PRESCRIPTION DRUGGIST.

**The Valley Record**

"All the news that's fit to print"

WEDNESDAY, FEBRUARY 6, 1907.

**LOCAL BREVITIES**

**Who is Gillian?** The fellow who will speak at the Sayre High School on Feb. 9.

The C. W. B. M. will meet with Mrs. Theo. Shaffer, 405 Madison street Sayre, Wednesday afternoon at 2.30. All are welcome.

Mrs. H. B. Shearer and Mrs. S. Williamson will go to Elmira this evening to organize a camp of the Royal Neighbors of America of which Mrs. Shearer is deputy.

The Franco-Irish Musical Society will meet tomorrow afternoon at three o'clock at the home of Mrs. Andrew Sawtelle, corner South Wilbur avenue and Chemung street.

Best grade Lehigh Valley and Berne coal, well screened, prompt delivery, hard and soft wood. Both phones at yard and office at Raymond Haupt's. D. Clary Coal Co.

The report which gained widespread currency last night concerning the critical condition of J. N. Weaver, Sayre's well known citizen and ex-postmaster, was entirely without foundation.

The officers and members of Monaca Council Daughters of Pocahontas No. 18 are earnestly requested to be present at the meeting this week Thursday evening at 8 o'clock as initiation will take place.

The Sayre series of Eagles will give a smoker on Thursday evening directly after the regular business session. There are also several to be initiated and all members are earnestly requested to be present.

No politics in the pulpit says William Potter, candidate for Mayor of Philadelphia. We only wish such a statement were correct, but the contrary is true in many of the churches throughout the state politics take precedence over religion. It is true, it's a pity, and a pity that it is true.

Harrisburg dispatches say that Governor Stuart is unable to secure probe. Are we to infer from this that Pennsylvania can not produce lawyers who are sufficiently honest to expose this gigantic robbery of the people?

The Lehigh Valley Coal Co. is making preparations to strip a piece of coal land near the old gravity railroad plane, in West Avoca, where the coal vein is near the surface. A steam shovel will be installed within a few weeks.

Tioga county is accredited as having the largest number of grangers within its borders of any county in this state, having 38 subordinate granges with a membership of 5,000. The Pomona of that county has 500 members in good standing on the books.

You will miss one of the best times of your life if you do not hear Gillian at the high school hall on Saturday evening. He isn't exactly handsome, but he can make more fun than 25 men who might pose as models of beauty. Only costs 25 cents.

**ARBITRATORS WILL HEAR SUIT FOR DAMAGES.**

James C. Green, a Workman, Sues Dolan and the Lehigh.

The court yesterday named Attorneys L. McPherson, John W. Coddling and William Foyle, as arbitrators to hear the evidence in the suit brought by James C. Green against Contractor John F. Dolan and the Lehigh Valley Railroad company.

This is an action brought as the result of injuries received by Green in an accident at the bridge near the Nobles farm last November when Green was struck by a train of dump cars being backed over the temporary tracks, and upon which Green claims there was no rear flagman. The evidence is ordered to be heard on Friday, March 1. The plaintiff is represented by the firm of Lilley & Wilson and the Lehigh Valley council will be Attorney Henry Streeter and Attorney William Maxwell will appear for Mr. Dolan.

**FAILED TO NOTICE THE SNOW PLOW.**

**And As a Result Telegraph Operator is Carrying His Arm in a Sling.**

Just because he failed to notice a snow plow attached to a freight engine is carrying his arm in a sling, and although he is not seriously injured it will be several days before he is able to manipulate the ticker. This morning the operator went to the station platform to deliver orders to an engineer on a freight train. The operator did not see the snow plow, and as a result he was thrown to the ground and rolled over several times in the snow.

Thomas Higson of North Lehigh avenue is confined to the house by sickness.

The Sayre W. C. T. U. will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. Fittler, No. 103 Keystone avenue.

It required six of the traction company's cars to transfer the theatre-goers from Waverly to their homes in Athens and Sayre last night.

The Mary Mannering theatrical company left Sayre at an early hour this morning over the Lehigh for Geneva, where they fill an engagement this evening.

The snow storm has interfered considerably with railroading traffic. Nearly all the trains, both east and west, were running behind the schedule time yesterday.

The funeral of John Carmody, whose death occurred on Monday, was held this morning from the Church of the Epiphany, the Rev. J. L. Shanley officiating. The remains were taken to the Catholic cemetery for interment.

Yesterday's storm has caused more or less trouble for the Lehigh, especially on the eastern end of the road. The Pennsylvania division, however, is in good shape, but all the trains from the east are running late on account of the storm. The western end of the road felt the effects of the storm but little.

Notices were posted by the Lehigh Valley Railroad Co. requesting all D. S. & S. employes to take up their residence in Bethlehem, as the latter town will be their starting point in the future. It will be remembered when Cox Bros. Co. sold their railroad, and its mines to the Valley all of the D. S. & S. crews were ordered to make their headquarters at Hazleton. According to the new rules they are now transferred to Bethlehem.

The lecture to be given on Saturday evening of this week at the High School hall will be one of the best that has been heard in this town. Mr. Gillian doesn't try to work off a lot of old chestnuts on an audience, and thereby try to procure laughter, but his talks are new and original, and if he should chance to tell some things that you have heard before it will be in a manner strictly original, and bound to produce a laugh. Only costs 25c. Reserved seats 10c extra at Jump's drug store. Reserved seats on sale tomorrow morning.

**SCHOOL BOARD MET LAST NIGHT**

Aside From the Routine But Little Business Was Transacted Last Night.

The Sayre borough school directors met in the high school building last night, all the members of the board being present with the exception of Talaja.

Although the board was in session for nearly two hours, the time was spent mostly in discussing matters of minor character, and aside from the routine business there was but little to do.

A number of bills were paid, including the teachers' and janitors' salaries, and a bill of \$150, the insurance premium on the high school building.

The treasurer's report showed that there was \$4,400.59 in his hands on February 3, 1907.

The report of Superintendent Stetler showed 1,267 pupils enrolled during the month of January, while the average attendance was 1,102. The report further showed a total of 1,549 absent days, during the month of January. This is the largest number of absent days ever accredited to the borough schools during a single month, and the superintendent stated that it was due to an epidemic of mumps and an unusual amount of sickness of all kinds. The superintendent requested the board to purchase a number of new text books for use in the schools and the request was granted.

**DERAILMENT TIES UP VALLEY CUTOFF.**

Two Engines and Nine Cars Thrown From Track at Gracedale—Half Day to Reopen Track.

There was a serious derailment on the Lehigh Valley cutoff at Gracedale yesterday morning. East Lehigh Valley freight known as "J. B. 3" was running west when it was suddenly thrown from the track. The two engines and nine cars left the rails and bumped for some distance along the ties. None of the cars tipped over and engines remained upright also. All the cars were loaded. A wrecking crew worked a half day before they could replace the engines and the cars and it was late yesterday afternoon before traffic was run over the west bound track.

**Public Meeting Tonight.**

In the P. O. S. of A. hall this evening a public meeting will be held for the purpose of organizing a lodge of the Order of the Golden Seal. The meeting will be addressed by W. H. Sandwick, the Supreme Organizer, and everybody is invited to attend. He will explain the workings of the order, which is one of the best in the country, and after the meeting an executive session will be held for organization purposes.

**Blood Poisoning Developed.**

On Friday night last Warren Masteller, a Lehigh Valley fireman, who resides on North River street, slipped and fell while working on his engine, and sustained a severe injury to his leg. Recently blood poisoning has developed and Mr. Masteller is confined to his home. Dr. C. A. Haines is attending him.

**Don't Sweat on Trolleys.**

The Columbia and Montour Electric Railway Company are determined to put a stop to indecent language upon their cars, and had Lewis Lockhart, who resides in Bloomsburg, arrested on the charge and at a hearing before Squire Jacoby he was fined \$5 and costs, which in all amounted to \$17.50.

**Sewing Machine Supplies.**

Sewing machine supplies for all kinds of machines can be found at D. S. Andrus & Co's. Piano and Music store, 128 Desmond St., Sayre. wed

**MARY MANNERING AT THE LOOMIS.**

She and An Excellent Company Gave an Excellent Performance Last Night.

The Loomis was packed last night to greet Mary Mannering in "Glorious Betsy," every seat in the house being taken and standing room was quickly disposed of after the box office opened. The big crowd was well pleased with the production which was a finished one in every respect. A carload of scenery was delayed in transit from Hornellsville to Waverly and the curtain did not go up until 9:20. The crowd, however, waited patiently, and it was twelve o'clock when the curtain fell on the last act.

Miss Mannering as Betsy, was of course the center of attraction, and she was compelled to respond to certain calls without number. She was ably supported and Robert Warwick as Jerome Bonaparte, a brother of the celebrated French soil, divided the honors with Miss Mannering. The latter is good, but there are critics who will claim that she is not satisfying. She gained a reputation as a star as the wife of James K. Hackett, and for several seasons she and her husband starred together. This season, however, they are going it alone. The play as a whole, was far above the average.

**RAILROAD EMPLOYES TO FORM BROTHERHOOD.**

Application to Be Made to the County Court for a Charter for the Present Organization.

The Eastern Free Press says the railroad men therabouts have decided to form a general organization and will apply to the Northampton county courts for charter for their corporation to be called "Brotherhood of Railroad Employes." "The character and object whereof is to promote the general welfare and the social, moral and intellectual interests of the employes engaged in service of steam railroads, to establish a closer fraternal bond between employer and employe, and to submit to arbitration all important matters that may be disputed between employer and employe, and to provide and maintain a fund for the payment of sick, accident and death benefits."

The various employes in various branches of railroad service herabouts are organized—engineers, firemen, conductors, brakemen and switchmen, but there is no union body binding them together; nothing except mutual sympathy in the objects of the several organizations. It is now the purpose to unite these members in one big body, while not interfering in any way with the existing bodies. The movement is purely among employes of the railroads and it is noticeable that one of their principal aims is to obtain arbitration of all disputed questions.

**JANUARY A WARM MONTH.**

The Mean Temperature for the Month Was 30.7 Degrees.

The mean temperature during the month was 30.7 degrees or 1.2 degrees more than the average January temperature for the past 9 years. The warmest January recorded here had a mean temperature of 36.4 degrees in 1906 and the coldest January had a mean temperature of 36.4 degrees in 1904.

The maximum temperature during the month was 59 degrees on the 4th and 7th and the minimum was 1 degree on the 24th. The highest maximum temperature recorded here during January was 68 degrees on January 23, 1906, and the least maximum was 53 degrees on January 30, 1903. The lowest minimum January temperature on record was 6 degrees below zero on January 5th and 6th, 1904, and the highest minimum was 12 degrees on January 4th and 5th, 1902. The rainfall during the month was 3.20 inches or .29 inches less than the average January rainfall since 1880. The maximum rainfall during the month was 80 inches on the 12th. The duration of rainfalls during the month was 96 hours.

The mean relative humidity for the month was 76.5 per cent, or 4.3 per cent above the average January humidity for the past 8 years. The greatest January humidity recorded here was 77.4 per cent in 1904 and the least was 69.6 per cent in 1902.

The wind travelled 4,176.5 miles during the month or at an average daily rate of 134.7 miles. The wind-travel was the 21st, with a wind-travel of 33.12 miles. The calmest day was the 7th with a wind travel of 36.0 miles.

The mean atmosphere pressure was 30.32 inches. The maximum pressure was 30.64 inches on the 31st and the minimum was 29.51 inches on the 20th.

The mean temperature of dew point was 24.4 degrees.

**Last Night's Concert.**

The concert given by the Ithaca Conservatory of Music concert company at the Baptist church last night was well attended and the program rendered was way above the average in merit. The church was well filled despite the fact that there were many other attractions throughout the valley. The members of the company are artists in their chosen lines, and those who attended were well repaid. The proceeds of the entertainment will add a substantial sum to the church's treasury.

**Clean Off the Walks.**

The police department again desires to call the attention of property owners and tenants that the snow must be removed from the walks in front of their premises within ten hours after a storm ceases. It is a violation of a borough ordinance to refuse to perform this task, and the borough authorities have a perfect right to do the work and charge the expense thereof to the property owner or tenant, as the case may be. Better attend to this important duty at once, if you have neglected it.

**A Fine Picture Free.**

A collection of Charles Dana Gibson's best drawings has been secured by the New York World for its readers. These drawings have been reproduced upon fine art paper, each suitable for framing, and are now being given away with the New York Sunday World. These drawings would sell in stores for no less than 50 cents each, and often for \$1.00. You may get them free with The Sunday World.

**Girder Too Heavy for Car.**

But for the fact that one of the flat cars was not heavy enough to support it, one of the big girders would have been carried to the traveler on Monday afternoon, and swung out over the river. The bridge company asked the Lehigh for two cars to slide the girder from its present resting place to the big traveler. Cars were sent, but under the weight of the girder, one of the cars went down, thus delaying operations a short time.

"The Arrival of Kitty" at the Loomis on Monday night.

**WILSON WITHDRAWS MANDAMUS CASE**

Blundered in First Attempt to Compel Justice to Deliver Transcript, He Now Backs Up and Will Try Again.

Yesterday afternoon Attorney William P. Wilson, acting as attorney for H. A. Kaufman, a former Sayre bankrupt, withdrew the proceedings which he began against Justice Carey to compel the latter to deliver a transcript on appeal in the case of Maynard versus Kaufman. On Monday last Attorney W. G. Schrier, of counsel for Justice Carey, appeared before Judge Fanning at Towanda and moved to have the proceedings which Wilson had instituted quashed, on the grounds that no writ had been issued. Judge Fanning deferred decision in the matter but in the meantime Mr. Wilson decided to withdraw, practically admitting that he blundered in the beginning. In this instance Mr. Wilson pays the costs, backs up and commences over again.

Yesterday afternoon a clerk from Mr. Wilson's office served on Justice Carey another paper which is a writ of alternative mandamus, requiring Justice Carey to deliver his transcript in the case mentioned or appear in court on February 11th, at 9 o'clock in the forenoon and show cause why he should not do so.

The case is now becoming a most interesting one, especially to the members of the legal fraternity, who desire to see it go through the courts and effectually settled. It has, thus far been the consensus of opinion among the attorneys that the entire costs of appeal are justly demandable by the justice before he is compelled to deliver his transcript. In fact, with the exception of Mr. Wilson, there is not a single attorney in the county, who has been heard from, who does not agree with this position.

When Mr. Wilson discovered that he had badly blundered in his first attempt to accuse the attorneys opposed to him of taking advantage of technicality, forgetting that in the first instance he had been guilty of the same charge himself. It makes a difference to Mr. Wilson which ox is gored.

**"THE ARRIVAL OF KITTY."**

At the Loomis Opera House, Monday Evening, February 11.

This well known and successful comedy is to be seen in this city again shortly and lovers of fun, music and melody will have their expectations filled to the utmost. "The Arrival of Kitty" contains a laugh in every line and at every performance of this rattling comedy success, goes off with a snap and a bang and is as joyous and inspiring as a fourth of July celebration. No musical production in recent years has obtained such immense popularity, and it is the only one among the few really brilliant comedy successes to receive the unanimous critical approbation of the New York Press. The cast is a large one and among the principal members may be found such well known stage favorites as Eileen Dunmore, Eddie P. Bower, Vinnie Bradcamp, Hal Johnson, Edythe Bower, Keaton Buel, Effie Pearson, Jas. J. Byrne, Jr., Fred A. Pool, William Heintges. The production is most magnificently staged and gorgeously gowned. Music that is tuneful, songs that are catchy and original, and unique dancing specialty may be looked for. The sale of seats opens Friday at box office.

**Nozzles Returned Yesterday.**

The negotiations which have been pending between the Larkin Shut-off Nozzle company and the borough authorities was closed yesterday when the nozzles which have been here on trial for several months were boxed up and shipped to manufacturers. The borough daddies have determined to try and struggle along without the nozzles.

**Newspaper's Function.**

In addition to presenting the news, the paper serves as a means of communication between the various elements of the community concerning business and domestic requirements. It is the great voice, heard by all. Not to use the advertising advantages of a newspaper in this age is like insisting upon traveling afoot in an era of railroads—Philadelphia Record.
