Gilliland, Gilliland, Gilliland.
Samuel Braveman will leave this evening for New York city.
"Uncle Tom's Cabin" at the Loomis tomorrow afternoon and evening.
Attorney William P. Wilson of Towanda, transacted legal business here today.
Four cases of scarlet fever are reported in the family of Ona Allen of Rome.
Miss Edith Burt of Wellsburg, is the guest of Miss Blish, South Wilbur avenue.
The sleigh bells jingled merrily yesterday. The roads are said to be excellent in the country.
Don't forget the "Good Citizenship Rally" at Pharmacy hall, West Sayre, on Thursday evening.
There will be a matinee performance of "Uncle Tom's Cabin" at Loomis opera house tomorrow afternoon at 2:30.
The Lehigh Valley officials have issued orders from the main office to stake out a site for a new station at Hazleton.
The home of Bert Cooley at South Hill was destroyed by fire on Saturday evening. A small insurance was carried on the building.
Best grade Lehigh Valley and Berne coal, well screened, prompt delivery, hard and soft wood. Both phones at yard and office at Raymond & Haupt's. D. Clary Coal Co.
The Rev. F. W. Hannan, D. D., will address the Ministerial Association this evening. He has chosen for his subject, "Revivals, Periodic and Perpetual."
The prevailing cold weather is hard on the mail carriers and also upon the railroad men. In fact this is the season of the year when they earn their money.
The Susquehanna Transcript threatens to take legal proceedings against a resident of the town who persistently furnishes false information to the Transcript reporters.
The farm house of Mary Loomis at Wolcott Hollow, was burned to the ground this morning between seven and eight o'clock. Only Mrs. Loomis and her daughter Fannie were at home. None of the household goods were saved. An insurance of \$1,200 partly covers the loss.
Judge Fanning announces that all licenses will go into effect on February 2, and that the last day on which they can be taken out is Monday, February 4. This is in accordance with the state law which reads that all license must be taken out fifteen days after they are granted.
Mothers who give their children Kennedy's Laxative Cough Syrup invariably find it. Contains Honey and Tar. Conforms to the National Pure Food and Drug Law. Sold by G. M. Driggs.

"LOYD" FORCED INTO BANKRUPTCY

His Reading Creditors Take This Step to Save Themselves.

Interest in the case of C. L. B. Landis, better known to Sayre residents as "C. G. Loyd," was revived today when it was announced that his Reading creditors had forced him into bankruptcy. Loyd is still in jail at Reading being unable to obtain the \$10,000 bail necessary to effect his release. In order to protect themselves his creditors have decided that bankruptcy proceedings are the only means available at the present time. Bills against "Loyd" are coming in daily. One amounting to \$130 was received today by a local justice. The owner of the bill wants pay for the wagon which "Loyd" used here to cart dead horses to his rendering works.

SCHOOL DIRECTORS IN THE SECOND WARD.

There are Two to Be Elected From This Ward at the Spring Election.

In yesterday's report of the result of the primaries there was an omission regarding the candidates for school directors in the second ward. There are two directors to be elected from this ward and the following are the candidates of the various parties:
Republican—Robert DeGroff, H. S. Wilcox.
Democratic—Fred Balch, Harry Phillips.
Prohibition—Elmer Jenkins, Hutchinson.
Socialist—E. S. Mann.
Robert Williams is the Prohibition candidate for councilman from the second ward.

SPECIAL FEATURE THIS SEASON.

Queen Draga's Beautiful Gowns Worn By the Ladies' Quartette.

Almost the whole world has heard of the sad news of Queen Draga's tragic death; her love for elegant dresses and her wonderful assortment of Parisian novelties. Leon W. Washburn, manager of the Stetson's Big "Uncle Tom's Cabin" Company, has gone to the expense of getting the artist's original designs of the last superb creation made for the assassinated Queen of Servia, and has had four of these exquisite gowns made, at a fabulous price. To give the audience an opportunity to see these world-wide advertised dresses, they will be worn by four young ladies of the company in a novelty act during the performance of Stetson's Big Uncle Tom's Cabin Company at the Loomis tomorrow afternoon and evening.

BUSILY ENGAGED IN HARVESTING ICE.

There Are No Longer Any Fears of an Ice Famine.

There should be no fear of an ice famine in this section if the present weather conditions continue to prevail. The various ice dealers are now busily engaged in harvesting the first ice crop of the winter. The ice measures about ten inches thick and is said to be of good quality. All dealers are putting forth their best efforts to obtain a supply before another thaw sets in.
It is an interesting sight to watch a force of men at work harvesting ice. The up-to-date methods employed make the work of harvesting practically easy to what it was years ago.
"Good Citizenship Rally."
A "Good Citizenship Rally" will be held in Pharmacy hall, West Sayre, on Thursday evening next. The rally will be addressed by Eugene W. Chafin, L. L. B., of Chicago, who is regarded as one of the best orators on the platform today. He will be assisted by Professor Thatcher of Boston, a vocal soloist, who is receiving flattering notices from the press wherever he appears. Everybody welcome.

SEWER PROJECT IS FINALLY CLOSED UP

Entire Matter Was Disposed of at Special Meeting of Council Last Night—Work Will Probably Begin April 15th.

Unless unforeseen complications arising the coming spring will witness the commencing of work on the trunk line sewer project which for the past two years has been agitating the minds of the members of the borough council and the citizens of Sayre generally. At a special meeting of the council held last evening the project was finally disposed of by passing an amended ordinance which changes the original route as incorporated in an ordinance passed by the council of August 6, 1916. The original plans prepared by the Williams-Whitman Company provided that the sewer line should begin at a point 600 feet south of the old pumping station, thence westerly over lands of the Consolidated Real Estate company, under the Lehigh Valley tracks to Lehigh avenue, where Maple street intersects with the former thoroughfare; thence north to Hayden street, thence west to Desmond, north along Desmond to Lehigh avenue, and thence north on Lehigh avenue to Cayuga street, the terminal.

Last night, however, the route was changed to conform with plans made by the borough engineer, N. F. Walker. The amended plan is as follows: Beginning at a point on the Susquehanna river 500 feet south of the pumping station, thence westerly across lands of the Consolidated Real Estate company, under the Lehigh Valley tracks to a point where Maple street intersects with Lehigh avenue, thence north along Lehigh avenue to Hayden street, west on Hayden to Elmer avenue, north on Elmer avenue to Cayuga street.
The change in the route will be cheaper, more residences will be reached and there will be no interference with mains already laid by the Sayre Land Company.
The amended plans were incorporated into an ordinance and passed with one exception unanimously, Coleman Hassler the councilman from the second ward, recorded his vote against the ordinance.
The contract with the Lehigh Valley, which provides that sewer may pass under the company's tracks, was made a part of the new plans and specifications and the contractor who secures the work will be compelled to perform under the terms of the agreement with the Lehigh. This contract provides on the part of the company that the borough will be permitted to lay the sewer under the tracks, becoming responsible for any damage that may result. While the work in progress the company is to provide two watchmen, who are to be paid by the borough, and the company is to in no wise be interfered with in the operation of its trains. Should the company ever lower the tracks at the point where the sewer passes under, the company is bound by the contract to also lower pipes, without expense to the borough.
According to the ordinance as it now stands the work of beginning the sewer is to commence not later than April 15th next. The ordinance providing for the issuing of bonds has already been passed, and after the amended ordinance providing for the route over which the sewer is to pass has been advertised, the bids for the construction work will then be received.

All Should Hear Him.

Professor Thatcher, who will appear at Pharmacy hall on Thursday evening at the "Good Citizenship Rally," is regarded by the public press as one of the most powerful platform sengers of the day. His songs are a sermon, the sentiment of which is not easily forgotten. He will create a sensation wherever he goes, and the citizens of Sayre should not miss the opportunity of hearing him.
DeWitt's Little Early Risers, reliable little pills. Recommended by C. M. Driggs.

APPEAL TO COMMON SENSE OF HEARER

Excellent Address Given By Rev. F. W. Hannan at the Opening Session of the Ministerial Association Last Night.

The midwinter session of the Ministerial Association of the Owego district of the Wyoming Conference opened last evening in the M. E. church in this place with an address entitled "The Heart of the Evangelist" by the Rev. F. W. Hannan, D. D., of Brooklyn, N. Y.

The speaker said that there was a continued criticism that the gospel as now preached does not attract men because it is not strong gospel. He denied that the gospel was weak but maintained that it was as virile as it ever was. He defined the gospel as the power and wisdom of God, and then went on to show that the history of man was the advent of Christ, the planting of power the keynote of which was "Save me from the wrath of God." Man has infinite respect for power, and the greatest manifestations of power are the silent imperceptible ones, and this power is the greatest when it finds its expression through a person; and that Christ is the personal manifestation of the power of God.
First, Christ is the expression of the magnetic or drawing power of God. The idea of God that we get through studying nature is one of power and greatness but it is not magnetic, on the contrary there is much in the intense selfish struggle for existence and disregard for others that is repulsive. The history of man is likewise full of terrible examples of selfishness, cruelty and atrocious practices, and while there has been a gradual lifting the process is awful. This gives an idea of God as something to be placated and feared but not as something to be loved, and this idea is, with the exception of some far seeing prophets, the leda contained in the teachings of Judaism, and the old testament.
Christ did not reveal the almighty power and law but revealed the heart of God. God suffered in Christ, and looked out through human eyes and felt human grief. Grief is the expression of love and God as manifested in Christ did suffer, and when love suffers we are one with God. Standards of greatness change, but no man lays down his life for another that is a kind of greatness that does not change. And it is this that constitutes the Christ manifestation of the magnetic and lovable principle in God.

EPIDEMIC OF FUN DUE THURSDAY.

"Simple Simon Simple" Will Amuse Patrons Thursday Night.

An epidemic of fun is due to visit the stage of the Loomis opera house on Thursday evening, January 31, when Nixon & Zimmerman's new cartoon, musical extravaganza, "Simple Simon Simple" comes to town. This exceedingly funny piece was brought out in Philadelphia and made a great hit. The story of "Simple Simon Simple" concerns the antics of two well known cartoon characters, namely, Simon Simple, son of Judge and Mrs. Simple, the social magnates of Simpsville, and Pickaninny Mose, bendy-legged little nigger who looks upon Simon as all that is great and good. Several other famous cartoon personages are mixed up in the plot. Nank Spiegolberger, the funny German with his doubtful jokes; Sig Saute, the circus man; Tony de Humski, the Dago fruit seller; Qld Mammy Johnstang, Mose's mother; and Mammy the cop all being very much in evidence. The story concerns the efforts of Simon's wily uncle, Mandamus to induce his nephew to leave home and become his own master. Life with Saute's circus is the bait held out and the youth succumbs to the temptation much to the grief of his dotting parents, and the joy of the villagers to whom Simon's jokes have become a burden. Simon outwits his enemies at the very finish and elects to stay at home with "Paw and Maw." William C. Wolf will be seen as Simon and little Jerry Sullivan will cut up as Mose.

It is undigested food that causes sourness and painful indigestion. Kodol is a solution of vegetable acids. It digests what you eat, and corrects the deficiencies of digestion. Kodol conforms to the National Pure Food and Drug Law. Sold here by C. M. Driggs.
"Stetson's Uncle Tom's Cabin" at the Loomis tomorrow afternoon and evening.
Free! Free!
Mrs. A. C. Traylor, Colchester, Conn., writes that a free sample bottle of Bloodine helped her when she was all run down. Bloodine is a body builder and system tonic of wonderful merit, and if you have not tried it, you should today. The greatest system tonic in the world. Sick kidneys are positively cured by Bloodine. Sold by C. M. Driggs, Sayre.

MRS. BUCK FACED ADULTERY CHARGE

Was Arrested Yesterday Afternoon on Complaint of F. E. Seager, But Released for Lack of Evidence.

Mrs. Nora Buck, or "Mrs. Nora Smith," as she has been known to many for the past two years, faced a charge of adultery yesterday afternoon when she was placed under arrest by Constable Spencer Brougham on a warrant sworn out before Justice Carey. The complaint in the case is F. E. Seager, with whom Mrs. Buck or "Mrs. Smith" has been trading for some time. It is alleged that the defendant and a Lehigh engineer by the name of George Smith have been occupying apartments in the Eighth block for several months. The defendant's husband, John Buck resides in Sayre but has not been living with his wife for some time.
The court records fail to show that she has secured a divorce from him and it has been a matter of public comment that she and Smith were living together in open adultery. Two or three days ago, Smith, who is a Lehigh engineer, left town, going it is said to Buffalo. He owed a number of bills, and recently the business men's association, in whose hands the accounts were placed, have been attempting to force settlement. Yesterday "Mrs. Smith" made preparations to leave Sayre. It appears that she had also contracted bills which had not been paid and her creditors got busy. Attachments and executions galore were issued, and when Constable George Fice, went to the rooms occupied by the Smiths, he found the door locked, with "Mrs. Smith" on the inside loudly proclaiming that the household effects belonged to her and that she would not permit them to be levied upon for Smith's debts. In the meantime, however, a warrant charging adultery had been issued, and this was placed in the hands of Constable Brougham. He went to the Eighth block, and soon had "Mrs. Smith" in custody. She wanted to consult her attorney; and was accordingly conducted to the office of Laws & Winalack. Later in the afternoon she was released from custody, the evidence against her being insufficient to hold her to the grand jury.
It is said that she left town last night on a late Lehigh Valley train.

LEGISLATION DEMANDED.

Grangers Serve Notice on House and Senate.

The legislative committee of the State grange met at Harrisburg last Thursday afternoon and after a lengthy discussion served notice on the senate and house that they have well defined wishes in the matter of legislation to be passed by the present legislature. They demanded the granting of trolley companies, the right to carry freight and the right of eminent domain; a passenger rate not exceeding 2 cents a mile; in townships where the road tax is paid they insist that the 15 per cent. paid by the state be increased to 50 per cent, and a permanent road fund be created by taxing all personal and corporate property, including manufacturing plants; an increased appropriation for public schools as promised by the present governor; an investigation of the expense of building and furnishing the state capitol, and are unalterably opposed to the creation of new offices and increase of salaries of old ones.

BIG FIRE AT ITHACA.

MANY NARROW ESCAPES.

Disastrous Blaze in the University Town Last Night.

Fire in Eddy street, in the East hill section of Ithaca, destroyed about one third of the business portion of the street last night causing damage which has been estimated at \$90,000. A number of Cornell students lost all their effects and some of them narrowly escaped from the burning buildings with their lives. George Carpenter, Captain of the Hill hose company, was overcome by smoke, but was rescued by his fellow fire fighters.
Ten brick buildings were consumed in the flames and the following firms were burned out: John M. Chacona, Alcott & Deland, Egbert & Blackmer, Jerer Sousa, J. H. McAllister and Colton & Hunt. The branch postoffice and the Cornell student laundry were also destroyed.
The firemen worked heroically and succeeded in getting control of the flames only after a hard fight.

DEWITT'S KIDNEY AND BLADDER PILLS

drives the poisons from the body. A 25 cent box holds a week's treatment. Sold by C. M. Driggs.

If you wish a table or a chair, or a picture, or anything in our line come here and get it. It will pay you to do so. You will secure good, strong, serviceable furniture, at a surprisingly low price considering the value. We have a splendid line, the kind that is large in variety and with a big price range, suitable to every class of buyer.
