GROUNDHOG SAW HIS SHADOW

Walked Out, Turned Around, and Walked Right Back Again.

There must be something in that ground hog story after all. The little animal walked out of his hole on Saturday, "turned around, and walked right back again." He had seen his shadow, and he therefore "skidded" to his winter lair. The weather immediately got busy. The mercury took a tumble and inside of twenty-four hours there was change of about fifty degrees. Yesterday the thermometer hovered below the zero mark all day, and a high wind led to the general discomfort. Today the thermometer has been climbing upward again, and the chances are that before tomorrow morning overcoats and underclothing can be discarded. The ground hog, however, will remain in his hole. He is altogether too wise to take any chances on the somersaults executed by the weather clerk.

MEETINGS WILL CONTINUE AT CHURCH OF CHRIST.

Revivalist Has a Strong Personality and the Discourses All Show Power and Thought

The revival services at the Church of Christ on the West Side will continue all this week. So far they have been very successful, and the attendance has been large. The Rev. H. F. Keltch, who is conducting the services is a very impressive speaker, and has a magnetic personality that draws people to the services. The sermon last evening was a very strong discourse on the tendency of a man to sin even when he knew it was wrong, and that it would result in his ultimate damnation. He deprecated the practice, prevalent in so many churches of holding fairs and entertainments that often took the form of gambling. All are urged to attend these services.

FUNERAL TOMORROW.

The funeral of Ransom P. Bardwell, the father of Mrs. J. W. Grumme of this place will take place tomorrow afternoon at two o'clock from the home of his son, William Bardwell at Elmira. The services will be in charge of the Elmira lodge of Masons of which the deceased was a member.

FOR YOUR SEWING MACHINE.

Just when you need sewing machine supplies you want them at once. You can find all kinds of supplies for all kinds of machines at D. S. Andrus & Co's, Piano and Music store, 128 Desmond street, Sayre, Pa.

BREVITIES

The Lehigh Valley officials will pay a substantial reward for the arrest and conviction of the person who fired a bullet through the glass in front of signal No. 2702, located between Athens and Sayre. It is probably the intention of the miscreant to break the glass, extinguish the signal light and probably cause a wreck.

Criminal court opened at Towanda this morning. Nearly all the Sayre members of the bar are in attendance. They were greatly detained on account of train No. 8 running one hour and fifty minutes behind the schedule time.

The funeral of Ransom Bardwell, the father of Mrs. J. W. Grumme will take place tomorrow afternoon at two o'clock from the home of his son, William Bardwell at Elmira.

E. B. Pierce has been confined to his home at Towanda the last week with rheumatism. It is expected that he will resume his duties at the Globe Warehouse in a few days.

The concert to be given by the Ithaca Concert Company in the Baptist church tomorrow evening promises to be well attended. Better secure your tickets early.

SPEAKER DISCUSSED PARTY PRINCIPLES

E. W. Chasin Made Clear the Fact That the Prohibition Party Stood for Many Needed Reforms.

Engene W. Chasin of Chicago, spoke last Saturday evening for the second time on the principles of the Prohibition party. The hall was well filled and the speaker kept the audience in a good natured state throughout. He said that the meeting was called for the purpose of talking politics, and that was what he was going to do. After stating that we are a government by parties, and that there could be only one majority party, he stated that the only way for a minority party to get in the majority was to raise some great moral question and stick to it. It is the only way to attract the growing generation into its ranks, and keep them from joining the other party for the reason that it is in power, because, "Young America doesn't like to sit up with a corpse," but he will go a long way and sit up a long time with something that is alive.

THIRD NUMBER OF HIGH SCHOOL COURSE.

Will Be Given on Saturday Next and Is One of the Best Humorous Entertainments Ever Given.

On Saturday evening of this week the third number of the Sayre High entertainment course will take place. This number will be a lecture by Strickland W. Gillilan, at the present time connected with the Chicago News as the editor of its humorous department. Mr. Gillilan is also a steady writer for Judge, and most of the bright and entertaining rhymes to be found in that sheet are from his pen. He has spoken at Athens and at Towanda, and any one who has heard him once will not miss the opportunity to hear him the second time.

His humor is quiet, and after he has kept the audience laughing until they are laughed out, he will turn to some more solemn subject, until he has his listeners in a solemn mood when he again breaks out in a flood of humor. An evening spent hearing him is one that will scare away the blues, and make one feel better for a long time afterward.

ALL ON SAME PLANE.

Bill to Compel Trained Nurses to Have Licenses.

Trained nurses will hereafter be placed on the same footing as people engaged in other professions if the Mumma bill, introduced in the house becomes a law.

It provides that any graduate nurse desiring to practice her profession must obtain a license from the prothonotary of the county in which she resides, provided she shall present her diploma with a training school at a public hospital for at least two years where she had practical and theoretical training. Graduate nurses from outside of the State can obtain a license, but must be identified by a resident of the county. A penalty for the violation of the act is a fine of fifty dollars. The bill is not retroactive, and it does not apply to graduate nurses from another State who come to this State in company with a non-resident for the purpose of nursing him. The bill does not interfere with nurses who do not profess to be graduate nurses.

John Carmody.

John Carmody died this morning at 12 20 o'clock at his home on De-mond street after an illness of three months, his death being due to stomach trouble. He had only lived in Sayre for the past five months having moved here from Waverly where he had lived for a long time. He is survived by his wife, and three sons, Leo, Joseph and Edward. Four brothers also survive him: Simon and Thomas Carmody of Waverly, Matthew of Pittston and Patrick of Junction City, Kansas.

The funeral will take place Wednesday morning at the church of the Epiphany at Sayre, and the remains will be taken to the Catholic cemetery at Waverly for burial.

Some Good, at Least.

The Record will take it all back. There is at least one commendable feature of the new train service between this place and Towanda. It brings the Towanda Daily Review to this place in the morning instead of at noon time. The Review is our most highly prized exchange. It contains well written accounts of the daily happenings in the county seat, and the fact that it reaches Sayre at an early hour in the morning is greatly appreciated—thanks to the new train service.

would insure equal treatment as is now the case with the postoffice. He showed how it was a good thing for the people to own the streets, and said that the railroads was just as much a highway and should be collectively owned. He then quoted Mr. James Hill, the railroad magnate as saying, that if railroads were publicly owned they would become a great factor in and control the politics of the country; then raised a laugh by saying that of course the railroads never had been a factor in politics, but had held aloft and refused to mix in them.

He maintained that to have the railroads publicly owned would take them out of politics.

He showed how the railroads robbed the government of \$30,000,000 every year by charging excessive rates for carrying the mails over and above the actual value of the service, and in proof thereof, he showed that the express companies paid only one-eighth as much as the government for the same service.

MANDAMUS CASE AT TOWANDA TODAY

Question as to Whether a Justice Can Collect His Costs Will Come Up Before Judge Fanning

Attorney Paul E. Maynard and Justice of the Peace W. T. Carey are in Towanda today to appear in the mandamus proceedings brought by Attorney William P. Wilson, at the instance of his client, H. A. Kaufman to compel Justice Carey to deliver a transcript on appeal in the case of Maynard versus Kaufman, the justice having refused to entertain an appeal until the costs of suit were first paid. District Attorney Mills, Hon. L. T. Hoyt, H. F. Maynard, Esq., and Attorney W. G. Schrier of Athens, will also appear in the interests of Mr. Carey.

BUY TWICE AS GOOD GOODS AND SAVE MUCH OF YOUR MONEY.

Prohibition Speaker Gave Some Good Advice Last Saturday Evening.

Last Saturday evening, Eugene W. Chasin of Chicago, the home of the mail order business, spoke at Pharmacy hall in West Sayre, and in the course of his talk the matter of the mail order business came up and he said: "If you want to get skinned you can buy of Gee, Sawbuck & Co. and if you don't like it you can go right across the street to Montward & Gurney and get skinned twice as bad. But there is on place that you can purchase twice as good goods, and at the same time save a large part of your money, and that is by buying at home."

Many Good Seats Left.

The management of the Loomis opera house states that the report that has gone out to the effect that all the seats had been sold for the performance for Tuesday night when Mary Manning will appear is without foundation. While the sale of seats was large there are still about 75 good seats left that may be had by applying at the box office, so all those who wish to attend still have a chance as there are plenty of seats left.

Constables to Organize.

The constables throughout the state are making an effort to form an organization relative to having certain laws enacted by the state legislature to give them better remuneration for their work. The movement started in Bucks county and circulars are being sent to all constables in the various counties to join the organization, which suggests an increase of one-third more fees than they are now receiving.

Boys Broke Large Glass.

Saturday evening a number of children were playing in front of Teed's store, on Desmond street, when they ran into the large photograph showcase belonging to Luverne Teed. A large pane of glass was broken. This morning Mr. Teed was engaged in replacing the glass when he had the misfortune to break the one he was putting in.

Funeral of Mrs. Quinn.

The funeral of Mrs. Michael Quinn, whose death occurred in the hospital on Thursday, following an operation for intestinal strangulation, was held yesterday afternoon at 4 o'clock from the Church of the Redeemer, the Rev. H. E. Hannah officiating. The remains were taken to Tioga Point cemetery for interment.

Quiet in Canton.

The Canton World on Saturday says: "A settlement has been effected between the hotel proprietors, and the temperance people, whereby the remonstrance against E. B. Loop of the Hotel Packard will be withdrawn while C. D. Earnest of the Canton House, will withdraw his application for license."

CAR BROKEN INTO
LIBERAL REWARD OFFERED.

Thieves Break Seal and Carry Off Much Valuable Leather.

A box car enroute from Ralston and containing leather from the tannery at that place, was broken into Friday night on a switch near the old Barclay station and many hides were taken.

The car had been brought to the Towanda yards over the Susquehanna and New York from Ralston that day and while waiting to be transferred was left on a switch in the yards. Some time during the night thieves broke the seal and it is estimated carried away about two wagon loads of the valuable leather. Many tracks were around the car and it is thought that the offenders will soon be caught.

A reward of \$25 is offered by Guy C. Hollon, personally, for any information that will lead to the arrest and conviction of the thieves.
