ATHENS BRIEFS

PASTOR BE RETURNED.
The Methodist Church at Athens Has Made Steady Progress Under Dr. Simpson's Pastorate.

Athens—The Methodist church in this place has had a very great influence in upholding the moral standard of christian work in the community and as the official year is drawing to a close it is a fitting time to cast our glance backward and take a review of the instrumentalities that have contributed to its success. Within the past few years we have seen a large increase in its membership and these have come from that class of society that adds dignity and influence to their ranks. The moral elements of any community are measured by the religious standard of its professing church members. For this reason every person in the social and business channels of the town are interested in everything that contributes to this result.

In conversation with many of the members of the Methodist church we find that they feel that most of their success has been brought by the faithful work, earnest zeal and untiring energy of their pastor, Rev. Dr. W. G. Simpson. Feeling that they are very desirous that he should be returned to the Athens charge next year and we have been requested by several of their most prominent members to voice their sentiments and to ask that the proper steps may be taken to request of the Quarterly Conference that the Presiding Elder, Rev. Dr. Dresser shall use his best efforts and influence to have Dr. Simpson returned as pastor of the Athens church.

Yesterday afternoon at about three o'clock two young men were met by tramps as they were coming down the railroad tracks near the tannery and were struck down and robbed of all the money they had amounting to something like one dollar. A friend interferred and they drew a gun on him and soon after jumped a freight train and escaped. They have been on the track of the robbers but have not yet succeeded in capturing them.

They will appear at High School hall Monday, March 15.

ORDINANCE NO. 24.

AN ORDINANCE granting to the Sayre Electric Company, a corporation of the State of Pennsylvania, having its principal office in Sayre Borough, its successors or assigns, the privilege of erecting and maintaining poles, wires, cables, and conductors of an electric lighting, heating and power system, over, under and along the public streets, avenues, lanes, alleys, and public grounds within the Borough of South Waverly, County of Bradford and State of Pennsylvania.

Be it enacted by the Burgess and Town Council of the Borough of South Waverly, and it is hereby enacted by the authority of the same:

Section 1. That the said Sayre Electric Company, its successors or assigns, is hereby granted the rights and privileges of erecting and maintaining poles, wires, cables and conductors over, under and along the public streets, avenues, lanes, alleys and public grounds, within the corporate limits of said Borough, as they now are or shall be hereafter extended, for the purpose of supplying light, heat and power to said Borough and its inhabitants for illuminating, heating and mechanical purposes, by means of electrical currents, and to operate, use, maintain repair and extend the same over, under and along the public streets, avenues, lanes, alleys and public grounds in said Borough and for the purpose aforesaid to make all necessary excavations for poles, etc., in any and all of said streets, avenues, lanes, alleys or public grounds at any and all times, under the following terms and conditions.

Section 2. All poles shall be of good sound cedar or chestnut, reasonably straight and properly shaped, and shall be set inside the curb line at such points as shall be designated by the Street Committee of the Borough Council.

Section 3. All wires used shall be of first class quality, properly insulated, same to be properly stayed and maintained, and where strung on poles said poles shall be of sufficient height and the said wires shall be strung at such height above the ground as directed by the Street Committee of the Borough Council.

Section 4. All poles, wires, cables, appliances, structures and erections of every kind used or employed in, upon or over any of the streets, avenues, lanes, alleys or public grounds within said Borough for the purpose of the distribution of electricity under this ordinance, shall at all times be kept and maintained in good and proper order and repair and in a safe, suitable and proper condition.

Section 5. The said Sayre Electric Company, its successors or assigns, shall at all times hereafter save and keep harmless the Borough of South Waverly from any and all suits, actions, damages, costs, counsel fees and expenses of every nature and kind by reason of the rights and privileges hereby granted.

Section 6. The said Borough shall have during the term of this franchise, without charge therefor, the right to use the poles of the said Sayre Electric Company, its successors or assigns, for police and fire alarm wires, without hindrance or molestation, using for the said purpose the uppermost portion of the poles.

Section 7. Should the said Company, its successors or assigns, at any time decide to place its wires, cables or appliances or any other part thereof underground it shall have the right to construct the necessary underground subway or conduits in, under, on or across the streets, alleys, lanes, avenues and public places within the said Borough for said purpose. Said work to be done under the direction and supervision of the Borough Council and the streets, lanes, alleys, avenues and public grounds of said Borough shall be placed in as good condition after the work has been done as they were before, and in case the said Company, its successors or assigns, fail to clean up the said streets, avenues, lanes, alleys or public grounds or make necessary repairs, in that case the Borough shall have the right to do said work, and collect the cost thereof, with all costs, expenses and counsel fees, from the said Company, its successors or assigns.
