### SNADER HELD FOR MURDER. Prisoner Feels Much Concern for Care

of His Chickens and Dog. York-Solomon Snyder was given a hearing Monday before Alderman

dering Samuel A. Weaver. A number of witnesses were heard. including Theone Thiel, the betrothed sweetheart of the murdered man, and

Snyder was held for the action of the Grand Jury on the charge of murder. The prisoner apparently, is very

little worried concerning the charge which has been brought against him. He has written a number of letters to his wife, begging her to visit him at the county jail. He makes no mention of the killing of Samuel Weaver, but seems to be more concerned about the care of his chickens and dog.

Frank E. Wood, Representative. News and advertising matter may be left at Gregg's Racket Store, Wav-

VILLAGE TRUSTEES

MAKE UP BUDGET.

Recommend Expenditures for the Com ing Year-Treasurer Reports-Call Election for Murch 19.

Waverly-The Village Trustees held meeting last evening-the last regular meeting of the present board. The treasurer's report was read, and master. Fred Appelgate, editor of the showed an expenditure of \$37,764.34 and that the sum of \$35,061.12 had toast and was in amost happy mood the same kind, putting a five-cent-perbeen paid in. This leaves an apparent deficit of \$2,703.22, but such is not ent. The principal toast was given was before the Legislature, that such the case, as there is due the village by Marshall A. Hudson of Syracuse, a move would react directly on the on the sprinkling tax, and pavements the founder of the society. He gave and from the W. S. & A. Traction Co. a very interesting account of the a sum that will nearly wipe out this founding of the Baraca that was tsartamount. Then the village has during the past year, purchased two sprinkling carts at a cost of \$700 that are to include over 200,000. permanent additions. So when the sums due the village are paid, there really was no falling behind on the vear's business.

The following apropriations for the coming year were recommended: Lights \$4,000: hydrants \$2,600: for streets \$5,000; police \$2,220 fire department \$400; police justice \$500; clerk \$200; assessors \$250; printing and stationery \$200; board of health \$400: fuel and care of public build ings \$500; interest on bonds \$1,400 bonds \$2,600; sidewalk rebates \$3,500 R. A. Packer Hospital \$300: general \$3,000. The matter of the action of Martha Hungerford against the vil lage and village officials personally was considered, and the president authorized to defend the suit.

An election for the purpose electing the village officers for the ensuing year was called for Tuesday March 19. To be held at Stone's hall from 2 a. m. to 6 p. m.

WILL NOT TAKE TRACKS

FROM CHEMUNG STREET.

W. S. & A. Traction Co. Has With-

Waverly-A communication has been received by F. A. Bell, Esq., from CITIZEN'S TICKET HAS S. Kennedy, secertary of the New York State Railroad Commision to the effect that the W. S. & A. Traction Co. has withdrawn its applicaion to remove its tracks from Chenung street between William and Broad streets, and that the matter has been closed on the files of that office. This is a case of a victory for Wayerly, won without cost, and is a benefit to the village in more ways than one Not only does it preserve an accomodation to the people who live on that part of the street car line or have occasion to travel over it, but it also leaves that much more taxable property in the village which would have been lost had the track been torn up.

### CAN VOTE FOR THREE TRUSTEES WHATEVER THEIR POSITION. RISKED HIS LIFE

That Two Names Are Opposite on Ballot Does Not Preclude Voting for

Waverly-There seems to be some dissappointment among some of the voters because the names of E. E. Walker, Democratic nominee for trustee has been placed opposite to that of Dr. L. S. Betowski, the Republican nominee. They express themselves as desiring to vote for both of these candidates, and their dissappointment arises from the fact that they have the impression that because of the position that their names occupy on the ballot that they cannot vote for both. This is not true in any sense. A voter has the right to mark three of the names on the ballot without regard to whether they are placed opposite each other or not. The three andidates receiving the highest number of votes are the ones elected and this would be true even if they were drawn its Application for Permis. candidates on three different tickets, and all occupied the same position in their respective columns.
