kinds of apparatus in use, the merits of different methods and devices, and the economy of the block system and ts value as a safeguard for lives and roperty. No effort is made, however, o decide which is the best of the various kinds of apparatus, nor does the ommission urge that the automatic ystems be demanded at this time.

A pathetic case has developed in West Scranton, where Prof. Daniel Straub, for a number of years a respected school teacher, was arrested at the instance of his wife, charged with non-support. Straub is mentally unbalanced, though perfectly peaceable. At the police station he supposed that he had been taken into ustody for kissing his child and kept repeating the words, "Like Paul,
