### REMAINS BROUGHT HERE FOR BURIAL.

#### Railroad Man Who Died in St. Louis Buried in Sayre.

The remains of Elmer E. Kirkland, whose death occurred at St. Louis on March 5th, arrived in Sayre last night and were taken to the undertaking rooms of J. W. Grunnie, at which place short funeral services were conducted by the Rev. J. F. Warner, pastor of the Methodist church, at two o'clock this afternoon.

The deceased was employed in St. Louis as a railroad man and at one time worked in Elmira. He is survived by his mother, Mrs. Jane Kirkland, who resides near the State line, one sister, Mrs. Leroy Smith, and two brothers, George and Frank, who reside in this place.

Mr. Kirkland met with an accident in the railroad yards at St. Louis and sustained injuries which proved fatal. He was held in high respect by his fellow railroaders. He was a member of the Red Men and of the Switchmen's Union of North America. P. Sweeney, a representative of the Imp. O. R. M., and T. J. Sullivan of the Switchmen's Union, accompanied the remains of the deceased to Sayre. A number of local Red Men and employees of the Lehigh attended the interment this afternoon.

### SCHOOL DIRECTORS MET LAST NIGHT

#### Large Number of Bills Were Paid Including Teachers' and Janitor's Salaries.

The Sayre school directors held their regular monthly meeting in the High School building last night. Thompson, Whittle, Maddock, Cook, Balts and Hutchinson answering to the call of the roll. With the exception of paying a large number of bills, and listening to the report of the treasurer and superintendent, there was but little business for the board to transact.

The following bills were audited and ordered paid:

D. Clary	\$51.50
J. F. Stetler, express	2.25
Allan & Bacon, books	11.00
American Book Co.	15.34
Ginn & Co.	2.40
W. J. Johnson	3.12
G. L. Roberts & Co.	2.60
J. M. Ashton	10.33
J. W. Bishop	58.00
Bolich Bros.	17.00
Maynard, Merrill & Co.	5.00

The treasurer's report showed that up to the first of the present month there had been received the sum of \$39,990.55, of which amount \$29,058.26 has been paid out, leaving a balance of \$1,941.33. Since the first of the month, however, there has been paid into the hands of the treasurer the sum of \$88.54, making a balance of \$2,029.87 now in the hands of that official.

The application of Miss Mary E. Smith for a situation as a teacher in the Sayre schools was read and placed on file.

Directors Thompson, Balch and Shelden were paid their allowance of two dollars per day and mileage for attending the recent meeting of the school directors at Towanda. Mr. Thompson was in attendance two days while Balch and Shelden were at the meeting one day each.

The teachers', janitors' and officers salaries were ordered paid, and the board then listened to the report of the superintendent. The report shows that the attendance has been rather irregular during the past month, which is largely accounted for by sickness.

### FRIENDS GAVE HIM PLEASANT FAREWELL.

#### John Weiss and Wife Presented Umbrellas by the Former's Shopmates.

A large number of boiler makers and machinists gathered at the Park hotel last night to say farewell to John Weiss, formerly general foreman of the Sayre Lehigh Valley shops, and who has been a respected resident of Sayre for the past twenty-five years.

John McNamara of Athens, acted as spokesman for the party, and in a neat and appropriate speech presented Mr. Weiss a handsome gold mounted umbrella. Mr. Weiss was also given an umbrella for his wife. Mr. Weiss leaves Sayre to go to the New York, New Haven & Hartford Railroad Company, where he has been offered a fine position under E. T. James, who was formerly superintendent at this place. He has many friends who will regret his leaving Sayre but who will wish him all kinds of prosperity in the future.

### Tired of Married Life.

Three more Bradford county couples they become tired of sailing over the uncertain and oftentimes unhappy pond of matrimony, and as an oil for the troubled waters, they seek the divorce courts and future happiness. On Thursday subpoenas in divorce were awarded in the following cases: Sarah White vs. Willis White, Marion Smith vs. Ella Smith, Ralph Whitmiller vs. Margaret Whitmiller.

### DID NOT HAVE ENOUGH FOR MARRIAGE FEE.

#### Embarrassing Position of Plymouth Couple.

With but seventy-five cents in his pocket Harry Obitz, of Plymouth, barely past 21 years of age, had the nerve to stand up in the marriage license office of the court house recently and be married to Miss Leona Eddy, a pretty girl of the same town, aged about a month junior.

The couple unobtrusively entered the marriage license office shortly after 10 o'clock in the morning. They were accompanied by an elderly woman named Mrs. Davis. With some hesitancy the young man informed Miss Battle, the marriage clerk, that he would like to secure a license.

It took but a few moments to prepare the necessary paper, on which Obitz swore he was a laborer and Miss Eddy that she was employed as a mill hand. They then announced that they were desirous of getting married immediately, and in compliance with their request Alderman Masterson was summoned.

The marriage ceremony was brief. Both bride and groom stood solemnly before the alderman, while he slowly and impressively spoke the words that made them husband and wife. For the occasion, the bride, who is a pretty blonde, wore a dark hat with a white veil over it, and a long gray coat. Her fiancé was attired in an ordinary brown suit.

After the ceremony, the groom asked how much was the charge to which the alderman replied, \$5.

"Five dollars," queried the young man, rather dumfounded.

"That's the legal fee," responded the alderman rather nonchalantly.

"Well, I've got only 75 cents," responded the boy.

"Seventy-five cents," replied the alderman in amazement. "How dare you get married without any money? How do you propose to support this woman?"

The boy then mumbled a few words, after which the alderman inquired whether he could get the money by evening. The boy replied that he did not know whether he could, and that his mother had the remainder of his money.

"Well, you will have to pay the fee before you will get the certificate. It is not right that you should marry if you haven't got enough money for the license. I will leave the certificate with Miss Battle and when you have the money you can get it."

That closed the incident and the couple left the room rather disheartened at their first venture on the matrimonial sea.

### ALLEGED DYNAMITERS CAUGHT AFTER 2 YEARS.

#### Run Down by State Police and Held for Blowing Up Church.

Wilkes-Barre, Pa.—After a search of two years, Peter Savage, one of the two men accused of dynamiting the Welsh Baptist Church at Edwardsville, across the river from this city, was captured Wednesday by a squad of the State constabulary, and another squad is searching for John Carnowski, who is said to have had knowledge of the crime, was also arrested.

Carnowski and Savage disappeared soon after the dynamiting, and evidence against them was given by Mrs. Joseph Ruzinski, with whom they were boarded. The police have been looking for them since. They returned to the region a few days ago.

It is asserted that they were paid to dynamite the church by men who wanted revenge because the pastor, the Rev. T. C. Edwards was active in the anti-saloon movement.

Mr. and Mrs. J. R. Elbert of Uster, celebrated their first wedding anniversary Thursday, March 7th. The friends present were Mr. and Mrs. Ray Allen, Towanda; Mrs. R. N. One of the most effectual ways to adjust oneself to the increased cost of living is to lop off some of the vices that take so much cash each week. When the nine dollar a week young man spends four dollars a week for cigars, trolley fares, theatre plays and drinks he may expect to find the effort to make both ends meet a severe strain on his energies.

The members of the Sayre W. C. T. U. extend a cordial invitation to the officers and members of the Prohibition club of Sayre to attend a reception given by them at the East Side hose house Friday evening, March 8 at 8 o'clock. The families of each are also included, and all interested in temperance work. We hope every member of the W. C. T. U. will be present.

### Railroaders Pleased.

Railroad men in general are highly elated over the great success of the La Follett Bill, which received President Roosevelt's signature on Monday, making a 16-hour day as the limit, with eight consecutive hours for rest, as well as designating 9 hours as the work day for railroad telegraphers. It has been a long and bitter fight, but as is always the case, justice must win eventually. This complete victory should be a mighty factor in doubling the membership of the various brotherhoods, which have labored so faithfully for this prized legislation.

### Has Hiccoughs For Six Weeks.

Miss Maggie Major, a well known and highly respected young lady of Ellengowan, Schuylkill county, has been suffering for the past six weeks with hiccoughs and although she has received treatment from four different doctors in different sections of the county, up until the present time, she has not been relieved. A remarkable thing in connection with her case is that she can go to sleep at night and rests well, but as soon as she awakens the hiccough starts again. Every known remedy to the medical profession has been tried without success.

### LOST IN THE BLIZZARD.

#### Travelling Man Had Exciting Experience on Tuesday Night.

While driving from Monroeton to Towanda on Tuesday night of this week, a traveling salesman was overtaken by the blizzard which raged in this section for a couple of hours before midnight. In the darkness and blinded by the fury of the storm, the horse which he was driving strayed from the road and half an hour later was brought to a stop by coming in contact with a fence.

The lone traveler needed but one glance at his surroundings to know he was "up against it" and there was but one thing to do and that was to wait until the storm moderated. The night was bitterly cold and he had been seated in the carriage but a few minutes when he decided to yell a few words in hope of attracting attention if any houses were near by.

His calls for help were answered by a man who came from somewhere out of the darkness and storm, lighting his way with a lantern. The rescue was effected in good shape, and the rescuer would not volunteer to accompany the traveler back to Monroeton or on to Towanda, the man remained as a storm-stayed guest at the country home of his life saver.

### CANDIDATES MUST FILE CERTIFICATES.

#### It is a Misdemeanor For Failure to Comply With This Provision of the Law.

Candidates for office at the recent borough election should not fail to remember that they must file with the prothonotary a certificate of expenses in compliance with the Act of March 5, 1906, which requires all candidates whether elected or not, to certify to the amount it cost them to conduct their campaign. Local justices have been supplied with the blanks for this purpose and candidates should remember that it is a misdemeanor not to comply with the law. Certificates must be filed within 30 days after the election.

### The Best Way Out of It.

Henry Horton will be seen this coming season in "Snug Harbor," the great sea coast play which comes to the Loomis opera house tomorrow afternoon and evening tells of an amusing experience that he had with an umbrella borrower. It seems that one rainy day a friend had stopped in and borrowed his umbrella. It was not returned. The next rainy day Mr. Horton called on the party, but met him at the door just going out with Horton's umbrella in his hand. "I've come for my umbrella," explained Horton. "Can't help that," responded the borrower. "Can't you see I'm going out with it." "Yes I do," replied Horton, dumfounded at the man's impudence, "but what am I to do?" asked Horton. "Do," replied the other as he started off. "Do—do—as I do, borrow one."

### Fine Entertainment.

An excellent home talent cast presented "The Honor of a Cowboy" at the Loomis last night to a large audience. The entertainment was for the benefit of the Wheelock hose company and that organization will realize a handsome sum from the proceeds.

The play was very capably handled by the various members of the cast and the applause was frequent. It would occupy too much space to give every one of the characters special mention, but suffice to say that they handled their parts with the cleverness of professionals.

### Late Winter Economy.

Lehigh Valley trackmen in this vicinity have been notified that their services will not be required on Saturday afternoons during March, or virtually a nine hour day for the month in another form. The men do not take kindly to the idea, many of whom, it is said, are only waiting until spring arrives to procure better paying positions elsewhere.

### Employes on Reduced Time.

Plumbers, painters, carpenters—and section men in the employ of the Lehigh Valley Railroad Co., are working but five days a week until further notice. This order went into effect on March 1st and is due to the desire of the company to curtail expenses as much as possible at the present time. The affected employes are laid off on Saturday.

### BLACK EYE TO MAIL ORDER COMPANIES.

#### Federal Court Decision of Interest to Merchants in This County.

Mail order houses, with which many persons in this section do business to the detriment of their own local communities, have received a black eye from a federal judge in South Dakota the other day, a fact which ought to interest merchants in this county generally, who are annoyed by competition from the catalogue houses. South Dakota merchants resolved not to buy from wholesalers who sold to mail order houses, and a big house in Chicago appealed to the courts, charging that the agreement was illegal.

United States District Judge Carland decided that merchants have a legal right to boycott such wholesale houses. If the merchants in other states were to boycott the dealers who sell to these houses it would not be long before the mail order houses would find themselves without customers. We recommend to the merchants of Sayre that they give this matter careful attention.

### Suit for Damages.

John and Elizabeth Crawford, of Wilkes-Barre, have started a suit in trespass against the Lehigh Valley Railroad Co., seeking to recover \$25,000 damages for the death of their son, John B. Crawford, aged 10 years. The boy died in Mercy hospital on Jan. 15, 1907, from injuries received at the Hazle street crossing. He was riding on the rear end of an extra street car, and when a collision occurred between the street car and a Lehigh Valley freight train the boy was fatally injured. The plaintiffs contend that the accident was due to the negligence and carelessness of the employes of the Lehigh Valley Co. in charge of the freight train.
