Two Highly Interesting Sessions Were Held in the Court House Yes-

The fourth annual session of the Association convened in the main room of the court house at Towarda esterday afternoon at 2 o'clock. After the inaugural address by the

president, the question as to what extent the State should support and control the schools was taken up and discussed. County Superintendent H. S. Putnam, in an eloquent address, pointed out how the schools would be benefited by having the State take that chaften He conteded that the full chafge. He conteded that the present system was weak and that, therefore, it made the compulsory attendance law unnecesary. He urged that the directors advocate the appropriation of at least \$15,000,000 for the benefit of the schools of Pennsyivania. This appropriation would equalize the school taxes of the various townships and boroughs by distributing money according to the number of pupils. Each district would receive the money according to the number of the pupils. Each district would receive the money according to its assessed valuation

In the discussion that followed many points were brought out which would go to show how the schools would be much improved if the State were in full control.

Many other important question were discussed by the directors. among them being the effects of the new primary law. An evening session was held at which the girl's chorus of this city, has entered the campaign of the high school rendered several against the repeal of the compulsory selections which were heartily ap-
