FARMERS' INSTITUTE AROUSES INTEREST

Much Information Given Out That Will Be of Practical Use to Agriculturists.

Waverly—The address of Prof. E. F. McDonald of the Educational department at the Masonic hall yesterday to those in attendance at the Farmers' Institute was a splendid appeal for the teaching of practical subjects in the public schools in the rural districts which will fit the boys to be better farmers and the girls to be better farmer's wives. The address was applauded heartily by those present who seemed to agree with the speaker thoroughly if his idea that man made the city but God made the country.

Last night's session was entirely taken up by V. E. Fuller of New York city who gave a very interesting talk on "The Various Breeds of Cattle" illustrated with stereoscopic views. The Lyric Glee Club sang two selections which were heartily applauded. Conductor Ward stated yesterday that one feature of last year's institute in Waverly was the fact that better music was furnished than any institute he attended throughout the state.

Today's sessions were well attended. This morning the question box evoked a lively discussion from which much valuable information was acquired. A paper was read by Mr. Stevens on "Plant Growth" and Conductor Ward on "Home Grown Protein."

A violin duet was rendered by Messrs. Slawson and Hess.

Hon. Byram Winters gave a splendid talk this afternoon on "Drainage and Scientific Farming" from a practical point of view. After Conductor Ward's paper on "The Care of the Farm Horse" the institute was adjourned.

NOT RUNNING FOR OVERSEER OF THE POOR.

But F. L. Howard is a Candidate For Supervisor of the Town of Barton.

Waverly—F. L. Howard, who for the past two terms has filled the office of supervisor of the town of Barton is a candidate for renomination.

Mr. Howard has performed his duties in a business like manner and has given to the town the lowest tax rate on record and the lowest rate of any town in Tioga county, some of them being nearly double. Many improvements to the highways have been made and others are contemplated, and with the experience gained by him during his incumbency these ideas could be carried out by him with better results than by a new supervisor who did not thoroughly understand the situation. Two nearby newspapers have recently stated in their columns that he was a candidate for overseers of the poor is an unexplainable error.

Will Maintain Status Quo.

PARIS, Jan. 17.—It is now possible to announce definitely that the Ultramontanes were victorious at the sessions of the French episcopate in their determination to hold in suspense the main question of how worship shall be continued, a decision being arrived at not to form cultural associations under the law of 1901 and at the same time to ask for precise instructions from Rome. In the meantime the status quo will be maintained.

FARMERS' INSTITUTE DRAWS LARGE CROWD

Many Farmers Attend and Hear Excellent Program That Has Been Provided.

Waverly—The farmers institute is in session at the Masonic temple today and is well attended.

The morning session was opened with prayer by Rev. George A. Briggs, pastor of the Baptist church.

Village Attorney Frank A. Bell delivered the address of welcome and in a very earnest manner told the visitors how glad the Waverly people were to receive them and that the aim of this village was to give to the surrounding rural districts a first class market for their produce.

Conductor Ward made the response and caused a laugh by telling what a good farmer had been spoiled by Mr. Bell going into the law.

The program was taken up in the order in which it had been prepared and was as follows:

Principles of Farm Chemistry..... F. R. Stevens, Sennett, N.Y. 1:30 P. M.

Root and Grey to Settle It.

LONDON, Jan. 17.—The exchange of certain definite proposals between the United States and Great Britain for the purpose of clearing up the outstanding differences between the United States and Canada have reached an advanced stage, so that well informed circles not only hope, but believe, that the approaching meeting between Secretary Root and Earl Grey, governor general of Canada, at Ottawa will result in arranging some if not all of the long pending controversies.

Which?

She—Here's a joke about a woman trying to sharpen a lead pencil. I can't see any point to it!

He—Nobody can. That's what the joke says.—Yonkers Statesman.

NEWSPAPERS TO CONSOLIDATE

Waverly Free Press and Tioga County Record Will Be Made One.

PREMIUMS FOR NEW SUBSCRIBERS

In Sayre and Athens.

Beginning with next Friday's issue the weekly Tioga County Record and the Waverly Free Press will be consolidated into one weekly newspaper. The Tioga County Record has been published at Owego continuously for thirty-five years and the Free Press founded in 1876 as a successor to the Enterprise, founded in 1858, is the only paper of Waverly, with the largest circulation of any paper in Tioga county. In their consolidated form, the Free Press-Record will continue to give all the news of the county seat formerly found in the Record, while the news of Waverly will receive as generous attention as before. In addition to this, special attention will be given to general county news and, with regular correspondents in every town and village, the new paper will easily become the representative publication of the county. In order to give space for all the news this plan calls for, the size of the combined papers will be increased to twelve pages instead of the eight-page form in which each now appears. The consolidated papers will be under the editorial charge of the present editor of the Free Press and it is hoped to steadily add to the improvements which it is believed have already added to the popularity of both papers.

INDUCEMENTS TO SUBSCRIBERS.

The subscription price for the Record is one dollar per year if paid in advance and one dollar and a half if not so paid; that of the Free Press is seventy-five cents if paid in advance. Notice is hereby given that all persons paying up their arrears for subscriptions before March 1, 1907, will receive the consolidated Tioga County Record and Waverly Free Press for seventy-five cents, payable in advance. After that date the price will be one dollar per year.

ONE HUNDRED DOLLARS IN CASH PREMIUMS

To Solicitors in Sayre and Athens.

We will also give one hundred dollars in cash premiums as follows: Twenty-five dollars to the person who first sends in one hundred new subscribers, twenty dollars to the person who sends in the second one hundred new subscriptions, fifteen dollars to the person who sends in the third one hundred new subscriptions, ten dollars to the person who sends in the fourth one hundred new subscriptions, five dollars each to the six persons who send in the next highest number of new subscriptions.

IN SAYRE AND ATHENS.

The subscriptions under these terms must be paid in advance and reported each week as received. Subscriptions to the Waverly Free Press should be reported to the Free Press at Waverly. Of course a subscription to either paper will secure for the subscriber the consolidated Free Press-Record. No subscription will be counted to the credit of a canvasser until the money has been turned into the office. As stated before, all subscriptions to either paper will be received for seventy-five cents per year and the subscriber will receive both papers in their consolidated form. Further information in regard to the terms of the premium contest will be furnished on application. 212-3

"SOLD LIKE SHEEP."

District Attorney Jerome After New York "Bloodline" Aldermen.

NEW YORK, Jan. 17.—Investigation of bribery charges against aldermen of the Municipal Ownership league was resumed before the grand jury. The first witness to be called by the district attorney was Alderman Joseph M. Torpey. The prosecution of Alderman William Clifford before Magistrate Whitman has been postponed at the request of his attorneys, Levy & Unger, and will not take place until Monday. Clifford's bail was fixed at \$10,000. John J. White and Samuel Kahn, going sureties. After District Attorney Jerome had examined eight of the ten aldermen whom Clifford is alleged to have said could be bought for \$500 apiece he said:

"It looks to me as if two or possibly more of that bunch of eleven Municipal Ownership league aldermen were simply holding out on the others. I don't believe all of them know their votes were being paid for, but, like plain fools, they were sold like sheep in a shambles."

This conclusion of the district attorney, in conjunction with other significant incidents, was taken as an indication that one or more of the aldermen had unobscured themselves and given what might be construed as a confession. At the same time it proved that the majority of the men had denied they had entered into any agreement to accept pay for voting for Rufus B. Cowing for recorder and merely did so under orders, not knowing the reason for the bolt from John Palmer. Asked if he had obtained a confession, Mr. Jerome's reply was:

"I decline to make any statement on that phase of the matter."

ON SOLID ROCK.

Site For Canal Dam Found to Have Good Foundations.

WASHINGTON, Jan. 17.—Chairman Millard of the senate committee on inter-oceanic canal made public the report of the inter-oceanic canal commission on the borings at the Gatun dam site, which was furnished in response to a request from the committee. The report includes a cable statement from Chief Engineer Stevens, in which he says that 127 holes have been bored at the Gatun site and all show that the rock walls will rest on firm and suitable soft rock.

He also says that sixty-three borings, all extending to rock, have been made across the valley of the Chagres covering the dam site and that previous material was found in only four holes and below 200 feet. At the Pedro Miguel lock walls there have been ten borings, all showing rock suitable for foundation.

Countess Comes to Aid Her Brother.

NEW YORK, Jan. 17.—H. K. Thaw's sister, Alice, now the Countess of Yarmouth, arrived here on the steamship Kaiserin Augusta Victoria. The coming of the young woman, who is the one person in the world who has the greatest influence for good with Thaw, means that a final effort will be made to have him consent to the appointment of a commission in lunacy to pass upon his mental condition.
