TUESDAY, JANUARY 22, 1907.

### BREVITIES

"Lost River" at the Loomis this evening.

Constable Spencer Brougham is in Towanda today on business.

F. W. Drake is at Caton, N. Y. today attending the funeral of his sister.

Born last Sunday to Mr. and Mrs. O. J. Lincoln, North Hopkins street, a girl.

There will be a meeting of the fire board this evening. All members are requested to be present.

Towanda is free from typhoid fever, a case which has been ill for six weeks having been discharged by the physician yesterday.

The C. E. society of the Presbyterian church will hold a business meeting at Mr. H. A. Huff's house Wednesday evening Jan. 23, at 8 o'clock.

Court opened at Towanda yesterday with a large number of witnesses in attendance. The grand jury organized but only little business was transacted.

Sportsmen are behind a bill which if it passes the legislature, is signed by the governor and becomes a law will compel every man who carries a gun to also carry a license.

The tall brick stack at once of the abandoned Lehigh Valley shops at Hazleton was blown down on Sunday by the stiff breeze. It fell with a loud crash but no one was injured.

On Saturday no coal was to be had in Susquehanna and a fuel famine is imminent in that place. The shortage is attributed to the fact that the Erie railroad is unable to supply cars to transport the coal.

The Susquehanna river was up to 7 1/2 foot mark yesterday. Both the Susquehanna and Chemung rivers were bank full for several days, a somewhat unusual condition for this season of the year.

Best grade Lehigh Valley and Berne coal, well screened, prompt delivery, hard and soft wood. Both phones at yard and office at Raymond & Haupt's. D. Clarey Coal Co.

### FIRE HOSE GOING TO RACK AND RUIN.

Therefore Fire Chief Will Ask Permission to Store It in the Old Council Chamber.

At the next meeting of the council J. C. Wood, chief of the fire department, will ask permission to remove the hose which is now scattered about the floor in the hook and ladder building into the old council chamber. The chamber is not being used for any purpose whatever at the present time and the fire chief says that a large amount of hose is going to rack and ruin in its present quarters. Mr. Wood called the matter to the attention of the few councilmen who met in the Packer hose rooms last night, but as there was no quorum no official action could be taken. Those present, however, were of the opinion that the partition between the old council chamber and the hook and ladder rooms should be torn out and the chamber used for the purpose desired by the fire chief.

### LEHIGH DETECTIVES GO TO TOWANDA.

Where They Will Appear as Witnesses Against Alleged Freight Car Thieves.

Laden with shoes, clothing, skate straps, knives and other loot which had been stolen from Lehigh Valley freight cars within the past two months, Detective Shaffer and his assistants went to Towanda this forenoon where they appear before the grand jury as witnesses against five Italians and four hoboes, who are all now confined in the county jail, having been sent to that institution by Justice Johnson of Athens some weeks ago. The officers of the Lehigh are of the opinion that they have an excellent case against the prisoners and that an indictment will be returned.

### SEWER CONTRACTS SIGNED BY LEHIGH.

They Arrived Too Late for Meeting Which Was to Have Been Held Last Night.

The contracts between the borough of Sayre and the Lehigh Valley Railroad company, by the terms of which the proposed sewer will be permitted to pass under the company tracks were received here last night. A meeting of the borough council had been planned for last evening to take final action in the matter but as there was no quorum it was necessary to again adjourn. Now that the contracts have been executed, however, the matter can be closed up very quickly.

### MASEE WILL CRACK STONE FOR 10 DAYS.

He Was Drunk and Disorderly and Fell Into the Hands of the Police.

Tom McAsee of Ridgebury, will spend the ensuing ten days breaking stone for the county at Towanda. Tom came to Sayre yesterday and proceeded to fill up on his favorite beverage. By one o'clock in the afternoon he was unfit to be in good society. Chief Walsh arrested him and took him to the lockup. He was fined five dollars by Justice Nelson, and as he had no money he was sent to the stone heap.

### STORM INTERFERES WITH RAILROADING.

Western Roads Have Been Hard Hit and Trains Are Late.

Train No. 8 on the Lehigh was over two hours late this morning, and therefore did not leave the local station until just before noon. There has been a heavy storm west which has greatly interfered with the running of trains on western roads. The Grand Trunk it is unofficially stated, has been hard hit, and this accounts for the delay of No. 8, which is a solid train from Chicago through to New York.

The man with the snow shovel is busy these days.

## KICKED UP ROW IN RESTAURANT

Was Forcefully Ejected and Landed In to the Arms of An Officer.

At supper time last night six well dressed young men, five of whom reside out of town, went into a well known Sayre restaurant and took seats at a table, and ordered lunches. One of the young men had evidently been indulging in the cup that cheers and as he did not get waited upon as soon as he thought he ought he began to indulge in language which is not permitted in good society. At least the proprietor of the restaurant does not allow language of that character to be used in his place and he informed the young man that he could cease or get out. The young fellow persisted, however, in handing out large sized chunks of profanity, and as the restaurant was filled with people, the proprietor decided that it was time to call a halt. Accordingly he walked to the table where the disturber was seated, grabbed him by the collar and dragged him to the door. At this point he threw him into the street. The young fellow landed into the arms of Officer Julius Vogel. Then there was another mixup. The young fellow attempted to get away from the officer and in so doing he let fly with his fists. As a matter of self-protection the officer drew his club and with a few gentle taps on the head persuaded the young fellow that he was down and out. As the restaurant keeper refused to make a complaint the young fellow was released, with the injunction not to create any more disturbance under penalty of arrest.

### Ruth Donlin.

Ruth, the twenty-one months old daughter of Mr. and Mrs. Henry Donlin of No. 331 Chemung street, died yesterday afternoon at the family home after a nine days' illness of pneumonia. Besides the parents the deceased is survived by one sister, Gene Donlin. The parents of the dead child are grief stricken. The funeral will be held tomorrow morning and the interment will take place at Waverly.

### R. E. Whitney.

R. E. Whitney, aged 65 years, died this forenoon at the home of his son, C. E. Whitney, of No. 519 North Elmer avenue, after a brief illness. He is survived by two sons, C. E., of this place, and G. J., of Union, N. Y., and one daughter, Mrs. T. P. Ingram, of Binghamton. The arrangements for the funeral are in charge of J. W. Grumme's undertaking establishment, but are not as yet completed.

### Death of An Infant.

The five-months-old child of Mr. and Mrs. Schuyler Smith died at the home of its parents last night at 5:30 o'clock. Acute indigestion followed by inflammation of the brain was the cause of death. The funeral will be held Thursday afternoon at 2:30 o'clock from the parent's home, Rev. Warner and Beyer officiating.

### Freight Cars Burned.

Three Lehigh Valley freight cars located at East Waverly and occupied by Italians caught fire and burned to the ground last night. The origin of the fire is unknown. The cars were filled with stoves, cooking utensils, beds and bedding, etc., but the most of these were saved.

The Chicago Stock company have an offering at the theatre Wednesday afternoon which is truly a bargain when presented at their prices, only ten and twenty cents. The bill referred to is "At Cozy Corners," the play in which Adelaide Thurston starred so successfully in the best theaters of the leading cities and we doubt of the play was ever offered before at less than two dollar prices. It is one of those high class comedies which only emanate from the best dramatists and only the higher grade of companies cater to.

### LIQUOR LICENSES GRANTED.

Court Passed Finally Upon 69 Petitions Out of 79.

A large number of license applications were presented to Judge Fanning yesterday at the opening of court. There were also a large number of remonstrances, particularly against granting licenses to new places. The judge made a long address to applicants for licenses and called their attention minutely to the law governing the sale of intoxicants.

Judge Fanning yesterday afternoon granted 69 of the 79 licenses to sell liquor petitioned for in this county.

Remonstrances were filed against the applications of E. Benjamin Loop for the Packard House in Canton; C. D. Earnes for the Canton House, Canton; Spencer S. Gernert for a hotel at Columbia X Roads; Henry L. Middendorf for the Exchange hotel in New Albany; Archie A. Campbell for the Hotel Wells in New Albany; W. E. Donahue for a restaurant on Desmond street, in Sayre borough, and the petition of J. F. Mannix and Raymond E. Cheney for a restaurant license in Canton. The last named application is for a new license; there being no eating house in that borough. Hearings will be had in these cases later.

The application of Mahlon J. McKay for the Ansterville Hotel was deferred pending the taking of depositions as to necessity, etc. This hotel has not been licensed for two years. Five days' notice of the taking of depositions is required to be given the secretary and president of the Columbia township school board.

The petitions of Maria Holcomb for the Holcomb House in Towanda, and the wholesale license of Moore & Gooding, Towanda, were laid aside temporary, pending an investigation. Of the 79 license applications made, 54 were for hotels; four bottlers, ten restaurants, one brewer, ten wholesalers.

### CHANGES ON THE LEHIGH VALLEY.

J. F. McGuire Has Been Advanced to Assistant Superintendent of Transportation.

Superintendent J. F. McGuire of the Wyoming division of the Lehigh Valley, has been promoted to assistant superintendent of transportation, a new office which has been recently created by the officials of the road. For some time past T. H. Pindell, superintendent of transportation, has been in ill health, and it was therefore necessary to provide him with an assistant, upon whom the duties of the position will probably fall.

Who will succeed Mr. McGuire is not as yet known, but there is a strong rumor to the effect that C. W. Kinney, the present superintendent of the Pennsylvania division, will succeed Mr. McGuire. This report, however, is not verified by Mr. Kinney. In the event, however, of the appointment going to Mr. Kinney, the same rumor slates C. T. O'Neil for the place which would be made vacant by Mr. Kinney.

### CHARGES ASSAULT AND SURETY OF THE PEACE.

Italian Alleges That He Was Driven Out of Meat Market With a Cleaver, When He Returned a Piece of Meat With Which He Was Dissatisfied.

John Martin, a young man employed in Bellis' east side meat market, was arrested this afternoon on a warrant sworn out before Justice Carey, charging assault and surety of the peace. The complaint in the case is Nicolio Minto, an Italian, who says that he went into the market last night to purchase some meat. He was given a piece of meat which was not satisfactory, and returned it to Martin, the latter having waited upon him. The Italian alleges that Martin grabbed a large meat cleaver and came toward him in a threatening attitude and drove him from the market punctuating his attitude with a string of oaths. Now the Italian wants to know if he has to be threatened in this manner just because he has purchased a piece of meat with which he is dissatisfied. The case will be heard by Justice Carey tomorrow morning.

### CITIZENS NOT LIFE LONG.

Five Year's Residence Abroad Makes An Alien Under Proposed Law.

A favorable report on the Perkins expatriation bill has been agreed upon by the National House committee on foreign affairs. This bill embodies the recommendation of a commission framed by the State Department to investigate the general subject of American citizenship and the protection of Americans abroad.

It is revolutionary in that it upsets the old theory that a man who is once an American citizen is always an American citizen, and provides that five years of residence outside of the United States shall make an alien of a citizen.

Wanted Immediately.

Information concerning an old crucifix of metal or stone, said to have been dug up at Sayre within two or three years. Mrs. M. P. Murray, Athens.

## HE LAUGHS BEST WHO LAUGHS LAST

When Springing a Joke It is a Good Plan Not to Laugh Until You See How the Joke Comes Out.

Some persons take delight in furnishing a lot of false information to a newspaper man and then laugh long and loud at their smartness when the stuff appears in print. In times past these would-be jokers have caused so much trouble to newspapers that the Pennsylvania legislature passed a law making it a misdemeanor to give false statements to a newspaper man for publication. After a number of smart alecks paid the fine of \$100 and costs as provided for by the statute, newspapers were reasonably free from this sort of imposition for a time.

But there may be a chance to see how this law works on a well known Sayre politician. It was all very funny when he "stuffed" the Sayre representative of a New York state paper about a certain occurrence that did not occur. There are various kinds of jokes, but to give a newspaper scribe a "hot air" yarn fabricated from the whole cloth, and then to have the matter appear as a "scare head" story, is the kind of joke that may react on the joker. When this New York state paper gets busy—and a representative from the business office was said to have been here today—then there may be a column story in the local papers.

### SHOW CAUSE ORDER IN SHARRONE CASE.

Supreme Court Grants Rule on Sheriff Griffin and District Attorney in Habeas Corpus Proceedings.

In December last Dominic Sharrone was placed on trial in the Bradford county court at Towanda, charged with the murder of Eugene Messenger at Athens. The jury after deliberating for nearly one week, being unable to agree, were discharged by the court, despite the protest of the defendant.

An application was then made for the defendant's discharge on the grounds that he had once been placed in jeopardy. This was refused and a new trial ordered to be had in February. An application was then made to the Supreme court for a writ of habeas corpus, directed to Sheriff Griffin, to produce Sharrone in court, on the ground that he is being unjustly and unlawfully detained in the Bradford county jail.

Yesterday the Supreme court granted a rule on Sheriff Griffin and the District Attorney of Bradford county to show cause why the writ should not issue. The rule is returnable February 4.

### COLLISION ON LEHIGH VALLEY.

Another crash occurred on the Lehigh Valley railroad on Saturday at 1:10 p. m. when the engine drawing the silk mill train from the Beaver Meadow division crashed into a Pennsylvania engine at Oneida Junction. Unfortunately no person was injured, although the passengers were severely shaken up. The crash was the result of a heavy fog. Engineer Moser, of the silk mill train, being unable to see the right of way, however, and it is supposed that in ordering the Pennsylvania train on that track the fact of the silk mill train coming along at that time was overlooked, as the silk mill train runs at this time only on Saturday. There was a mishap at Cranberry Junction, several cars being derailed as the result of entering the point of a switch and it blocked the passage-way of the Pennsylvania train from Nescopeck the latter was detoured via Long Run and Oneida Junction. But for the fact that both trains were running in the same direction the collision would have been attended by more serious consequences. As it was both engines were considerably damaged, their points being detached.

### The Chicago Stock.

The Chicago Stock company opened a week's engagement at the Loomis last evening by presenting "A Soldier of the Empire," a four act drama, the scenes of which are laid in the time of Napoleon. The play was witnessed by a crowded house, one of the largest of the season, and judging from the high standard of the performance the theatre will be filled each evening during the remainder of the engagement. The company is for the most part the same as when it played here last year, although there are some new faces. The class of plays which will be presented throughout the week are of a high order, and theatregoers are assured of first class entertainments. This evening "Lost River" is the bill.

### Exposure Brings on Rheumatism.

Painful in its mildest form, quickly becoming an agony or torture if neglected. When you feel the first pain in the joints take Bloodine. It acts immediately on the Blood and Nerves, and will positively cure Rheumatism, however severe. Sold by C. M. Driggs, Sayre.

**MAY ABOLISH FEBRUARY ELECTIONS.**  
Reform Leaders in Philadelphia Will Present Measure.

Republican and reform party leaders favor the abolition of the February election. A bill to provide an amendment to the Constitution with a view of doing away with municipal elections in February will be introduced in the Legislature this week by one of Philadelphia representatives.

Such a measure has had the approval of the principal leaders since the enactment of the personal registration and uniform acts. These laws have made the political parties active practically all the year, and have placed an additional burden upon the State for conducting elections which would be saved by holding all elections in November.

The bill provides for holding the State elections in the odd years and the city and county elections in the even years, in November. Under the new acts there must be an extra registration day before the winter election as well as primary election. In addition to this, the assessors must make an assessment for this specific election. It is estimated that the cost of the February election, including of ballots, the pay of assessors, registrars and election officers, is \$250,000 in Philadelphia alone, while the State is forced to pay nearly \$800,000 for the election.

CHAS. C. WEST,  
Secretary.
