LEHIGH RAILROADERS INJURED YESTERDAY.

Conductor and Passenger Fireman Meet With Painful Accidents.

E. H. Wilcox, a conductor on Lehigh Valley extra No. 613, eastbound, was brought to Sayre yesterday afternoon at 3:15 o'clock, suffering from a gash in the head one and one-half inches in length, the result of having been hit in the head by a corner of an ice box at Manchester shortly before noon. Wilcox was on the rear platform of the caboose and leaned out to receive orders from a man standing on the icehouse platform. A dense cloud of steam prevented the conductor seeing a large ice box, the corner of which struck him on the forehead. The blow knocked him from the caboose and when he was picked up he was unconscious. His injuries were at first thought to be serious, but an examination disclosed nothing except an extensive laceration.

Cornelius, a passenger fireman, on engine 2462 drawing No. 130, sustained a smashed finger yesterday while shoveling coal into the firebox of his engine, between West Creek and Ithaca. He was treated at the hospital.

There is an astounding shortage of cars all over the country and nearly every railroad is affected by it. LEHIGH VALLEY DIRECTORS MEETING

The Stockholders Held an Interesting and Lively Session.

The annual meeting of the stockholders of the Lehigh Valley, held at noon yesterday, was enlivened by frequent hits between President Thomas and the venerable and irrepressible William E. Lockwood. There was a rapid fire and cross-fire between the management and Mr. Lockwood before the meeting could settle down to business. About seventy-five stockholders were in attendance when William Jay Turner, who acted as chairman, called the gathering to order. President E. H. Thomas occupied a seat next to the chair and at the conclusion of Mr. Lockwood's wordy fusillade, he arose and made a lengthy address to the shareholders as to the policy on future dividends and prospective expenditures for equipment.

Many of the stockholders present were old residents along the line of the road. A number came over from New York with Joseph Walker, who, it will be recalled, recently inaugurated a movement to list the stock in New York and solicit all proxies with this purpose in view.

David G. Baird was secretary of the meeting, and hardly had the officers of the gathering taken their seats when Mr. Lockwood's attitude presaged the interruptions that were to come. He first insisted that the pages of the annual report be turned slowly to give an opportunity for questions.

Mr. Lockwood put many pertinent queries to President Thomas about the road's relations with the Pullman Company and express companies operating along the line and wanted to know whether there were two contracts in existence with these corporations—a secret and public one. President Thomas quickly silenced this line of interrogations by declaring that the company had no secret contracts of any kind.

STORM DELAYING RAILWAY TRAFFIC.

Snow on Western Roads Retarding Business on the Lehigh.

For the first time this winter blizzards and snow threaten to interfere with railroading. Many of the western roads are almost completely tied up as a result of heavy snow falls, and although the Lehigh is not affected by local snow, yet it is feeling the effects of the western blizzard. This morning No. 8 did not reach Sayre until shortly before noon, on account of snow in the west.

Local railway officials of the Lehigh say that there is more snow east on their line than there is on the west end, but they do not apprehend any serious trouble. If, however, the blizzard continues there is likely to be trouble ahead.

LOST CONSIDERABLE SUM OF MONEY.

A Reward of \$10 Will Be Paid Upon Return of the Lost Amount to This Office.

Somewhere between No. 222 Hoover street and the corner of Draper street Miss Bessie Clendenny this morning lost the sum of \$97.20, the amount being in currency and checks. The money and checks were in a roll and the checks will be readily recognized as they were endorsed by Coleman Hassler, the coal dealer, and Miss Clendenny was on her way to the bank. A reward of \$10 will be paid to the person who finds the roll, and will return the same to this office or to the office of Mr. Hassler.

MR. WILKING WILL RECEIVE DOUBLE PAY.

Left Here About Six Months Ago to Accept Position With the Pennsylvania.

Geo. S. Wilking of Lock Haven, a former well known and popular Sayre citizen, is in town attending to the packing and shipment of his household effects to Lock Haven. Mr. Wilking removed to that city six months ago and took a position with the Pennsylvania railroad company. He states that the Pennsylvania company pays him about twice the salary that he drew at Sayre, and he is well pleased with the courteous treatment accorded to employees.

AUTO OWNERS WARNED. There Are 9,000 Machines Without Licenses. Somewhere in Pennsylvania there are 9,000 automobiles chasing about, the owners of which are liable to be fined anywhere from \$10 to \$25 for the reason that they have neglected to take out a State license for 1907 and get the red tag that must be placed on their gas wagons. Last year there were 14,082 licenses issued by the State Highway Department to owners of automobiles, but inquiry at the department today shows that just 5,000 tags have been issued for 1907. Last year the tag was blue with white letters, this year it is red with white letters, and any auto owner who is now driving his machine with a blue tag is liable to arrest, under the law of 1905, and any magistrate may fine him any sum from \$10 to \$25.
