NEW YORK, Jan. 17.—"The field courts that have power of summary trial and execution, for which Pavloff and the Russian premier were responsible, has filled the country not only with sadness and dismay, but with a stupor. DANIELS SMASHES RECORDS

New York Aquatic Expert Makes Hundred Yards in 50 2-5 Seconds. NEW YORK, Jan. 17.—Three American and one world's swimming records were smashed by C. M. Daniels, the champion, at the New York Athletic club swimming races, held in the big tank, in the presence of some 800 enthusiastic club members and guests.

It was in the first heat of the 200 yard handicap race that Daniels, who was scratch man, first broke the 100 yard record by swimming the distance in 59 3-5 seconds, the fastest time ever made, so the judges announced. Then he did the 120 yards in 1 minute 14 3-5 seconds, the old record being 1 minute 20 4-5 seconds.

The next record to go was at 150 yards, for which the old mark was 1 minute 43 seconds. Daniels covered it in 1 minute 37 seconds. He finally did the 200 yards, winning the heat in 2 minutes 15 1-5 seconds, beating the old record of 2 minutes 20 seconds by 4 4-5 seconds.

All the heats in the 200 yard race were hotly contested, the final one being especially so. It was between Daniels, Bud Goodwin, E. E. Wenck, Jr., and Lester Crane, all members of the New York Athletic club. The latter was the winner, Yale shot five baskets from the side of the ball.

PRESIDENT AND KING

Foreign Mission Board Asks Help For Kongo.

LEOPOLD'S RULE MEANS ITS RUIN. Memorial Sent to Roosevelt, United States Senate and to British Ruler on Behalf of Forlorn Natives by Philadelphia Conference.

PHILADELPHIA, Jan. 17.—At a conference of the foreign mission boards of the United States and Canada assembled here it was unanimously agreed to forward to President Roosevelt, to the United States senate and to King Edward an appeal on behalf of the stricken people of the Kongo Free State as follows:

"The conference of the foreign mission boards of the United States and Canada would most respectfully and earnestly bring to you an appeal on behalf of the stricken people of the Kongo State. We do this in the name of forty missionary organizations whose work is prosecuted in all sections of the world, and we are persuaded that the petition interprets faithfully the sentiment of their constituency of upward of 20,000,000 Christian men and women. We are not forgetful that recognition has been given by both governments to international duty in relation to this unhappy people."

"It is a source of keen satisfaction to us that our governments are united in leadership in a work so closely affecting international honor. But we are reminded by the recurrence of our annual meeting that weeks and months are passing by while the heavy burden of wrong continues to rest with crushing weight upon the Kongo people, and we recognize with profound regret that the first definite step toward just international action has not yet been taken."

"We speak with deep conviction concerning this issue, because we are intimately associated with many residents of the Kongo State, by whom the conditions to which we refer have been disclosed. "We would earnestly urge that no device of the ruler of the Kongo State, whether of wholesale expulsion of native or of evasion of accountability through promotion of transfer of territory to a government of which he is himself the head, shall be allowed to cloud the issue of international responsibility for immediate ascertainment of conditions and correction of wrongs."

"In the name of humanity, of international justice, of regard for the primal rights of man, we would ask that you will use the full power reposed in governments by the supreme ruler in the interest of an immediate discharge by the nations of their responsibility of guardianship over the remnant of the humble people who a generation ago, without choice of their own, were brought out of their isolation into relations with the world of men and states."

NEW YORK, Jan. 17.—"The body of Francis X. De Loe, the young clubman of this city whose rickety horse was found in Fairmount park on Wednesday, was recovered yesterday in the Schuylkill river. The span was found near a bridge which spans the river and on which the young clubman was last seen riding his horse. It is believed that his mount became unmanageable and that De Loe was thrown over the guard rail into the water. When the police examined De Loe's body his jewelry and money were found intact."

SURPRISE AT ALBANY

Governor Hughes Names Stevens For Public Works.

KEEP TO SUCCEED FRED D. KILBURN

Name of Ex-Senator Had Not Been Publicly Discussed in Connection With His New Position—F. E. Perley Reappointed.

ALBANY, N. Y., Jan. 17.—Governor Hughes sprung a complete and sensational surprise last night when he sent to the senate for confirmation the nomination of former State Senator Frederick C. Stevens of Attica, Wyoming county, for superintendent of public works in place of Nicholas V. Francoeur of Olean. The nomination was immediately confirmed on motion of Senator Hooker, from that district.

The name of ex-Senator Stevens has been publicly discussed in connection with this appointment. He was chairman of the special legislative committee of two years ago which investigated and electric lighting conditions in New York and which Governor Hughes was named. It was in this connection that Mr. Hughes was first brought conspicuously to public notice. Senator Stevens was practically "distriated" out of the senate by the legislative reappointment of last year.

The governor also sent to the senate the expected nomination of Charles Hallam Keep of Buffalo to be state superintendent of banks in place of Frederick D. Kilburn of Malone. William Leary of New York was nominated for state superintendent of elections for the metropolitan district in place of Lewis M. Swazey of Brooklyn. Swazey was appointed by Governor Higgins a few weeks ago in place of George W. Morgan of New York, resigned, who had been acting as his deputy. His appointment being in a recess of the senate, was effective only till Dec. 31, and he is not reappointed.

Other appointments sent for confirmation were those of Frank E. Perley of New York, state tax commissioner, reappointed, and Benjamin E. Hall of New York, state tax commissioner in place of William Halpin of New York. The reappointment of Mr. Perley, who was secretary to Governor Higgins and recently appointed to succeed C. H. Lewis of Syracuse, resigned, was confirmed after complimentary remarks by Senators Raines and Grady. All the nominations save those of Senator Stevens and Commissioner Perley were referred to committees.

The governor also announced the following appointments: To be judge of the city court of New York, William E. Wadhams of New York; to be miscellaneous court reporter, Charles C. Lester of Saratoga, reappointed. According to an authorized statement made at the executive chamber, Governor Hughes regards his selection of ex-Senator Stevens to be superintendent of public works as a personal appointment. Mr. Stevens is his personal friend and a man of recognized integrity and business ability, who can be relied upon to administer the duties of the office impartially and to compel the honest and faithful performance of the work that will be under his control.

The governor is much pleased in having been able to persuade Mr. Stevens to undertake this service. Mr. Stevens is a graduate of Cornell university and has been actively engaged in large business enterprises in various parts of the country. Through his activities he possesses a thorough knowledge of business methods, and he has been successful in the various enterprises which he has undertaken.

ROME, Jan. 17.—W. T. Stead, in connection with his efforts to interest Pope Pius in an international peace movement, wrote Cardinal Merry del Val, the papal secretary of state, including a letter to the pope in which he described his ideas as to the action the Vatican should take and pointing out the enormous moral influence such action by the pope would create. It is reported that Mr. Stead's desire is that Pope Pius issue an encyclical in favor of peace and the limitation of armaments.

PITTSBURGH, Jan. 17.—The dangerous flood stage anticipated in the rivers here by the United States weather bureau failed to materialize, and last night the stage of water was stationary after reaching a little over twenty feet. While this stage caused considerable trouble in the lowlands, a twenty-foot stage is necessary for a flood stage in the downtown section of the city.

Prominent Cubans at Cocktail

HAVANA, Jan. 17.—A cocktail in Mariano given in honor of certain prominent Liberals and attended by 400 persons was raided by rural guardsmen under Captain Perdotto, who broke in at the front and the rear of the building. Twenty persons were arrested, the remainder escaping. Among the prisoners are General Pino Guerra, commander of the insurgent forces during the recent revolution; Jose Miguel Gomez, one of the Liberal candidates for the presidency; J. Montegudo and Carlos Mendites, candidates for the governorship of Santa Clara province, and other less important leaders. All the prisoners were taken to the police station.

ROME, Jan. 17.—W. T. Stead was received in audience by King Victor Emmanuel here. His majesty approved Mr. Stead's international peace propaganda, including the proposal of a pilgrimage of prominent men of all nations to The Hague at the time of the second peace conference, and in the course of his conversation with the English editor said his ideas were right and destined soon to triumph.

LABOR MEN HELD FOR JENKS' DEATH. EUREKA, Cal., Jan. 17.—The coroner's inquest into the death of Albert Jenks, who was killed in a street battle between union and nonunion longshoremen, brought in a verdict holding Jack Hayes, James Smith, F. Sideringer and Elmer Gillis, members of the longshoremen's union, and twenty-five others, also believed by the jury to be union men, responsible for Jenks' death. Hayes was shot and badly wounded in the fight. Smith is missing and the other two named are in custody charged with murder.

RABBIT IS MOTHER OF KITTENS. Middleton, N. Y.—A remarkable freak of nature has developed here in the birth to Mother Rabbit of three little kittens and three little rabbits. The mother appeared very proud of her strange family, and seemed to bestow fully as much attention on the kittens as she did on the rabbits. The husband of Mrs. Rabbit, who had become jealous of the pride taken in the brood, secured access to the box in which the kittens and rabbits were and killed all in a brief space of time.
