The wedding a half century ago was a double one, Mr. Cornelius Hunsiker and Mary Horton and Mr. Charles Porter and a sister of Mrs. Hunsiker being married at the same time. Mr. Porter resides in Albany, N. Y., and is in poor health and was not present yesterday. The celebration was one very appropriate and being quite enjoyable from its reminiscences of the past. A committee from the Patriotic Order of America made a visit to Perkins Post Saturday afternoon and in behalf of their order invited the veterans to become members of their organization under a recent ruling that permits them to do so without any financial obligation from such membership. The P. O. S. of A. are more fully in accord with the principles of the G. A. R. than any other at the present time and they wish to become familiar with the aims of the veterans so that they may be able to take up the work when the veterans are no longer able to do it. They were very gladly received and their wishes will receive consideration by the Post. Files! Files! Files! Dr. Williams' Indian File Ointment will cure Blind, Bleeding, Ulcerated and Itching Piles. BOROUGH COUNCIL

MEET SATURDAY NIGHT.

Closed Up Business For Year and Exonerated a Large Amount of Taxes.

Athens—The old borough council held their last meeting Saturday night to close up their business for the past year. Every member was present and after paying bills they gave their attention to the exonerations that Collector A. E. Bressler has presented for allowance the present year. The amount was \$165.00 and there was some discussion over it but they were finally allowed. Among the number is the tax on silk mill, amounting to \$48.00 which by the terms of an agreement when the mill was built was to be exonerated for ten years. This term has not yet expired. Other items were on unoccupied property and liens have been entered against the property and the tax will be collected by sale.

The fourth ward hose house has not yet been accepted on account of the contract not being fully completed and \$25 is held back until that is done. The wiring has not yet been tested by the electrician and there is yet some outside painting to be done when the weather will permit.

The borough finances show that the expenses were about \$2,000 above the receipts on general fund and there was a balance of about \$3,500 over on other accounts. The secretary reported that he had received \$200 from the trolley company on account of past year's tax. No other business the council adjourned to Monday evening when they will close up the records and turn over the business to the new council who will be sworn in at that time.

Scenery and the Play.

It seems to us that managers, audiences and critics attach rather too much importance to the matter of mounting. We never knew a really poor piece to be saved by the scenery. —Stage.

Beard Must Be a Nuisance. A Tunbridge Wells (England) man named Latter claims to have the longest beard in Europe. It is 16 feet long, and is wound round his body like a thick rope. He is 77 years old.

Volume of Immigration. If the immigrants landing in New York city during the last year had come at the same time it would have required a fleet of 1,121 vessels, each one carrying 1,000 passengers.

TEACHERS' INSTITUTE

WELL ATTENDED.

High School Hall Was Filled to Its Capacity on Saturday Evening.

Athens—The afternoon session of the local teachers' association Saturday filled high school hall to its fullest capacity. All wanted to listen to Mrs. Murray's paper on the Connecticut Claims. The subject is one that gave so much trouble to the pioneer of this valley, costing many valuable lives and wearing out one whole generation. We were not able to hear Mrs. Murray's argument from where we sat and so cannot give its leading features, but its subject matter is one that every person in this valley should become familiar with. We are satisfied that the impartial student of history will always be convinced that the Connecticut Claims were founded in justice as they antedated the proprietors nearly two decades and that the system of jugglery that overturned them and put the settlers to the expense of paying twice for their lands was an act of injustice that has never been atoned for. We of this valley have an added interest in the matter from the fact that Col. John Franklin, the leader of the Connecticut claimants resided here and lies buried in the Walker cemetery on the east side of the Susquehanna river. Col. Timothy Pickering, his opponent afterwards became prominent in national affairs and held a cabinet office under President Washington.

"Penmanship, Aims and Methods," was the subject of a paper read by Miss Anza Keefe. After discussions by others Mr. Humphries of Towanda stated that a prominent reason why the results were so unsatisfactory was that there had been so many changes in systems. He said that teachers should equip themselves with some practical manual and follow out its suggestions. He recommended the Magazine of Modern Writing published by W. A. Whitehouse of Boston. Supt. Putnam said that he had found a better standard of writing in the Athens schools than anywhere else.

Mr. Putnam then gave examinations in the theory of teaching after which the meeting adjourned.
