mr. Elliott said: "I accepted that prom ise in place of the then pending legislation, but I suspected at the time that Mr. Hitchcock would be removed. He was. He was sent over to New York with the national Republican committee, where he was of just about as Dr. Thorn, Charles S. Canada and much use as a plum pudding dog under Charles A.
