BOROUGH ELECTION

A QUIET AFFAIR

Contest in the Second Ward, in Which the Prohibitionists Won Out, the Only Real Interesting Event of the Day.

The election in Sayre borough yesterday passed off in a quiet manner and although the voting was light in all of the wards considerable interest was manifested in the result. The candidates on the Republican ticket were for the most part elected, with the exception of the second ward. In this ward the Prohibitionists had lined up for a contest and they won out. The cold water party had placed in nomination a clean set of men and the majority came in under the wire with handsome majorities. The Prohibitionists also made a good showing in each of the other wards, while the Socialists polled a big vote.

In the First Ward I. A. Samuels was elected to the council, and M. H. Sawtelle will sit in the borough school board for the ensuing three years. Robert D. Williams, Prohibitionist, will represent the Second ward in the council, while Uriah Keene, a Prohibitionist-Democrat-Fusionist will perform this service for the citizens of the Third ward. E. M. Mason, Republican was elected to the council in the Fourth ward, and William Walker will be the next member of the school board from that ward. Spencer Brougham was elected assessor in the Fourth ward. William C. Barber secured a flattering vote for auditor and will be the next incumbent of that important office.

The result of the vote in the various wards is as follows:

School Director.	
William C. Walker, Rep.	122
John L. Shea, Dem.	23
Benjamin F. Sutton, Pro.	46
H. A. Griswold, Soc.	31

WASHINGTON'S BIRTHDAY.	
D. A. R. Will Give Entertainment to Raise Funds for the High School Students' Essay Fund.	
An entertainment will be given on the evening of February 22, Washington's birthday, in the library building at Athens, under the auspices of Tioga Chapter, D. A. R. Each year the D. A. R. offer prizes to the two pupils in the high schools of Waverly, Sayre and Athens, who write the best essays on subjects of local interest, and the proceeds of this entertainment will go to the prize fund. The following program has been arranged:	
Piano Solo—"Spinning Song"—Ruff—Mrs. Dunham.	
Reading of eulogy on Washington, delivered by Judge George Richards. Minot, in 1800 in the "Town of Boston." This will be read by Mrs. Bishop from one of the original copies printed at that time and distributed among the citizens of Boston.	
A talk will be given by Mrs. Charles Kellogg of Athens, on our patriotic songs, and these songs will be sung by a quartette of the following ladies: Mrs. Blackmore of Waverly, Miss Corbin, Miss Stinson of Athens, Mrs. Hill of Sayre. A cordial invitation is extended to all to be present. The admission charge will be twenty-five cents. Program begins at 8 o'clock.	
Flagman Seriously Injured.	
Daniel McGee, a popular young brakeman employed on the Lehigh Valley Railroad met with a serious accident at 7 o'clock yesterday morning, having been struck by a passenger engine No. 28 near the iron bridge below Black Creek Junction. He was riding on a train of empty cars running west, and believing the progress of the train to be retarded by a brake which he thought was applied to one of the cars he dismounted to ascertain if the brake was on. He stood on the east bound track, and while in a stooping attitude looking under the car passenger train No. 28 shot around the sharp curve at that point striking McGee on the hip and knocking him under his own train. Conductor George Selwell observed McGee standing on the track as the passenger train approached him. He shouted to McGee and made motions to him to leave the track, but the rumbling noise of the train prevented him from hearing the warning. He sustained a bad laceration of the scalp, contusions of the back and hip and his right foot was so badly crushed that it will probably be necessary to amputate it. He was hurried to the State Hospital, where he lies in a serious condition, although he was resting well last night.	

LEHIGH CONDUCTOR SEVERELY INJURED

William Brougham Fell From Top of Ice Covered Freight Car at Gilbert, N. Y., Yesterday Afternoon.

William Brougham, the well known Lehigh Valley conductor, who resides at No. 230 Spring street, Sayre, fell from the top of a freight car at Gilbert, N. Y., yesterday afternoon, sustaining a fracture of the bone in the right arm above the elbow, a severe strain of the back, and extensive lacerations to the back and head. Mr. Brougham was in charge of extra east-bound freight train, No. 796, and when he reached Gilbert he had occasion to go on top of the cars which were covered with thin coating of ice. It is presumed that he missed his footing and fell to the ground below, sustaining the injuries above described. A caboose and engine were pressed into service and Mr. Brougham was placed on board, reaching Sayre at 5:30 o'clock. His father Spencer Brougham, was at the station with a carriage and took the injured man to the latter's home on Spring street. While his injuries are of a serious nature the attending physicians say that he will recover, although he will be laid up for a considerable length of time.

Since the above was written it has been learned that Conductor Brougham had by agreement with his engineer been called ahead, and had passed over about fifteen cars when he fell. He attempted to grasp the brake wheel, but missed it. Then he made an effort to grasp the side ladder of the car, but was not successful in that. He fell to the west-bound track, and was found there unconscious by the train crew with his head lying across one of the rails. He was picked up just in time to escape being decapitated by a west-bound freight train.

Dr. LaPlant, the physician who was called to attend Mr. Brougham, states that the injury to his back is severe and that it will be a long time before he recovers from its effects. One of the ribs has been torn loose and the entire region of the back is badly bruised.

FLAMES DESTROYED MURRAY'S BAKERY

Early Morning Blaze Consumes Property to the Value of \$2500—Loss Covered by \$2000 Insurance.

At an early hour this morning fire practically destroyed the bakery establishment conducted by W. T. Murray at No. 142 West Lockhart street, and it was only by the indefatigable efforts of the local firemen that the flames were prevented from spreading to adjoining buildings.

The fire broke out shortly before two o'clock and it was discovered by E. O. Reinwald, who with his family resides on the second floor of the Hill & Beibach block. This block adjoins the bakery building on the east and Mr. Reinwald was awakened by the smell of smoke. He dressed hurriedly and investigated, discovering that the interior of the bakery in the rear was ablaze. He turned in an alarm of fire and the firemen responded promptly. Despite the fact that the fire fighters were on the scene within a short time the flames had gained considerable headway and for the next hour a fierce fight was waged against the devouring element which at one time threatened to get the better of the department. As it was the entire rear end of the building was gutted and the bakestuffs in the show cases in the front were rendered unfit for use by smoke and water. Mr. Murray placed his loss on machinery, stock, fixtures, etc., at \$2,500, on which he carries an insurance of \$2,000.

The bake shop proper contained a fine outfit of up-to-date machinery for baking purposes, including a cookie machine, a bread mixer, and Morton egg beater. These were all operated by an electric motor, and this later machine is a complete loss. There were about 25 barrels of flour destroyed and also over 1,000 loaves of bread which were baked yesterday. Several hundred cookies, a large number of cakes and pies, all of which had been baked for today's trade, were also consumed. In fact the entire interior is a total loss, while the rear end of the building is badly damaged.

The origin of the fire has not been ascertained to a certainty. It is believed, however, to have originated from the switchboard to the electric motor, as the flames appeared to break out in the place where the motor and board are located.

Mr. Murray resides in the large wooden dwelling which is located in close proximity to the bakery, and it was feared at one time that the flames would reach this building. Mrs. Murray whose health is not good, fainted when she saw the danger that her home was in, and it was necessary to call for a physician. She is reported as better today.

Mr. Murray has not as yet decided as to the future and will not be able to give out anything for publication until after the insurance company adjusts the loss.

During the progress of the fire, a hot water tank exploded with terrific force, and caused considerable alarm among the onlookers. Fortunately no one was injured.

BROTHERS FORM CO-PARTNERSHIP

John R. Kasper and Joseph Kasper Will Conduct Two Restaurants in This Place.

John R. Kasper, the well known restaurateur of this place, and his brother, Joseph Kasper, who for several years, has conducted a meat market at Pittston, have formed a co-partnership, and will operate two restaurants in Sayre. The former is now conducting a restaurant at No. 110 Desmond street and a year ago last fall opened another well appointed place at No. 226 Desmond street. For several months, however, the latter place has been closed, but it will be re-opened this evening under the management of the new firm.

The members of the new firm are both first-class business men and will conduct places that will in every way merit the patronage of the public.

MINER WITH NAKED LAMP BURNED BY POCKET OF GAS.

Scranton—That a large percentage of the fatal accidents in the mines are the result of carelessness on the part of the mineworker himself, is demonstrated every day. Pierce Mooney, a helper in the National mine, would have been burned to death Saturday night because of his own recklessness had not his driver, Michael Reap, rescued him from peril.

Mooney was about to start the night shift and went back to get his whip which had been left in an inner chamber. There he entered a pocket of gas, which as soon as it struck his naked lamp exploded, hurling him fifteen feet away.

There he was found by Reap, who had him conveyed to the surface. His hands and face were badly burned and it is believed that both eyes are destroyed.

DEATH OF WILLIAM EDEN, THE "IRON FATHER" OF POTTSVILLE.

Pottsville—William Eden, aged 76 years, who was the first to roll iron in the anthracite region of Pennsylvania, having done so at the rolling mill here in 1851, died Monday. He the practical iron industry and was termed in this vicinity the "Iron Father."

Simultaneously John Phillips, aged 70 years, a veteran of the Civil War, was found dead in his bed at his home at this place. He was a prominent G. A. R. man.

L. Y. Co. Generous.

Largeness of the heart has affected the Lehigh Valley Railroad Co. much to the delight of the bonded employees. Heretofore the bonded employees were required to pay the price of securing their bonds. These sum varied according to the responsibility of the position. Now, however, since the company has become so magnanimous an announcement has been made that hence forth the company will defray the expense incurred in securing the bonds. The employees are grateful for this kind act of consideration on the part of the company, as they considered it an injustice to pay for the benefit which the company alone enjoyed.

MADE INSANE BY SIGHT OF A NEGRO.

Italian Emigrant Who Had Never Before Seen a Black Man, So Badly Frightened That He Has Lost His Reason.

Shenandoah—An Italian immigrant, Dominick Melick, who came to Shenandoah from Italy last Saturday, is violently insane at the home of a friend here. The friends of Melick say he was in perfect health and of sound mind when he left for America, but a negro whom he saw on the steamer so frightened him that his mind became unbalanced. He had never seen a colored man. Drs. Roberts and Kistler examined him and diagnosed his case as acute mania. He will in all probability be removed to an asylum.

WAGE ADVANCE FOR 60,000 MEN IN COKE REGION.

H. C. Frick Company Posts Notices of Intention to Raise the Pay of Its 21,000 Employees and Other Operators Will Follow.

Connellsville—An advance in wages that will directly affect 21,000 men and mean the paying out annually in the Connellsville region of nearly 1,500,000 more than hitherto, was announced Monday by the H. C. Frick Coke Company. The new scale becomes effective March 1. It provides for an increase of 12 1/2 per cent, for building, 10 per cent, for drawing coke and 10 cents a day to drivers, rope riders, cagers and track layers, with a proportionate raise for other classes of labor.

The notices announcing the advance were posted throughout the two coke regions Monday. The raise came as a surprise and makes the coke workers of western Pennsylvania the highest paid laborers of their class in the world.

The advance announced by the Frick Company will, it is said, be followed by every other coke company in the Connellsville, lower Connellsville and Greensburg regions, and over 60,000 workmen will be benefited. With the advance no increase has been made in company rents. The average house rental is less than \$8 a month, and the miner and coke worker is now making more than the bookkeeper and high-class clerks.

HOTEL OPENING THIS EVENING.

M. J. Farrell Will Greet His Friends at the Brundage House Tonight.

M. J. Farrell, who recently assumed management of the Brundage house on Thomas avenue, will formally open that hostelry this evening and from present indications a large crowd will be present. The license has been transferred and Mr. Farrell will personally see that his guests are served with the best that the season affords. A lunch consisting of roast pig, with other appropriate dishes will be served and everybody is invited to attend.
