 Monday evening as Mrs. von Tobel struck a match to light the gas jet she set fire to the portiere hanging in the doorway between the sitting room and dining hall of their residence and it smothered several moments and finally broke out in a blaze which would have made a serious conflagration had it not been discovered at once. She was not aware of the conditions and had passed into another room but on returning she found suffocating smoke in the passage way and that fire had already communicated with the wood work. The fire was soon subdued but the door casings are charred and the curtains were destroyed.
 They Were Surprised.
 Athens—Mr. and Mrs. C. Vanness of North street, were surprised last evening by a number of their former neighbors on Frederick street, and Welles avenue. They are to move to Nichols the latter part of this month and the visit of their friends was a farewell nature. The company presented their host and hostess with a set of silver knives and forks, and two milking stools. Light refreshments were served and all had a very enjoyable time.
 Looking Back.
 Thomas Hudam, after careful studies, declares that the average man of 50 looks back on 12,250 days lived awake and 6,212 asleep. To work, 6,348 days have been devoted, but to pleasure only 4,192. Disease has claimed 600 days and slight indispositions the same number.

 Nervous Amateur Lecturer (who has just received a message from his lantern man that the oxygen for the limelight will last only five minutes longer)—And now, ladies and gentlemen, I must conclude, as my gas is giving out.—Harper's Weekly.

SWETTENHAM RESIGNS.

Governor of Jamaica, Unpopular, Declines to Leave Island.
 LONDON, March 9.—The resignation of Governor Swettenham of Jamaica has become an accomplished fact, and he will leave that island as soon as his affairs can be arranged.
 Sir Alexander Swettenham has not been popular with the colonial office since the earthquake in Jamaica, at which time his cavalier treatment of Rear Admiral Charles Davis, U. S. N., who was sent by the United States to aid the stricken city of Kingston, created an international episode. Admiral Davis' presence in Jamaica displeased Governor Swettenham, and he wrote

GOVERNOR SWETTENHAM.

the admiral what Americans would call a very "fresh" letter, requesting him none too politely to go away at once. The American admiral went. As soon as Governor Swettenham's action became known in London the British government apologized to the American government, disavowing Swettenham's act. Later Swettenham himself apologized to Admiral Davis. Now his retirement finally closes the incident.

Troops Guard Judge Carnes.
 LEXINGTON, Ky., March 9.—Accompanied by a company of the state guard from Lexington and a portion of the Frankfort battery, Judge William Carnes went to Jackson today to preside at a special term of court to try Judge James Hargis, charged with the assassination of Dr. B. D. Cox. In case of the anticipated courtroom fight it is believed Judge Hargis, his attorney, W. A. Young, and Prosecuting Attorney A. Floyd Byrd may be killed. Byrd said that he would be killed if such a fight occurred. The town of Jackson, he said, is full of excited mountaineers.

PASSED SERVICE PENSION BILL.

Senator Roberts of Montgomery was the One Who Voted Against It.

Athens—The Pennsylvania Senate passed the service pension bill introduced by Senator Cochrane of Lycoming giving pensions of from \$5 to \$10 a month according to their length of service Monday by a vote of 42 to 1. Senator Roberts of Montgomery county was the only one who voted against it. This bill if it passes the house and is approved by the governor will become operative January 1st 1908, and applies only to soldiers of the civil war who enlisted from Pennsylvania in Pennsylvania regiments and are now residents of the state. It will be a much needed relief to many of the civil war veterans who now are on the verge of starvation. The general pension law contemplated a more liberal provision for the disabled veteran than he has ever been able to receive, on account of its provisions being hedged about with rulings and interpretation that make it inoperative in the most necessary cases. Many of these comrades who served at the post of duty were not inclined to go to the hospital every time they got wounded or suffered with sickness and as a consequence they have no hospital record on which to base their claim of disability. They came home and engaged in the active struggle for a living and did not ask for pensions until they were completely broken down in health and when they applied for pensions they could not prove up their claim on account of the death of witnesses who knew of their disabilities. The government designed to provide a liberal pension for them but the laws are so hampered with "rulings" and restrictions that they can get no relief. They are struggling on with a precarious existence trying to live on the pittance allowed them and it is a hard tussle for them. It is a grand thing for the noble old commonwealth of Pennsylvania to come to the rescue and we hope that the House will speedily approve of the bill and that Governor Stuart will sign it at once. Every veteran will thank them if they do it.
