to be in your home.

Dr. Rishel Delivers Appropriate Address on the Life of Lincoln. Athens-The Patriotic Order Sons

of America had a most delightful meeting last evening. Their hall in the Sanford block was most tastely decorated with flags and other pa triotic devices and the meeting was one of the deepest interest. A .C. Dorn had charge of the program and first called for a patriotic selection which was rendered by the graphophone operated by Jason R. Lord. Dr. E. C. Richel was then introduced and made a very appropriate speech on the life of Lincoln and at the conclusion stated that the Lincoln farm in LaRue county, Kentucky, together with the old log house in which Abraham Lincoln was born was to be perchased and converted into a National park and that they wished contributions made for the purchase of

stock in order to raise the money for that purpose. Each subscriber will receive a souvenir receipt for the rumber of shares purchased containing a picture of the log house in which Mr. Lincoln was born. The shares are 25 cents each and can b procured of Dr. Rishel. Rev. W. A. Kelley was next calle

out and gave incidents in the life and talk referred to several incidents in his life that gave character to his public and social career. Mr. Hill then gave some life-like views on the screen of historic character representing prominent events in the history of this country. Among them as he threw a large view of the battie of Gettysburg on the screen he described the pathetic incident of the soldier, ((Serg't. Hummiston) who was found sitting up against a tree with the picture of his wife and two children in his hands viewing them

as his life ebbed away. The meeting was very interesting and highly enjoyable.
