Electricity and Gas. In spite of all that electricity has threatened and performed, there is hardly an important industry which has made greater progress during the past decade than has that of gas production...

Knocker. "Man composed of clay is silent and ponderous," preached Jean Raullin in the fifteenth century; "but woman gives evidence of her osseous origin by the rattle she keeps up. More a sack of earth and it makes no noise; touch a bag of bones and you are deafened with the clitter-clatter."

A Youthful Medal Winner. Little Doris Zella Kay, of London, England, 11 years old, has no fewer than 11 medals, including the Cross of Merit of the Paris Life Saving society and the Perrin gold medal. She is the daughter of Mr. James Kay, himself an authority on swimming.

Newest Anesthetic. A new anesthetic, called stovalon, has come into use abroad to prevent pain in surgical operations. It does not produce unconsciousness, and a person who has nerves strong enough can watch a surgeon operate while under its influence.

Look Ahead! Look not mournfully into the past; it comes not back again. Wisely improve the present; it is thine. Go forth to meet the shadowy future without fear, and with a manly heart.—Longfellow.

For How Long? Drill Sergeant (at the top of his voice)—When I give the command "Halt!" you will bring the foot which is on the ground to the side of the one which is in the air, and remain motionless!

Australian "Leafless Acacia." The "leafless acacia" is a peculiar tree that forms forests in Australia. The tree has no leaves, but respites through a little stem answering the purpose of a leaf.

The Need of the Present. Let not future things disturb thee, for thou wilt come to them if it shall be necessary, having with thee the same reason which thou now usest for present things.—Marcus Antonius.

Man's Sphere. Says a woman writer: "Man is a plain necessity." We hope the men who strut around, feeling like a luxury, will see this.—Toledo Blade.

Craving for Riches. Riches are like sea water, the more you drink the thirstier you become.—Schopenhauer. True, But Who is It? When vanity masters reason the fool prevails.—Baltimore American.

ATHENS. LOYD CREDITORS ARE BECOMING NERVOUS. Bankruptcy Proceedings Have Brought Scores of Them to Light. Athens—The crowd that went over to the dog farm yesterday to bid at the sale were obliged to come back without their canines. It now appears that the creditors of Landis, alias Lloyd, are becoming numerous and they all want a chance in the game. So they have succeeded in forcing bankruptcy proceedings and are hunting around for property to get their fingers on. That 140 acre farm that Landis claimed to own in Sayre was only rented and the story is that he has not settled all of the rent. The dogs that Sheriff Griffin had under levy will not be sold until the result of the bankruptcy proceedings are disposed of. The family are still here and caring for things as best they can. There was a fighty little Dutchman on the premises yesterday watching the course of events, probably with some anxiety as to the result, and may be with some doubts as to where he was going to get a hand in the muck. And so our dog farm is about in the same condition it was when the officers of the law invited Landis to take a journey with them to Reading. Ely Kinney returned to Schenectady Monday. The borough election will be held Tuesday, Feb. 19. Delos Dubois was calling upon Athens friends last evening. Mrs. George Stacey of Troy, is visiting her son, Fred in Athens. D. J. Macafee is making some extensive improvements in his coal office and yard. Miss Wilm Murrell has resigned her position in the Barrett music store at Waverly. Mrs. Edwood Eddy went to Towanda today to visit her sister, Mrs. Frank Bagley. Elmer Arnold came over from Waverly this morning with a sleigh and enjoyed the beautiful snow. John W. Godding, District Deputy of Towanda, attended the meeting of Rural Amity lodge last evening. Mrs. Harry Mitten went to Picture Rocks today and will spend a short time with Mrs. Robert Archer. A. R. Gillette and Gay L. Culver of Sheshequin, attended the meeting of Rural Amity lodge last evening. John J. Weller and wife, Elmer Osburn and wife and Charles E. Mills and wife attended a dance in Cady's hall at Nichols last night. Dr. Brown has been unable to attend his patients for the past few days on account of sickness. He was around today and they now will have special care if his services are needed. The farmhouse that burned in Wolcott Hollow yesterday morning was the one built by Walter K. Green when he was sawing the lumber on the Elsbree tract several years ago. It is estimated that the loss is about \$1,200 and it was insured in The Grange, but the amount is not known. Fred Cole of Macedonia was in Athens today. His daughter, Mrs. Bessie Clark of Rummerfeld, came to the hospital several days ago and has submitted to an operation for appendicitis and is in a very critical condition. He is here so he may be near her in case his services are needed. The Christian Endeavor society of the Presbyterian church will hold a social Friday evening of this week at the home of W. G. Jordan, South Main street. A program will consist in part of mandolin solos by E. F. Loomis, vocal solo by Mrs. von Tobel and readings by Mrs. Charles M. Smith. There will be ice cream and cake and everybody will join in the offering. All are invited. By the papers yesterday we see that the town of Avoca has suffered from a mine cave in and that some of the inhabitants have been obliged to flee from their homes. H. N. Weller, cashier of the new bank there has been in Sheshequin waiting for the bank building to be completed and so has escaped the catastrophe of having the bottom fall out from under him. He was in Athens today but had not learned whether his bank was affected or not. A woman from Oneonta, N. Y., came to Athens yesterday and paid a visit to the dog farm for the purpose of getting a dog she sent an order for several weeks ago. She enclosed \$20 with her order and after waiting a certain time she wrote asking why the canine did not come, but her letters she claimed, were not answered. She now wants her dog or the money but at last accounts she was still shy both. She was to have seen Chief Mulligan this morning but she has not done so, and the probabilities are that she gave up in despair and went home.

PROVIDENCE, R. I., Jan. 30.—When a police van overturned in this city, pinning a policeman beneath it, eight of the nine prisoners who were locked inside smashed the door and made their escape. The ninth, Harry Gordon, left the van with the others, but when he discovered Patrolman Thomas Wolfe lying helpless on the ground, with a portion of the wagon resting on his right leg, which had been broken, he stopped to assist the man who but a moment before was locking him to jail. With the assistance of the driver and bystanders Gordon lifted the wagon from Wolfe's body and then surrendered to a policeman. All the prisoners, who were held for minor offenses, were being conveyed to the central police station. Patrolman Wolfe was standing on the step outside the van. As the wagon swung around a corner one of the wheels caught in a car track and broke off. Wolfe fell to the ground, and the wagon fell on him, breaking his leg. The prisoners then battered open the door and finding their guard helpless, made their escape. FIFTY DEAD IN MINE. Explosion Caused by Dust in Stewart Colliery, Near Fayetteville, N. Y. CHARLESTON, W. Va., Jan. 30.—There are at least fifty or sixty persons dead as a result of an explosion in the Stewart mine, near Fayetteville, in Fayette county, last night, according to the last reports received, and it is expected the number will reach twenty-five more. The explosion was caused by dust in the mine. Every effort is being made to get to the men who are entombed, but there is little hope that any of them are alive. At the time of the explosion there were about 200 men in the shaft, and there is grave apprehension that a great many of them were in the mine when the explosion occurred. A list of the dead is now being compiled, and it will include at least the number mentioned. Organized effort is being made to get to the men in the mine, and volunteers are plentiful. The scene about the mine is a pathetic one, men, women and children crying for their dear ones and imploring those on the ground to go to their rescue. The Stewart mine is a shaft 508 feet deep. GOVERNOR TAKES IT BACK. Sweettenham Sends Letter of Regret For Davis Incident. LONDON, Jan. 30.—The international phase of the Kingston incident has been finally closed by Governor Sweettenham formally withdrawing his letter to Rear Admiral Davis and expressing his regret for having written it. Sweettenham's withdrawal of his letter and his apology followed voluminous telegraphic communications to him from the colonial office. The dispatch which has now closed the incident was sent by the governor to the colonial office, whence it reached the state department through the foreign office and Charge d'Affaires Howard in the usual course. Secretary Taft has received the following cablegram from Governor Sweettenham: "Most grateful thanks for supply of tents just arrived from Cuba in charge of Captain Battle, U. S. A. Service most highly appreciated."
