Vice Consul Orett Reports More Earthquake Shocks.

COVERNOR SENDS POLITE MESSAGE

Many Dead Bodies Burned Beyon Recognition - Governor Swettenham, Interviewed at Kingston, Is Noncommittal,

WASHINGTON, Jan. 23.-An expression of gratitude from Governor Swettenham of Jamaica for the sympathy and ald extended by the United States to the victims of the disaster on that island, the publication of the text of a graceful note from Esme Howard, the British charge here, conveying the regrets of Sir Edward Grey, the principal secretary of state, on account of the incident and a cabled report from American Vice Consul Orett at Kingston were among the developments in the now famous controversy between the governor and Rear Admiral Davis. commanding the relief squadron which went to the aid of Kingston

While Governor Swettenham's message after the disaster there is couched in the most polite terms, the Brit-

Sullivan Coal, Hard and Soft Wood ish authorities nevertheless are not through with the matter, so far as the governor is concerned. In his letter Mr. Howard takes occasion to inform this government that his majesty's government is causing official inquiries to be made as to the authenticity of the letter credited to the governor.

An interesting chapter was added to the case when it became known that on Jan. 20, after Admiral Davis and his ships had sailed from Kingston. Brigadier General Wint, commanding the army of pacification in Cuba, on the request of the acting British minister at Havana, transmitted through Governor Magoon, had sent to Kingsty-eight wall teuts and files and fiftytwo conical wall tents all complete. These had been reported by the British authorities as urgently required. Secretary Taft was prompt to give his appreval upon his arrival here on Monday morning from South Carolina, and It is understood that the tents are now on their way to Kingston.

Vice Consul Orett has reported another shock yesterday. In response to specific inquiries from the department be cabled that Sperry, Burke, Watson and wife, Mrs. Case, Joseph and Mary Eustace, Edwards and daughter and Taylor were all alive.

The following cablegram summarising the situation in Jamaica as the result of the earthquake was received from Mr. Orett:

"No loss of life at any of the botels at Montego Bay, Port Antonio, interior towns, Knutsford Park, Constant Springs or any other hotel except at the Myrtle Bank hotel, which was completely wrecked. Many deaths occurred there, chiefly among the em-

Swettenham Interviewed at Kingston KINGSTON, Jan. 23.-The publication of Governor Swettenham's letter to Rear Admiral Davis has greatly intousified the resentment of the residents against him. Governor Swettenham was interviewed here as to the Davis incident. The governor said that he had not invited Rear Admiral Davis to land sailors. Asked if he indorsed the action taken by Rear Admiral Davis, the governor replied, "That is a matter between myself and Rear Admiral Davis, to whom I must refer you." The governor sail that his reference in his letter to Rear Ad sir. I Davis to a tramp pillaging he forms of a New York millionaire was merely a jocular parallel.

Awnita Swettenham's Report. LONDON, Jan. 23. - The incident arising from the exchange of letters at Kingston between Governor Swettenham and Rear Admiral Davis now appears to be entering the waiting stage, as the imperial government, after doing all possible in the absence of advices from the governor of Jamaica, is obliged to defer further action until he reports. In the meantime the trend of official sestiment is toward having Governor Swettentiam apologize or re-itrs, but this is based on the press ac-counts of the incident. BENATE INQUIRY ORDERED.

WASHINGTON, Jan. 23.-The senate has passed the compromise For-aker resolution authorizing the committee on military affairs to investigate the facts of the affray at Brownsville, Tex., the nights of Aug. 13 and 14 last, "without questioning the legality or justice of any act of the president in relation" to or connected with

of the president's discharge of the negro troops had been under consideration almost daily since the first day of the present session of congress and every phase of the question had been

For three days, or up to the day the Prinz Eitel sailed, there was no semblance of order and nothing definite done in the matter of relieving the sufferings of many of the wounded.

It is asserted that men and women who sought shelter on board the British steamship Port Kingston, which was chartered for Sir Alfred Jones' Senator Teller opposed the idea ad- party from England, were put ashore and that the plea of the American rafugees that the women of their party be allowed at least the privilege of doctrine, and the Colorado senator said sleeping on the open decks of the Port Kingston was refused "with great incivility." The wounded, who had been taken on board the same steamer for an asylum, were put ashore the day following the earthquake, Tuesday, and were left on the railway wharf until cared for by the American naval authorities on Thursday.
